Environmental Education Grants Program	Environmental & Education	All States	US EPA	Federal	Under the Environmental Education Grants Program, EPA seeks grant proposals from eligible applicants to support environmental education projects that promote environmental awareness and stewardship and help provide people with the skills to take responsible actions to protect the environment. This grant program provides financial support for projects that design, demonstrate, and/or disseminate environmental education practices, methods, or techniques. Since 1992, EPA has distributed between \$2 and \$3.5 million in grant funding per year.	Eligible applicants include local education agencies, colleges or universities, state education or environmental agencies, nonprofit organizations, or noncommercial educational broadcasting entities.	A total of approximately \$3 million is expected to be available. Maximum grant awards of \$100,000. 25% match required and 25% of grant award must be distributed as sub-grants of not more than \$5,000.	January 6, 2020	<a href="http://www.epa.gov/education/environmental-education-ee-grants">http://www.epa.gov/education/environmental-education-ee-grants</a>	Megan Gavin, U.S. EPA, Region 5 Grants Management Section (AT-18J) 77 West Jackson Boulevard Chicago, IL 60604-3507 gavin.megan@epa.gov
National Ground-Water Monitoring Network	Groundwater	All States	USGS	Federal	The Groundwater and Streamflow Information Program of the USGS is offering a two-year cooperative agreement opportunity to state or local water-resources agencies that collect groundwater data to participate in the National Ground-Water Monitoring Network. The USGS is working with the Federal Advisory Committee on Water Information (ACWI) and its Subcommittee on Ground Water (SOGW) to develop and administer a National Ground-Water Monitoring Network (NGWMN). This funding opportunity is to support data providers for the National Ground-Water Monitoring Network.	State and local water resource agencies	The funding available for this program is expected to be up to \$1,800,000. Individual applications are restricted to a maximum annual funding level of \$300,000.	January 17, 2020	<a href="https://www.grants.gov/web/grants/search-grants.html?keywords=2020%20ground-water%20monitoring%20network">https://www.grants.gov/web/grants/search-grants.html?keywords=2020%20ground-water%20monitoring%20network</a>	Sara Roser (703) 648-7357 srosler@usgs.gov
Five Star & Urban Waters Restoration Program	Natural Resources/ Habitat Protection	All States	National Fish and Wildlife Foundation	Non-Federal	The Five Star and Urban Waters Restoration Grant Program seeks to develop community capacity to sustain local natural resources for future generations by providing modest financial assistance to diverse local partnerships focused on improving water quality, watersheds and the species and habitats they support. Projects include a variety of ecological improvements including: wetland, riparian, forest and coastal habitat restoration; wildlife conservation; community tree canopy enhancement; and/or water quality monitoring and stormwater management; along with targeted community outreach, education and stewardship. NFWF may use a mix of public and private funding sources to support any grant made through this program and priority will be given to projects that advance water quality goals in underserved communities.	Eligible applicants include non-profit 501(c) organizations, state government agencies, local governments, municipal governments, Indian tribes and educational institutions. Ineligible applicants include: unincorporated individuals, businesses, international organizations and U.S. Federal government agencies.	A total of approximately \$1,500,000 is available. Awards range from \$20,000-\$50,000, with an average award of \$30,000 and 40-50 grants awarded. Projects span 1-2 years. Projects are required to meet or exceed a 1:1 match of funds awarded.	January 30, 2020	<a href="https://www.nfwf.org/fivestar/Pages/fivestar2020rfp.aspx">https://www.nfwf.org/fivestar/Pages/fivestar2020rfp.aspx</a>	Chloe Elberty (All Geographies) Coordinator, Community Stewardship 202-595-2434 Chloe.Elberty@nfwf.org
Rural Energy for America Program - Renewable Energy and Energy Efficiency - Grants	Environmental & Education	All States	USDA	Federal	USDA is offering grants for up to 25 percent of total project costs for renewable energy systems and energy efficiency improvements. Eligible renewable energy projects must incorporate commercially available technology. This includes renewable energy from wind, solar, ocean, small hydropower, hydrogen, geothermal and renewable biomass (including anaerobic digesters). Energy efficiency improvement projects eligible for REAP funding include lighting, heating, cooling, ventilation, fans, automated controls and insulation upgrades that reduce energy consumption.	Agricultural producers with at least 50% of gross income coming from agricultural operations, and small businesses in eligible rural areas.	The maximum grant amount for renewable energy projects is \$500,000. The maximum grant amount for energy efficiency projects is \$250,000. Grants for up to 25% of total project cost.	Less than \$20,000: March 31 or October 31 Unrestricted Grant: March 31 Energy Audit/Renewable Energy Development Grants: January 31	<a href="http://www.rd.usda.gov/programs-services/rural-energy-america-program-renewable-energy-systems-energy-efficiency">http://www.rd.usda.gov/programs-services/rural-energy-america-program-renewable-energy-systems-energy-efficiency</a>	Ron Omann, USDA Rural Development 375 Jackson St., Suite 410 St. Paul, MN 55101 (651)-602-7796 Ron.Omann@mn.usda.gov http://www.rd.usda.gov/mn
Pre-Disaster Mitigation	Water Quantity	All States	FEMA	Federal	The goal of the PDM grant program is to reduce overall risk to the population and structures, while at the same time reducing reliance on federal funding from Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) disaster declarations. FEMA will select eligible planning and project sub-applications that limit duplication of other HMA programs by prioritizing funding in areas without post-disaster funding available through the Hazard Mitigation Grant Program (HMGP). As directed by the Congressional appropriations language, FEMA will use the majority of the PDM funding for mitigation projects.	State, local, and tribal governments	\$250 million is available for FY19 PDM grants. FEMA will provide allocations to states and territories which fulfill statutory requirements and will set aside \$20 million for federally recognized tribes. The balance of funds will be for the competitive mitigation activities with a major focus on resilient infrastructure.	January 31, 2020	<a href="https://www.fema.gov/pre-disaster-mitigation-grant-program">https://www.fema.gov/pre-disaster-mitigation-grant-program</a>	Mitigation eGrants System Helpdesk Phone: 1-855-228-3362 MTeGrants@fema.dhs.gov
Flood Mitigation Assistance	Water Quantity	All States	FEMA	Federal	The Flood Mitigation Assistance (FMA) Program makes available Federal funds to State, Local and Tribal Governments to reduce or eliminate the risk of repetitive flood damage to buildings and structures insured under the National Flood Insurance Program (NFIP). This program addresses one of the five missions of DHS, as specified in the Quadrennial Homeland Security Review: Strengthen National Preparedness and Resilience as well as the national preparedness goal of mitigation, as specified in the Presidential Policy Directive (PPD-8).	Local governments, including cities, townships, counties, special district governments, and Native American tribal organizations are considered Subapplicants and must submit subapplications for mitigation planning and projects to their State/Territory Applicant agency.	The maximum federal share for FMA planning sub-applications is as follows: • Up to \$100,000 for community flood mitigation advance assistance • Up to \$10,000,000 for community flood mitigation projects • \$50,000 for Technical Assistance for states/territories who were awarded FMA Grant Program funds totaling at least \$1,000,000 in FY 2018. • \$100,000 per Applicant for mitigation planning with a maximum of \$50,000 for state plans and \$25,000 for local plans.	January 31, 2020	<a href="https://www.fema.gov/flood-mitigation-assistance-grant-program">https://www.fema.gov/flood-mitigation-assistance-grant-program</a>	Contact information for the State Hazard Mitigation Officers (SHMOs) is provided on the FEMA website: <a href="http://www.fema.gov/state-hazard-mitigation-officers">http://www.fema.gov/state-hazard-mitigation-officers</a> .
Environmental Justice Collaborative Problem-Solving Grant	Environmental & Education	All States	US EPA	Federal	The Environmental Justice Collaborative Problem-Solving (EJCPS) Cooperative Agreement Program provides funding to support community-based organizations in their efforts to collaborate and partner with local stakeholder groups (e.g. local businesses and industry, local government, medical providers, and academia) as they develop and implement solutions that address environmental and/or public health issues for underserved communities.	Eligible projects must demonstrate use of the Environmental Justice Collaborative Problem-Solving Model to support their collaborative efforts during the project period. Applying organizations should have a direct connection to the underserved community impacted by the environmental harms and risks detailed in the workplan. Eligible applicants must be one of the following entities: incorporated non-profit organizations including but not limited to environmental justice networks, faith based organizations, and those affiliated with religious institutions, federally recognized tribal governments including Alaska Native Villages, or tribal organizations	Total estimated funding for this competitive opportunity is approximately \$1,200,000. EPA anticipates awarding one cooperative agreement of \$120,000 within each of the 10 EPA regions.	February 7, 2020	<a href="https://www.epa.gov/environmentaljustice/environmental-justice-grants-funding-and-technical-assistance">https://www.epa.gov/environmentaljustice/environmental-justice-grants-funding-and-technical-assistance</a>	Office of Environmental Justice 202-564-2515 environmental-justice@epa.gov Environmental Protection Agency 1200 Pennsylvania Avenue, NW Washington, DC 20460 (See Regional Contacts on Website)
North American Wetland Conservation Act Standard and Small Grants Program	Natural Resources/ Habitat Protection	All States	U.S. Fish and Wildlife Service (USFWS)	Federal	The Act was passed, in part, to support activities under the North American Waterfowl Management Plan, an international agreement that provides a strategy for the long-term protection of wetlands and associated uplands habitats needed by waterfowl and other migratory birds in North America. In December 2002, Congress reauthorized the Act and expanded its scope to include the conservation of all habitats and birds associated with wetlands ecosystems.	The North American Wetlands Conservation Act (Act, or NAWCA) of 1989 provides matching grants to organizations and individuals who have developed partnerships to carry out wetlands conservation projects in the United States, Canada, and Mexico for the benefit of wetlands-associated migratory birds and other wildlife.	\$40 million (annually) for 24 North American Wetlands Conservation Act (NAWCA) proposals for U.S Standard Grants. Requires minimum 1:1 match	Standard Cycle 1: February 21, 2020 Standard Cycle 2: July 1, 2020 Small: October 15, 2020	<a href="http://www.fws.gov/birds/grants/north-american-wetland-conservation-act.php">http://www.fws.gov/birds/grants/north-american-wetland-conservation-act.php</a>	contact: Division of Bird Habitat Conservation, (703) 358-1784, <a href="mailto:dbhco@fws.gov">dbhco@fws.gov</a> .
WaterSMART Small-Scale Water Efficiency Grants	Water Quantity	Western States	Bureau of Reclamation	Federal	This opportunity is for small improvements that have been identified through previous planning efforts. Projects eligible for funding include installation of flow measurement or automation in a specific part of a water delivery system, lining of a section of a canal to address seepage, small rebate programs that result in reduced residential water use, or other similar projects that are limited in scope.	States, Indian tribes, irrigation districts, water districts, or other organizations with water or power delivery authority located in the western United States or United States Territories as identified in the Reclamation Act of June 17, 1902, as amended and supplemented; specifically: Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming, American Samoa, Guam, the Northern Mariana Islands, and the Virgin Islands	Required match of at least 50% of project costs. Total project costs not to exceed \$75,000. Approximately \$3.25 million in funding is available.	March 4, 2020	<a href="http://www.grants.gov/web/grants/search-grants.html?keywords=watersmart%202017">http://www.grants.gov/web/grants/search-grants.html?keywords=watersmart%202017</a>	Kevin Connolly 303-445-2221 KConnolly@usbr.gov
Environmental Initiative Program	Natural Resources/ Habitat Protection	CO, HI, MN, TX, WY	Laura Jane Musser Fund	Non-Federal	The Fund's goal is to promote public use of open space that improves a community's quality of life and public health, while also ensuring the protection of healthy, viable and sustainable ecosystems by protecting or restoring habitat for a diversity of plant and animal species.	Who can apply: Nonprofit 501(c)(3) organizations, local units of government within the following states: CO, HI, MN, TX, WY.	Planning: Up to \$8,000 Implementation: Up to \$35,000	March 18, 2020	<a href="http://www.musserfund.org/index.asp?page_seq=11">http://www.musserfund.org/index.asp?page_seq=11</a>	Mary Karen Lynn-Klimenko Grants Program Manager THE LAURA JANE MUSSER FUND admin@musserfund.org 612-825-2024
Utah Outdoor Recreation Grant	Recreation	UT	Utah Governor's Office of Economic Business Development	Non-Federal	The Office of Outdoor Recreation's Utah Outdoor Recreation Grant was created to help build tourism in communities around the state with the construction and expansion of outdoor recreation amenities. The new trails and other outdoor recreational opportunities aid in local economic development. Many communities find that having nearby recreation opportunities adds to the quality of life of local citizens, helping to attract new residents, and can lead to an increase in local property values. Businesses, especially high-tech firms, consider having nearby outdoor recreation amenities as "absolutely vital" in attracting and keeping high value employees.	Local or tribal governments or non-profits may apply. The built recreational infrastructure must provide an economic opportunity for the local area with the ability to attract or retain residents and/or increase the visitation to the region.	Grant sizes range from \$4,000 to \$150,000. Given as a 50/50 match, up to 25% of total may be an in-kind match.	March 20, 2020	<a href="http://business.utah.gov/outdoor/ri/">http://business.utah.gov/outdoor/ri/</a>	Tara McKee tmckee@utah.gov Danielle Haddad dhaddad@utah.gov
Rural Energy for America Program - Renewable Energy and Energy Efficiency - Loans	Environmental & Education	All States	USDA	Federal	USDA is offering loan guarantees for up to 75 percent of total project costs for renewable energy systems and energy efficiency improvements. Eligible renewable energy projects must incorporate commercially available technology. This includes renewable energy from wind, solar, ocean, small hydropower, hydrogen, geothermal and renewable biomass (including anaerobic digesters). Energy efficiency improvement projects eligible for REAP funding include lighting, heating, cooling, ventilation, fans, automated controls and insulation upgrades that reduce energy consumption.	Agricultural producers with at least 50% of gross income coming from agricultural operations, and small businesses in eligible rural areas.	The maximum loan amount is \$25 million, up to 75% of total project cost.	Less than \$20,000: October 31 or March 31 Unrestricted Loan: March 31	<a href="http://www.rd.usda.gov/programs-services/rural-energy-america-program-renewable-energy-systems-energy-efficiency">http://www.rd.usda.gov/programs-services/rural-energy-america-program-renewable-energy-systems-energy-efficiency</a>	Ron Omann, USDA Rural Development 375 Jackson St., Suite 410 St. Paul, MN 55101 (651)-602-7796 Ron.Omann@mn.usda.gov http://www.rd.usda.gov/mn
Partners for Fish and Wildlife Program	Natural Resources/ Habitat Protection	All States	USFWS	Federal	The Partners for Fish and Wildlife (PFW) Program is a voluntary, incentive-based program that provides direct technical assistance and financial assistance in the form of cooperative agreements to private landowners to restore and conserve fish and wildlife habitat for the benefit of federal trust resources. The PFW Program is delivered through more than 250 full-time staff, active in all 50 States and territories. Partners for Fish and Wildlife Program staff coordinate with project partners, stakeholders and other Service programs to identify geographic focus areas and develop habitat conservation priorities within these focus areas. Geographic focus areas are where the PFW Program directs resources to conserve habitat for federal trust species. Project work plans are developed strategically, in coordination with partners, and with substantial involvement from Service field staff. Projects must advance our mission, promote biological diversity, and be based upon sound scientific biological principles. Program strategic plans inform the types of projects funded under this opportunity. Applicants seeking funding under this program should review the program strategic plan and also contact the regional PFW Program office prior to submitting an application for funding.	Projects must be implemented on private lands, including tribal lands or waters owned by non-Federal or non-State entities.	Funding is generally limited to \$25,000 or less (higher amounts may be requested, but may not be awarded without appropriate justification and approval). No cost sharing or matching required. Competitive State Wildlife Grants Program	Natural Resources/ Habitat Protection	All States	USFWS	Federal	Federal grant funds for the development and implementation of programs for the benefit of wildlife and their habitats, including species that are not hunted or fished. Eligible activities include planning and conservation implementation. Planning activities must contribute directly to the development or modification of a State Wildlife Action Plan (Plan) approved by the Director of the U.S. Fish and Wildlife Service (Service). Implementation activities are activities that a State carries out to execute their Plan. Priority for use of these funds must be placed on identified species of greatest conservation need and should take into consideration the relative level of funding available for the conservation of those species. The C-SWG Program prioritizes and supports projects that are designed, implemented, and evaluated within an explicit adaptive management framework.	Eligible applicants include state, commonwealth, or territorial agencies.	Award ceiling of \$1,000,000. Award floor of \$25,000. A minimum of 25% match is required. Funding Opportunity Number F19AS00164	August 31, 2020	<a href="https://www.grants.gov/web/grants/search-grants.html?keywords=competitive%20state%20wildlife%20grants%20program">https://www.grants.gov/web/grants/search-grants.html?keywords=competitive%20state%20wildlife%20grants%20program</a>	Grants Fiscal Officer Maria Sanchez 303-236-8185 Maria_Sanchez@fws.gov
WaterSMART Water and Energy Efficiency Grants for FY 2020 and 2021	Water Quantity	Western States	Bureau of Reclamation	Federal	Through WaterSMART Water and Energy Efficiency Grants (formerly Challenge Grants) Reclamation provides 50/50 cost share funding to irrigation and water districts, tribes, states and other entities with water or power delivery authority. Projects conserve and use water more efficiently; increase the production of hydropower; mitigate conflict risk in areas at a high risk of future water conflict; and accomplish other benefits that contribute to water supply reliability in the western United States. Projects are selected through a competitive process and the focus is on projects that can be completed within two or three years.	States, Indian tribes, irrigation districts, water districts, or other organizations with water or power delivery authority located in the western United States or United States Territories as identified in the Reclamation Act of June 17, 1902, as amended and supplemented; specifically: Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming, American Samoa, Guam, the Northern Mariana Islands, and the Virgin Islands	A total of up to \$300,000 in Federal funds may be awarded to an applicant in the small scale projects group, and up to \$1.5 million may be awarded to an applicant in the large scale projects group. 50% match is required for both groups.	FY 2021: September 30, 2020 (contingent on appropriation of FY 2020 funding)	<a href="https://www.grants.gov/web/grants/search-grants.html?keywords=watersmart%202021">https://www.grants.gov/web/grants/search-grants.html?keywords=watersmart%202021</a>	Darren Olson 303-445-3697 DOlson@usbr.gov
WaterSMART Drought Resiliency Grants for FY 2020 and 2021	Water Quantity	Western States	Bureau of Reclamation	Federal	The Bureau of Reclamation's Drought Response Program supports a proactive approach to drought by providing assistance to water managers to: develop and update comprehensive drought plans, and implement projects that will build long-term resiliency to drought.	States, Indian tribes, irrigation districts, water districts, or other organizations with water or power delivery authority located in the western United States or United States Territories as identified in the Reclamation Act of June 17, 1902, as amended and supplemented; specifically: Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming, American Samoa, Guam, the Northern Mariana Islands, and the Virgin Islands	A total of up to \$300,000 in may be awarded to a project that can be completed in two years, and up to \$750,000 may be awarded to a project that can be completed in three years. 50% match is required.	October 14, 2020	<a href="https://www.grants.gov/web/grants/search-grants.html?keywords=watersmart%202021">https://www.grants.gov/web/grants/search-grants.html?keywords=watersmart%202021</a>	Darren Olson 303-445-3697 DOlson@usbr.gov
DWQ State Revolving Loan Program (SRF): Drinking Water	Water/Wastewater	UT	Utah DEQ	Non-Federal	This rule establishes criteria for financial assistance to public drinking water systems in accordance with Title 73, Chapter 10c, Utah Code Annotated using funds made available by the Utah legislature from time to time for this purpose. "Drinking Water Project" means any work or facility that is necessary or desirable to provide water for human consumption and other domestic uses. Its scope includes collection, treatment, storage, and distribution facilities; and also includes studies, planning, education activities, and design work that will promote protecting the public from waterborne health risks.	All political subdivisions of the State of Utah (e.g., cities, towns, districts, etc.	Low-interest loans (typically 2-4%, 20 years) and grants. Of all the funds allocated by this program, only approximately 5% are authorized as grants.	Accept applications year round. Must be submitted at least 60 days before the board meeting.	<a href="https://deq.utah.gov/drinking-water/state-revolving-fund-srf-drinking-water">https://deq.utah.gov/drinking-water/state-revolving-fund-srf-drinking-water</a>	Michael Grange: (801) 536-0069 Heather Bob: (801) 536-0093 Julie Cobleigh: (801) 536-4197 Sam Grenlie: (801) 536-4280 Lisa Nelson: (801) 536-4348 Rich Peterson: (801) 536-4035 Sandy Pett: (801) 536-4212
Environmental Quality Incentives Program	Water Quality	All States	USDA NRCS	Federal	The Environmental Quality Incentives Program (EQIP) is a voluntary conservation program that helps agricultural producers in a manner that promotes agricultural production and environmental quality as compatible goals. Through EQIP, agricultural producers receive financial and technical assistance to implement structural and management conservation practices that optimize environmental benefits on working agricultural land.	Agricultural producers and owners of non-industrial private forestland and Tribes are eligible to apply for EQIP. Eligible land includes cropland, rangeland, pastureland, non-industrial private forestland and other farm or ranch lands.	Submitted applications may be considered or evaluated in multiple funding pool opportunities.	EQIP applications are accepted on a continuous basis, however, NRCS establishes application "cut-off" or submission deadline dates for evaluation	<a href="https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/eqip/">https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/eqip/</a>	Brenda Tonn, Program Specialist Phone: 651-602-7883 Email: brenda.tonn@mn.usda.gov
Special Opportunity Grant Program	Water Quality	All States	Freshwater Future	Non-Federal	The Special Opportunity Grants Program (Emergency Grants) is for the aquatic habitat protection efforts that may not coincide with the application timeline or grant period for the Projects Grants Program. Freshwater Future realizes that many grassroots projects can be completed for under \$500 USD, therefore we maintain a reserve to support urgent projects or those that present a special, time-limited opportunity. Although the eligibility, overarching goal, priority program areas, and evaluation criteria are the same as the regular grants programs, Special Opportunity Grant (SOG) requests are processed differently to ensure quick turnaround.	Must be a registered non-profit organization or charity or have a sponsoring non-profit organization or charity.	Typically \$500 or less	No deadline	<a href="http://freshwaterfuture.org/grants/special-opportunity-grant-program/">http://freshwaterfuture.org/grants/special-opportunity-grant-program/</a>	Melanie Napoleon Welch melanie@freshwaterfuture.org
Economic Development Assistance Program	Public Works	All States	Economic Development Administration	Federal	Economic Development Assistance programs (EDAP) Notice of Funding Opportunity (NOFO), EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance (EAA) Programs. Through this NOFO, EDA will also designate a portion of its EAA funding to support communities and regions that have been negatively impacted by changes in the coal economy (Assistance to Coal Communities, or ACC 2018). Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP NOFO, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving economic conditions.	City or township governments, County governments, Native American tribal organizations (other than Federally recognized tribal governments), Native American tribal governments (Federally recognized), Private institutions of higher education, Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education, State governments, Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, Others (see text field entitled "Additional Information on Eligibility" for clarification), Special district governments, Public and State controlled institutions of higher education	Awards range from \$100,000 to \$3,000,000	Applications are accepted on a rolling basis	<a href="https://www.grants.gov/web/grants/view-opportunity.html?oppId=306735">https://www.grants.gov/web/grants/view-opportunity.html?oppId=306735</a>	http://www.eda.gov/contact/
Water & Waste Disposal Loan and Grant Program	Water/Wastewater	All States	USDA	Federal	This program provides funding for clean and reliable drinking water systems, sanitary sewage disposal, sanitary solid waste disposal, and storm water drainage to households and businesses in eligible rural areas. The project funds may be used to finance the acquisition, construction, or improvement of drinking water sourcing, treatment, storage and distribution, sewer collection, transmission, treatment, and disposal, solid waste collection, disposal and closure, stormwater collection, transmission, and disposal.	This program assists qualified applicants who are not otherwise able to obtain commercial credit on reasonable terms. Eligible applicants include: -Most state and local governmental entities -Private nonprofits -Federally-recognized tribes	Long-term, low-interest loans If funds are available, a grant may be combined with a loan if necessary to keep user costs reasonable.	Applications are accepted on a rolling basis	<a href="https://www.rd.usda.gov/programs-services/water-waste-disposal-loan-grant-program">https://www.rd.usda.gov/programs-services/water-waste-disposal-loan-grant-program</a>	Contact Local RD State Offices: <a href="https://www.rd.usda.gov/contact-us/state-offices">https://www.rd.usda.gov/contact-us/state-offices</a>
National Fish Habitat Action Plan	Natural Resources/ Habitat Protection	All States	USFWS	Federal	The National Fish Habitat Action Plan is a national investment strategy to leverage federal and privately raised funds to protect, restore, and enhance the nation's fish and aquatic habitats through partnerships that foster fish habitat conservation. Funds appropriated to the U.S. Fish and Wildlife Service's (Service) Fish and Aquatic Conservation (FAC) Program specifically to implement the Action Plan will be utilized in collaboration with the National Fish Habitat Board and Fish Habitat Partnerships. Fish Habitat Partnerships are the primary work units of the Action Plan, formed around distinct geographic areas, "keystone" fish species, or system types (e.g. large lakes, impoundments, estuaries). Funds will support national and regional science and coordination activities to protect, restore, or enhance fish habitats. All or a portion of project funds may be transferred to partner organizations if the Service lacks the capability to implement a project. Projects must protect, restore, or enhance fish and aquatic habitats or otherwise directly support habitat-related priorities of Fish Habitat Partnerships or the National Fish Habitat Board. Every project must be identified in the Fisheries Operational Needs System (FONS), a database that identifies the operational needs of FAC field stations, including fish habitat project needs. FAC field offices will work with Fish Habitat Partnerships to identify fish habitat projects, and enter them into the FONS. Entities that seek to propose a fish habitat conservation project for consideration should contact a local or regional office of the Service FAC Program.	Eligible applicants include federal, state, or local government agencies; Native American governments; interstate, intrastate, public, and private nonprofit institutions and organizations; or any other organization subject to the jurisdiction of the United States with interests that support the mission of the Service on a cost recoverable basis and the goals of the Action Plan.	80 grants are expected to be awarded from \$1,000-\$900,000 (total program funding \$4 million). No cost sharing or match required.	Contact Local FHP to determine submittal deadline	<a href="https://www.grants.gov/web/grants/search-grants.html?keywords=national%20fish%20habitat%20action%20plan">https://www.grants.gov/web/grants/search-grants.html?keywords=national%20fish%20habitat%20action%20plan</a>	Cecilia M.
