

Engagement of diverse communities – Medium Priority			
Issue Statement: Efforts are needed to engage and build relationships with communities that have been under-represented in past BCWMC planning, programs, and projects.			
Desired Future Condition	Goal (10-year)	Strategy, Action, or Task (some potential examples; highlight = new activity)	Notes/Timeframe/Discussion Items
All communities, and especially those under-represented in the past, are positively engaged in relevant BCWMC activities and operations	Establish and maintain relationships and communication avenues with previously under-represented communities including annually attending and participating in meetings with Harrison Neighborhood Association, Northside Residents Redevelopment Council, Native communities, and/or others.	<ul style="list-style-type: none"> <li>- Identify diverse, minority, and previously under represented communities and their representative contacts</li> <li>- Develop and implement plans for an engagement, communication, and relationship building</li> <li>- Regularly submit communications to neighborhood newsletters or other publications</li> </ul>	
	Seek, consider, and respond to input from all relevant communities as part of the BCWMC’s plans, programs, and projects.	<ul style="list-style-type: none"> <li>- Annually attend meetings or events in diverse, minority, or underserved communities</li> <li>- Provide BCWMC communication materials in multiple languages</li> <li>- Cooperate with Metro Blooms on implementing projects and programs in environmental justice communities</li> </ul>	

Recreation Opportunities – Low Priority			
Issue Statement: Opportunities to protect or enhance recreational use of, and access to, natural resources in the watershed may be lost without proactive consideration by the BCWMC and its partners in their activities.			
Desired Future Condition	Goal (10-year)	Strategy, Action, or Task (some potential examples; highlight = new activity)	Notes/Timeframe/Discussion Items
Recreational uses and access are maintained or enhanced, as	Maintain existing recreational uses of, and access to, priority waterbodies.	<ul style="list-style-type: none"> <li>- Inventory/list priority waterbody recreation access/functions (i.e., what will be maintained)</li> <li>- Provide technical and other support for city and partner projects impacting recreational access to/use of priority waterbodies.</li> </ul>
