Flood Hazard Mitigation Grants	Water Quality	MN	MN DNR	Non-Federal	Program to provide technical and financial assistance to local governmental units for conducting flood damage reduction studies and for planning and implementing flood damage reduction measures. Studies and planning projects must be done with general funds. Design and construction projects are able to be funded through state bonding. Flood damage reduction studies for planning and implementing structural and non-structural measures, including acquisition of structures in the flood plain, relocations, flood proofing, development of flood warning systems, public education, flood plain redevelopments, dams, dikes, levees, flood bypass channels, flood storage structures, water level control structures and other related activities.	City, county, township, watershed districts, watershed management organizations, and lake improvement districts.	A maximum of 50% of total eligible project costs up to \$150,000 using general funds. Grant requests for more than \$150,000 must be approved by the Legislature.	Recommended that the completed application form be submitted to your DNR Division of Waters Area Hydrologist by June 1 <sup>st</sup> of the year in which you wish to apply. Early coordination is recommended.	<a href="https://www.dnr.state.mn.us/waters/water/flood_hazard.htm">https://www.dnr.state.mn.us/waters/water/flood_hazard.htm</a>	Pat Lynch, Flood Damage Reduction Program Manager DNR Division of Waters (855) 295-5691 E-Mail: <a href="mailto:pat.lynch@dnr.state.mn.us">pat.lynch@dnr.state.mn.us</a>
Point Source Implementation Grant Program	Water Quality	MN	Minnesota Public Facilities Authority (PFA) & MPCA (State funds)	Non-Federal	The Point Source Implementation grant program provides grants to units of local government to assist with the cost of water infrastructure projects necessary to meet wastewater reductions prescribed under a total maximum daily load (TMDL) plan required by Section 303(d) of the federal Clean Water Act.  Reduces the discharge of total phosphorus to one milligram per liter or less. Meets any other water quality based effluent limit established under section Minnesota Statute Section 115.03, subd. 1 (WRB). That is incorporated into a permit issued by MPCA that exceeds secondary treatment limits. Meets a total nitrogen concentration or mass limit that requires discharging ten milligrams per liter or less at a permitted design flow.	The PISG program provides grants for 80% of eligible costs up to a maximum of \$700,000. Projects must be listed on the MPCA Project Priority List (PPL).  A project must receive MPCA certification and submit all bid project costs to receive a PISG grant.	\$1,307,000 million has been appropriated for this program for FY 2018	PPL Application Request: March 3, 2023 ISP Application Request: June 2, 2023	<a href="https://www.pca.state.mn.us/water/wastewater-and-stormwater-financial-assistance">https://www.pca.state.mn.us/water/wastewater-and-stormwater-financial-assistance</a>	Bill Dunn, Clean Water Revolving Fund Coordinator Minnesota Pollution Control Agency 520 Lafayette Road North Saint Paul, MN 55115-4744 651-757-2324 or bill.dunn@state.mn.us
One Watershed, One Plan Planning Grants	Water Quality	MN	BWSR	Non-Federal	Up to \$12 million in clean Water Funds is now available for planning grants under the One Watershed, One Plan program. These grants are for partnerships of eligible local groups to use a systematic, science-based approach to watershed management to develop plans that provide the greatest environmental benefits to each watershed.	Applicants must be one or more of the eligible local governments on behalf of others in the watershed area.	Up to \$1,100,000 is available.	4:30 p.m. June 19, 2023	<a href="http://www.bwsr.state.mn.us/grants/water/index.html">http://www.bwsr.state.mn.us/grants/water/index.html</a>	Julie Westerlund <a href="mailto:julie.westerlund@state.mn.us">julie.westerlund@state.mn.us</a> 651-297-5617
Wellhead Protection Partner Grants (Pilot)	Groundwater	MN	BWSR	Non-Federal	Wellhead Protection Partner Grants will provide funding to local government for establishing perpetual or long-term protection of wellhead protection areas where state-held easements are not viable or desirable.	A local government entity within a delineated Wellhead Protection Area (WHPA) designated in a Minnesota Department of Health (MDH) approved Wellhead Protection Plan.	Up to \$1,279,000 is currently available. Individual grant amounts will be determined by the duration of protection and the protection mechanism provided in the grant proposal. A 10% match is required of grant recipients.	Last day of each month by 4:30 p.m. as funding is available.	<a href="http://www.bwsr.state.mn.us/grants/water/index.html">http://www.bwsr.state.mn.us/grants/water/index.html</a>	Sharon Doucette <a href="mailto:Sharon.Doucette@state.mn.us">Sharon.Doucette@state.mn.us</a>
North American Wetland Conservation Act Standard Grants Program	Natural Resources/Habitat Protection	All States	U.S. Fish and Wildlife Service (USFWS)	Federal	The Act was passed, in part, to support activities under the North American Wetland Management Plan, an international agreement that provides a strategy for the long-term protection of wetlands and associated uplands habitats needed by waterfowl and other migratory birds in North America. In December 2002, Congress reauthorized the Act and expanded its scope to include the conservation of fish habitats and biota associated with wetlands ecosystems.	The U.S. Standard Grants Program is a competitive, matching grants program that supports public-private partnerships carrying out projects in the United States that further the goals of the North American Wetlands Conservation Act (NAWCA). These projects must involve long-term protection, restoration, and/or enhancement of wetlands and associated uplands habitats for the benefit of all wetland-associated migratory birds.	\$40 million (annually) for 24 North American Wetlands Conservation Act (NAWCA) proposals for U.S. Standard Grants. Required minimum 1:1 match.	July 7, 2023 at 11:59 pm EST	<a href="https://www.fws.gov/nawca/north-american-wetlands-conservation-act-renewable-grants-us/">https://www.fws.gov/nawca/north-american-wetlands-conservation-act-renewable-grants-us/</a>	Contact Division of Bird Habitat Conservation, (703) 358-1784, <a href="mailto:dbhc@fwp.gov">dbhc@fwp.gov</a>
Monarch Butterfly and Pollinator Conservation Fund	Natural Resources/Habitat Protection	All States	National Fish and Wildlife Foundation	Federal	Technical Assistance for Private Working Lands Funding in this category will support implementation of technical assistance to increase the number of private landowners engaged in monarch butterfly and pollinator conservation practices on working lands.  Habitat Improvement Funding in this category will support on-the-ground work to increase the quality, quantity and connectivity of habitat for the monarch butterfly and other native insect pollinators.	Eligible applicants include nonprofit 501(c) organizations, U.S. federal government agencies, state government agencies, local governments, municipal governments, tribal governments and organizations, and educational institutions. Ineligible applicants include businesses, unincorporated individuals, and international organizations.	The Pollinator Fund will award up to \$1.9 million in grants. Up to \$600,000 for Technical Assistance for Private Working Lands and up to \$1.3 million for Habitat Improvement.	July 13, 2023 at 11:59 pm proposal due	<a href="https://www.nfwf.org/monarch-butterfly-and-pollinator-conservation/">https://www.nfwf.org/monarch-butterfly-and-pollinator-conservation/</a>	Crystal Boyd Manager of Pollinator Programs <a href="mailto:Crystal.Boyd@nfwf.org">Crystal.Boyd@nfwf.org</a>
Community Conservation Partnership	Water Quality	MN	Dakota County Soil & Water Conservation District	Non-Federal	Program to support public landowners in implementing TMDL and local water management plans by providing technical and cost share assistance to install best management practices at public facilities in Dakota County to improve water quality above the minimum measures required by the regulating agencies.	Public landowners within Dakota County	Up to \$50,000 of cost share funding available per project for up to 85% of the actual project cost.	March, May or July 15 each year	<a href="https://daktacounty.org/services/conservation/">https://daktacounty.org/services/conservation/</a>	Contact Dakota County SWCD (855) 480-7777
Cooperating Technical Partners (CTP)	Water Quality	All states	FEMA	Federal	The CTP supports Risk MAP in developing flood hazard data and maps for communities that have never had identified risks, building on effective flood hazard data and flood insurance rate maps (RIMS), and increasing public awareness of flood risk and potential mitigation options to reduce that risk and better inform planning.	Native American tribal governments (Federally recognized), nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, private institutions of higher education, Special district governments, State governments, City or township governments, County governments	No award maximum or minimum. \$93,000,000 available for a	July 19, 2023	<a href="https://www.fema.gov">https://www.fema.gov</a>	
Natural Resources Grants - Opportunity Grant	Water Quality	MN	Hennepin County	Non-Federal	The goal of this program is to provide financial and technical support for partner-led projects that preserve and protect our natural resources. Opportunity Grants are ideal for larger projects seeking to leverage multiple funding sources to address significant water quality and natural resources concerns across one or more projects on individual or multiple properties. Project purposes may include: - Reduce erosion and sedimentation - Improve water quality - Protect groundwater quality or reduce groundwater use - Preserve, restore, or establish critical habitat	The following entities in Hennepin County: individual landowners, non-profit and non-governmental organizations, local government agencies, businesses	Up to \$50,000 per project. No match is required.	July 20, 2023	<a href="https://www.hennepin.us/our-services/conservation-and-environment/natural-resources-grants/">https://www.hennepin.us/our-services/conservation-and-environment/natural-resources-grants/</a>	Ellen Sones <a href="mailto:ellen_sones@hennepin.us">ellen_sones@hennepin.us</a> 612-596-1173
Conservation Partners Program	Natural Resources/Habitat Protection	Hawaii, Illinois, Michigan, Minnesota, Kansas, Tennessee	NRCS & NFWF	Federal	Grant recipients will provide technical assistance to interested farmers and ranchers to develop management plans, design and implement best practices, participate in Farm Bill programs, and share their experiences and lessons learned. This work enhances wildlife habitat, soil health, water quantity and quality, and carbon sequestration while providing important social and economic benefits to agricultural producers.	Non-profit 501(c) organizations, farmer and commodity-led organizations, educational institutions, tribal governments, and state or local units of governments (e.g. state agricultural and/or conservation agencies, counties, township, cities, conservation districts, utility districts, drainage districts, etc.) Proposals will be focused in one of the four geographic areas listed below: - Northern Great Plains/Prairie Provinces Region - Mississippi River Basin - Southern Great Plains - Great Lakes Basin	Approximately \$6.2 million is available. Typical awards will range from \$100,000 to \$400,000 with an estimated average of \$275,000. Matching contributions are not required but will increase application competitiveness.	July 26, 2023 11:59 ET	<a href="https://www.nrcs.gov/conservationpartners/ProgramHome.aspx">https://www.nrcs.gov/conservationpartners/ProgramHome.aspx</a>	Bridget Collins <a href="mailto:bridget.collins@nfwf.org">bridget.collins@nfwf.org</a> 202-955-2655
Regional Conservation Partnership Program	Water Quality	All States	USDA NRCS	Federal	The Regional Conservation Partnership Program (RCPP) is a partner-driven approach to conservation that funds solutions to natural resource challenges on agricultural land. RCPP projects may include a range of on-the-ground conservation activities implemented by farmers, ranchers and forest landowners. These activities include: - Land management/land improvements/restoration practices - Land rentals - Entity-held easements - United States-held easements - Public works/watersheds - A single RCPP project application can propose to employ any combination of these eligible activity types as part of an RCPP project.	Native American tribal governments (Federally recognized) Institutions of higher education State governments County governments Special district governments City or township governments Agricultural or livestock producer association Farmer cooperative Water district, irrigation district, rural water district or association	\$360 million in funding available. Award ceiling is \$10,000,000. Award floor is \$250,000	August 18, 2023	<a href="https://www.nrcs.gov/conservationpartners/ProgramHome.aspx">https://www.nrcs.gov/conservationpartners/ProgramHome.aspx</a>	<a href="mailto:rcpp@usda.gov">rcpp@usda.gov</a> or state coordinator
Short Term Action Request Grants (STAR)	Natural Resources/Habitat Protection	MN	MN DNR	Non-Federal	Your project must be conducted in Minnesota's coastal area, be action-oriented, and align with one of the following categories and goals: - Coastal Habitat: Protect the coastal areas' natural resources and habitats including wetlands, forests, beaches and fish. - Coastal Hazards: Protect lives and property in the coastal area by minimizing risk to hazards such as storms, flooding and erosion. - Water Quality: Safeguard and restore water quality in Lake Superior and area streams. - Coastal Community Development: Help communities manage development or preserve the historic, cultural and aesthetic features of Lake Superior and its coast. - Coordination and Public Involvement: Collect, analyze, synthesize and share information and research results that will lead to better land and water use decisions in the coastal area or engage the public in critical government decisions.	City, township and counties within the coastal area; area-wide agencies; regional planning agencies; state agencies; non-profit organizations; college and universities; public school districts in the coastal area; conservation districts; port authorities; tribal governments; joint powers boards; sanitary sewer districts.	The minimum grant is \$2,500 and the maximum is \$100,000. 20% match requirement.	March 1, 2023 (project start October 1, 2023) June 1, 2023 (project start January 1, 2024) September 1, 2023 (project start Sept. 1, 2024) December 1, 2023 (project start July 1, 2024)	<a href="https://www.dnr.state.mn.us/waters/short-term-action-grants.html">https://www.dnr.state.mn.us/waters/short-term-action-grants.html</a>	Cynthia Poyhonen, Grants Specialist (218) 834-1447 or <a href="mailto:Cynthia.poyhonen@state.mn.us">Cynthia.poyhonen@state.mn.us</a>

Natural Resources Grants - Good Steward Grant	Water Quality	MN	Hennepin County	Non-Federal	Primarily for smaller projects that improve water quality, enhance natural areas and promote environmental stewardship to the community. Ideal for smaller community-based or single applicant projects. Typical projects include constructing rain gardens, stabilizing stream banks, restoring native vegetation, installing vegetated filter strips and other best management practices. Eligible expenses include environmental or engineering consulting fees, materials, supplies, labor and inspection fees.	The following entities in Hennepin County: individual landowners, non-profit and non-governmental organizations, local government agencies, businesses	Up to \$25,000. Typical award of \$10,000-\$20,000. Grant shall not exceed 75% of the total eligible project cost. Landowner 25% contribution can be cash and/or in-kind contribution	Applications for Good Steward grants will be accepted in fall 2023.	<a href="https://www.hennepin.us/business/conservation/funding/assistance/natural-resources/">https://www.hennepin.us/business/conservation/funding/assistance/natural-resources/</a>	Ellen Sones ellen.sones@hennepin.us 612-596-1173
MN Local Road Research Board and MnDOT Academic Research Funding	Research	MN	MN Local Road Research Board (LRRB) and MnDOT	Non-Federal	The Local Road Research Board (LRRB) welcomes research ideas from Minnesota transportation practitioners. After submittal, your idea will be researched and evaluated to determine whether current solutions to the need/problem exist. We will follow up to let you know our findings. If the idea warrants new research, it will be brought before the LRRB to determine if proposals for research should be sought. Current research goals include: safety, recycled and alternative pavement materials, decision-making for pavement planning, funding the public's role in transportation, sustainable planning and design, innovative construction methods, and contracting innovations in maintenance and operations, maintain road systems economically, environmental sustainability, reducing environmental impacts, environmental policy considerations and permitting.	Applications are accepted from research institutions. It is not uncommon for consulting firms to apply for and receive funding through this program.	Example successful proposals range from \$20,000-\$200,000.	Idea Submission: March 15, 2023 Proposals Due: September 12, 2023	<a href="https://www.dot.state.mn.us/research/process-and-docs/">https://www.dot.state.mn.us/research/process-and-docs/</a>	Hafiz Murti hafiz.murti@state.mn.us 651-366-3757
Partners for Fish and Wildlife Program	Natural Resources/Habitat Protection	All States	USFWS	Federal	The Partners for Fish and Wildlife (PFW) Program is a voluntary, incentive-based program that provides direct technical assistance and financial assistance in the form of cooperative agreements to private landowners to restore and conserve fish and wildlife habitat for the benefit of federal trust resources. The PFW Program is delivered through more than 250 full-time staff, active in all 50 States and territories. Partners for Fish and Wildlife Program staff coordinate with project partners, stakeholders and other Service programs to identify geographic focus areas and develop habitat conservation priorities within these focus areas. Geographic focus areas are where the PFW Program directs resources to conserve habitat for federal trust species. Project work plans are developed strategically, in coordination with partners, and with substantial involvement from Service field staff. Projects must advance our mission, promote biological diversity, and be based upon sound scientific, biological principles. Program strategic plans inform the types of projects funded under this opportunity. Applicants seeking funding under this program should review the program strategic plan and also contact the regional PFW Program office prior to submitting an application for funding.	Projects must be implemented on private lands, including tribal lands or waters owned by non-Federal or non-State entities.	Estimated Total Program Funding: \$11,000,000 Award ceiling: \$750,000	Applications accepted on a rolling basis, deadline September 30, 2023	<a href="http://www.grants.gov/web/grants/search">http://www.grants.gov/web/grants/search</a> , <a href="https://www.fishandwildlife.com/news/2023/09/03/pfw/">https://www.fishandwildlife.com/news/2023/09/03/pfw/</a>	Andreas Moshogianis 571-305-3817 andreas_moshogianis@fws.gov
Rural Energy for America Program - Renewable Energy and Energy Efficiency - Grants	Environmental & Education	All States	USDA	Federal	USDA is offering grants for up to 40 percent of total project costs for renewable energy systems and energy efficiency improvements. Eligible renewable energy projects must incorporate commercially available technology. This includes renewable energy from wind, solar, ocean, small hydropower, hydrogen, geothermal and renewable biomass (including anaerobic digesters). Energy efficiency improvement projects eligible for REAP funding include lighting, heating, cooling, ventilation, fans, automated controls and insulation upgrades that reduce energy consumption.	Agricultural producers with at least 50% of gross income coming from agricultural operations, and small businesses in eligible rural areas.	Renewable Energy System Grants: \$2,000 to \$1 mil. Energy Efficiency Grants: \$1,000 to \$500,000. Grants cover up to 50% of total eligible project costs.	Less than \$20,000 Oct 31 or March 31 Unrestricted Grant: March 31	<a href="https://www.usda.gov/programs/servicelocalenergy-america-program-renewable">https://www.usda.gov/programs/servicelocalenergy-america-program-renewable</a> , <a href="https://www.usda.gov/programs/servicelocalenergy-america-program-energy-efficiency">https://www.usda.gov/programs/servicelocalenergy-america-program-energy-efficiency</a>	For Minnesota: Ron Omann, USDA Rural Development 375 Jackson St., Suite 410 St. Paul, MN 55101 (651) 602-7796 Ron.Omann@rm.usda.gov http://www.rd.usda.gov/en/Minnesota, contact the state rural development coordinator: https://www.usda.gov/sites/default/files/RES_StateEnergyCoordinators.pdf
Rural Energy for America Program - Renewable Energy and Energy Efficiency - Loans	Environmental & Education	All States	USDA	Federal	USDA is offering loan guarantees for up to 75 percent of total project costs for renewable energy systems and energy efficiency improvements. Eligible renewable energy projects must incorporate commercially available technology. This includes renewable energy from wind, solar, ocean, small hydropower, hydrogen, geothermal and renewable biomass (including anaerobic digesters). Energy efficiency improvement projects eligible for REAP funding include lighting, heating, cooling, ventilation, fans, automated controls and insulation upgrades that reduce energy consumption.	Agricultural producers with at least 50% of gross income coming from agricultural operations, and small businesses in eligible rural areas.	The maximum loan amount is \$25 million, up to 75% of total project cost. Fees include an initial 1% of the guaranteed amount and a guarantee relation fee of 0.25% of the principal paid annually.	Less than \$20,000 Oct 31 or March 31 Unrestricted Loan: March 31	<a href="https://www.usda.gov/programs/servicelocalenergy-america-program-renewable">https://www.usda.gov/programs/servicelocalenergy-america-program-renewable</a> , <a href="https://www.usda.gov/programs/servicelocalenergy-america-program-energy-efficiency">https://www.usda.gov/programs/servicelocalenergy-america-program-energy-efficiency</a>	For Minnesota: Ron Omann, USDA Rural Development 375 Jackson St., Suite 410 St. Paul, MN 55101 (651) 602-7796 Ron.Omann@rm.usda.gov http://www.rd.usda.gov/en/Minnesota, contact the state rural development coordinator: https://www.usda.gov/sites/default/files/RES_StateEnergyCoordinators.pdf
Contamination Investigation and RAP Development Grant	Brownfields	MN	MN Department of Employment and Economic Development	Non-Federal	Administered by DEED, this program is designed to assist communities in contamination investigation and RAP development. Similar to the Contamination Cleanup Grant, the applicant must be able to demonstrate the existence of a community supported redevelopment plan with appropriate completion timeline. Funded activities include site investigation (Phase I and Phase II), RAP development.	Eligible applicants include cities, counties, port authorities, housing and redevelopment and public and economic development authorities. Both publicly and privately owned sites with known soil or groundwater contamination qualify. Cleanup grant applicants must have an MPCA approved RAP.	Approximately \$4 million is available. Grants can pay for up to 75% of the costs of investigation, cleanup, and other costs necessary to implement the RAP. Search requires a 25% local match. 35% of funds are dedicated to projects outside the seven county metropolitan area - Awards not to exceed \$50,000.	4 p.m. May 1 and November 1 of each year	<a href="https://www.mn.gov/office-of-government-financial-assistance/contamination-investigation">https://www.mn.gov/office-of-government-financial-assistance/contamination-investigation</a>	Kristin Lukes Director, Office of Brownfields and Redevelopment 651-229-7471 or 800-657-3859
Ramsey County Environmental Response Fund	Brownfields	MN	Ramsey County	Non-Federal	The Ramsey County Environmental Response Fund (ERF) prioritizes include development/development of blighted sites, including orphan sites, that will result in additional jobs at living wages and/or affordable housing and clean-up of public land and green space that will enhance the quality of life in neighborhoods and communities.	Eligible applicants include Ramsey County and Ramsey County municipalities, public and private for-profit and not-for-profit agencies and organizations. ERF grants are not available to non-local government responsible parties.	ERF funds are intended as gap financing (applicants should exhaust funds available from other sources). There is no limit on grant funding that may be requested from the ERF. Total funding available each grant round is approximately \$500,000.	Proposals are due May 1 and November 1 each year, open 6 weeks prior.	<a href="https://www.ramseycounty.org/business-property-development/property-development-programs/innovative/innovational-response-fund">https://www.ramseycounty.org/business-property-development/property-development-programs/innovative/innovational-response-fund</a>	Martha Faust Redevelopment Manager 651-358-4341
Stewardship Fund Grants: Action Grants	Water Quality	MN	MWMO	Non-Federal	Available to complete a project, significant in scope and cost.	Eligible organizations for MWMO Stewardship Fund Grants include non-profit organizations, officially recognized neighborhood groups, business and professional associations, schools, and local units of government. Stewardship Fund grants may not be used to fund projects installed only to meet regulatory requirements; however, stewardship funds may be used to fund portions of the project that create water quality innovations that exceed regulatory requirements. Physical projects must be located within MWMO boundaries or drain to receiving water bodies within the watershed.	The grant amount may not exceed \$50,000. 25% match required.	November 1, 2023	<a href="https://www.mwmo.org/stewardship-fund-grants/">https://www.mwmo.org/stewardship-fund-grants/</a>	Adam Piatt Communications and Outreach Specialist 612-746-9988 apiatt@mwmo.org
Tax Base Revitalization Account	Brownfields	MN	Metropolitan Council	Non-Federal	The Tax Base Revitalization Account (TBRA) provides \$5 million annually to investigate and clean up brownfields — contaminated land, ground water, or buildings — for redevelopment. TBRA provides key support for a wide range of projects, from affordable and market rate multi-family housing to commercial and industrial redevelopment. Grants include Sewer Environmental Development (SEED), Site Investigation, and Cleanup	Cities, counties, and local development authorities located in the 7-county metro area and participating in the Metropolitan Council Communities Housing Incentives Program are eligible to apply for funds. Applications involving public-private partnerships are most competitive. Cleanup grant applicants must have an MPCA approved RAP, but investigation grants can fund RAP development.	<b>Cleanup:</b> \$2,375,000 available each round. Limit of 50% available funding. No match. <b>Site Investigation:</b> \$125,000 available per round. Limit \$50,000 per project. 25% match required. <b>SEED:</b> \$150,000 available per round. Limit \$50,000 per project	November 1, 2023	<a href="https://metcouncil.org/Communities/Services/Local-Communities-Grants/Tax-Base-Revitalization-Account/TBRA-in-a-nutshell">https://metcouncil.org/Communities/Services/Local-Communities-Grants/Tax-Base-Revitalization-Account/TBRA-in-a-nutshell</a>	Marcus Martin Phone: (651) 602-1054 Email: marcus.martin@metc.mn.us
Green Partners (Commercial Sector Recycling)	Environmental & Education	MN	Hennepin County	Non-Federal	Hennepin County has created a new grant program to fund innovative projects that prevent waste in the business sector. Areas of focus can include prevention of food waste, reuse and recovery of goods and materials, and development and use of recovered products.	For-profit and non-profit businesses, organizations and institutions, including residential housing. Must be used to improve your organization's recycling program at facilities located in Hennepin County.	Each applicant may apply for up to \$50,000 toward a project with a minimum of \$5,000. Grants over \$10,000 require a 25% match.	Applications will be accepted on an ongoing basis until Monday, November 15, 2023, or until the annual program budget is exhausted, whichever occurs first.	<a href="https://www.hennepin.us/business/recycling/">https://www.hennepin.us/business/recycling/</a>	businessrecycling@hennepin.us 612-543-9298
Conservation Corps Minnesota Clean Water Fund: Crew Labor	Water Quality	MN	BWSR	Non-Federal	Funds are available for Conservation Corps crew labor only for the purpose of protecting, enhancing and restoring water quality in lakes, rivers and streams and to protect groundwater and drinking water sources from degradation. Project proposals should demonstrate measurable outputs to achieve water quality objectives through the implementation of BWRPs. Projects that focus on retaining water on the land through native plantings versus habitat restoration are preferred.	Counties, Cities, SWCDs, Watershed Districts and Watershed Management Organizations	\$750,000 available. No minimum match requirement.	Applications due December 15 every year	<a href="https://conservationcorps.org/clean-water-fund/">https://conservationcorps.org/clean-water-fund/</a>	Brian Miller at (651) 209-9500 ext. 19 brian.miller@conservationcorps.org
National Fish Passage Program Base Funding	Natural Resources/Habitat Protection	All States	Fish and Wildlife Service	Federal	The National Fish Passage Program (NFPF) is a voluntary program that provides direct technical and financial assistance to partners to remove instream barriers and restore aquatic passage and aquatic connectivity for the benefit of Federal trust resources. NFPF funds a variety of project types including, but not limited to, dam removal, culvert replacement, floodplain restoration, and the installation of gates.	State governments, independent school districts, for-profit organizations other than small businesses, small businesses, Native American tribal organizations (other than Federally recognized tribal governments), private institutions of higher education, nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education, nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education, Special district governments, Others (see text field entitled "Additional Information on Eligibility" for clarification). Individuals, nonprofits, having a 501(c)(3) status with the IRS, other than institutions of higher education, Public housing authorities, Indian housing authorities, Public and State controlled institutions of higher education, Native American tribal governments (Federally recognized)	\$9.2 million available. Clean Water State Revolving Fund - Wastewater & Stormwater	Water Quality	MN	MN Public Facilities Authority (MPFA)	Non-Federal	The Clean Water State Revolving Fund is established under the Federal Clean Water Act and state law to make loans to point source (wastewater and stormwater) and nonpoint source water pollution control projects. The Public Facilities Authority (PFA) prepares an annual Intended Use Plan (IUP) based on a Project Priority List (PPL) developed by the MPFA. The IUP describes the projects and activities eligible for funding during the state fiscal year.	Proposals are being accepted to place wastewater or stormwater collection and treatment system projects on the Clean Water Revolving Fund (CWRF) Project Priority List (PPL). Projects must be on the PPL to be eligible to apply for below market rate CWRF loans and other Clean Water legacy grants and loans from the Minnesota Public Facilities Authority (PFA). PFA financing is for investments in municipal infrastructure which result in improvements in water quality. Funding is not available for privately owned infrastructure.	Below market rate, low-interest loans, principal forgiveness or grants to local governments.	Wastewater Facilities Plans or Stormwater Project Plans are due to the MPFA March 1, 2024. Request for Placement on PPL due to the MPFA March 1, 2024. Request for Placement on the IUP due to the MPFA June 2, 2023	<a href="http://www.mn.gov/office-of-the-governor/press-releases/2023-03-14-cwrf-loans">www.mn.gov/office-of-the-governor/press-releases/2023-03-14-cwrf-loans</a>	Bill Dunn, Clean Water Revolving Fund Coordinator Minnesota Pollution Control Agency 520 Lafayette Road North Saint Paul, MN 55155-4194 651-751-2324 or bill.dunn@state.mn.us
Clean Water State Revolving Fund - Drinking Water	Water Quality	MN	MN Public Facilities Authority (MPFA)	Non-Federal	The Clean Water State Revolving Fund, is established under the Federal Clean Water Act and state law to make loans to point source (wastewater and stormwater) and nonpoint source water pollution control projects. The Public Facilities Authority (PFA) prepares an annual Intended Use Plan (IUP) based on a Project Priority List (PPL) developed by the MPFA. The IUP describes the projects and activities eligible for funding during the state fiscal year. The Minnesota Department of Health is soliciting requests to place new projects on the Drinking Water Revolving Fund (DWRF) Project Priority List (PPL). Projects must be on the list to be eligible for below market rate DWRF loans to improve public drinking water systems. Typical projects include watermain, wells, water treatment plants and water towers. Funding is not for expansion of water systems to serve future growth or for the replacement of infrastructure.	Cities, counties, townships, sanitary districts or other governmental subdivisions responsible for wastewater treatment are eligible.	Below market rate, low-interest loans, principal forgiveness or grants to local governments.	6 months after Intended Use Plan is approved	<a href="https://www.mn.gov/office-of-the-governor/press-releases/2023-03-14-cwrf-loans">https://www.mn.gov/office-of-the-governor/press-releases/2023-03-14-cwrf-loans</a>	Becky Sabin, Program Coordinator 651-259-7470
Regional Sustainable Development Partnerships	Natural Resources/ Habitat Protection	MN	University of MN Extension	Non-Federal	The Regional Sustainable Development Partnerships (RSDP) bring together community and University knowledge and resources to drive sustainability in four focus areas: agriculture and food systems, clean energy, natural resources and resilient communities. We support local projects through five regional boards made up of community members and University faculty and staff. We also support multi-region food systems work across Greater Minnesota and provide energy programming through the Clean Energy Resource Teams.	Any individual or organization.	No funding guidelines given.	Applications can be submitted at any time and are reviewed within specific application periods.	<a href="https://www.extension.umn.edu/rsdp/">https://www.extension.umn.edu/rsdp/</a>	Kathryn Draeger Statewide Director, Regional Sustainable Development Partnerships draeger@tbnm.edu 612-625-3148 (Regional Executive Director information on website)
Conference and Training Support for Coastal Management	Natural Resources/ Habitat Protection	MN	MN DNR	Non-Federal	The MN DNR is offering grants to eligible partners for hosting conferences, meetings, retreats, seminars, symposiums, workshops, training or other events. The primary purpose of these events must be providing technical information; participants will enhance their skills and knowledge for managing coastal resources and development through the course of the conference. Partners can use grant funding to send staff, community leaders and resource managers to conferences. Events must be related to coastal management including protecting/restoring coastal habitats, increasing resilience to coastal hazards, managing public access to coasts, etc. This year we have four capacity grant options: Conference and Training Support, Climate Action, Technology Upgrade, Youth Education.	Cities, townships and counties within the coastal area; area-wide agencies; regional planning agencies; state agencies; non-profit organizations; college and universities; public school districts in the coastal area; conservation districts; port authorities; tribal governments; joint powers boards; sanitary sewer districts.	Maximum award of \$4,500, 10% match required	Applications are due at least 30 days in advance of the conference.	<a href="https://www.dnr.state.mn.us/waters/development/grants/retire.htm_mds@mn.dnr.mn.us">https://www.dnr.state.mn.us/waters/development/grants/retire.htm_mds@mn.dnr.mn.us</a> <a href="https://www.dnr.state.mn.us/waters/development/grants/retire.htm_mds@mn.dnr.mn.us">https://www.dnr.state.mn.us/waters/development/grants/retire.htm_mds@mn.dnr.mn.us</a>	Cynthia Poythorn, Grants Specialist (218) 834-1447 or Cynthia.poythorn@state.mn.us
Carver County Cost-Share Program	Water Quality	MN	Carver County	Non-Federal	Carver County Water Management Organization funds a cost share program to promote citizens to use Innovative Best Management Practices (BMPs) to protect and restore the quality of water within the county. The goal of the program is to increase the awareness of water quality issues affecting the county and at the same time have citizens take an active role in the protection and/or restoration of the environment. In cooperation with both County Staff and Private Citizens, this program will continue the strong tradition of protecting the natural resources of this great county.	This program is available to anyone that is a citizen of Carver County, municipalities, and private businesses located within the Carver County Water Resource Management Area. Some areas of the County are located outside the CCRWMO boundaries and are included in Riley Purgatory Bluff Creek Watershed District or Lower MN River Watershed District.	The program will cover 75% of eligible costs up to a maximum reimbursement of \$5000. This is a competitive grant program, with the possibility of grant requests not obtaining funding. If the annual funding for a fiscal year is depleted, project applications for the year will be held over to the following year. These projects will be prioritized by the date in which the application was turned in.	Applications accepted all year.	<a href="https://www.co.carver.mn.us/departments/independent-agencies/ind-water-conservation/best-management-practices/bmp-cost-share">https://www.co.carver.mn.us/departments/independent-agencies/ind-water-conservation/best-management-practices/bmp-cost-share</a> <a href="https://www.co.carver.mn.us/departments/independent-agencies/ind-water-conservation/best-management-practices/bmp-cost-share">https://www.co.carver.mn.us/departments/independent-agencies/ind-water-conservation/best-management-practices/bmp-cost-share</a>	Terry Mailer Resource Conservationist 952-466-5230 tmailer@co.carver.mn.us
Great Lakes Protection Fund - A Call for People, Ideas, and Projects	Natural Resources/ Habitat Protection	MN	Great Lakes Protection Fund	Non-Federal	Projects must deliver ecosystem improvements in the Great Lakes that are real and regionally significant. Real improvements are measurable positive changes to significant physical, chemical, or biological impairments in the Great Lakes ecosystem. Regionally significant improvements show increasing system-wide economic and potential for impact at the scale of the ecosystem.	This includes for-profit businesses, non-profit organizations, universities, governmental agencies, and individuals. Your team doesn't need to be located within the Great Lakes region, but your project must have a positive impact on the region's ecosystem.	Budget requests should reflect the full amount of funds necessary to complete the proposed work. Past awards have ranged from \$25,000 to \$1.5 million. Matching funds are not necessary. The fund will support overhead costs at a maximum of 15% of project costs.	Applications accepted all year.	<a href="https://glpf.org/grant-and/or-projects-wanted/">https://glpf.org/grant-and/or-projects-wanted/</a>	847-425-8150 or startaconversation@glpf.org
Brownfield Gap Financing Program	Brownfields	MN	Hennepin County	Non-Federal	Managed by Minnesota Brownfields and funded through Hennepin County's Environmental Response Fund (ERF), the Brownfield Gap Financing Program provides small grants to nonprofit developers to close gaps in project costs for environmental assessment and cleanup of property in Hennepin County. Funded activities include identification and, in some cases, remediation of unexpected environmental issues (such as unanticipated Phase I and II investigations or small-scale cleanups). Preparation for a larger funding request from the County's ERF.	Eligible applicants for this program must be registered as a non-profit within the State of Minnesota, a community group, a government supported organization, or a government entity located within Hennepin County. Applicants must own the property, have a purchase or lease agreement in place, or have a letter of intent to purchase by the applicant from the property owner.	Typical Brownfield Gap Financing Program grants are less than \$15,000.	Applications accepted all year.	<a href="https://2023-gap-financing-program.hennepincounty.org/">2023 GAP Financing Program hennepincounty.org</a>	Heidi Timm Bjad grants@hennepin.org
Capitol Region Watershed District (CRWD) Clean Water Project Grants	Water Quality	MN	Capitol Region Watershed District (CRWD)	Non-Federal	Clean Water Project Grants provide technical and financial assistance to residents, non-profits, schools, businesses, and public agencies within Capitol Region Watershed District (CRWD) to build projects that prevent stormwater pollution from entering our lakes and the Mississippi River. Specifically, the program funds BMPs that reduce stormwater runoff, prevent erosion and filter pollutants. Typical BMP projects include but are not limited to: 1) rain gardens, 2) shoreline restoration, 3) water reuse systems, 4) permeable hardscapes (pavers, asphalt, etc.) 5) green roofs. Clean Water Projects demonstrating innovative design concepts that may provide less water quality benefits but provide other substantial community benefits must contact the CRWD Stormwater BMP Specialist for additional application and program requirements.	Any resident, non-profit, school, business, and public agency within CRWD's boundaries is encouraged to apply.	Awards range from \$500 to \$200,000 Match requirements: 5% for residential, public agencies and non-profits; and 25% for business and other for-profit organizations. Projects in Saint Anthony Hill, Trout Brook, and Phalen Creek subwatersheds require lower match rates: residential: none, public agencies and non-profits: 5% businesses and for-profit organizations: 10%.	Applications accepted all year.	<a href="https://www.waterprojectgrants.crwd.org/about-us/">Clean Water Project Grants - CRWD (capitolregion.org)</a>	For questions or to submit an application, please contact Joe Lochner at Ramsey County Soil & Water Conservation District at 651-266-7273 or joseph.lochner@co.ramsey.mn.us
Conservation Initiative Funding Program	Water Quality	MN	Dakota County Soil & Water Conservation District	Non-Federal	The Dakota SWCD offers funding and/or technical assistance for projects that demonstrate innovative stormwater management, low impact development and/or conservation design principles.	Dakota County land owners, developers, and local units of government	\$25,000 maximum cost share to reimburse applicant for up to 85% actual project cost	Applications accepted all year.	<a href="https://daktadistated.org/services/conservation/#_text=Cham%20Conservation%20Bureau%20Program%20FAQ%20-%20How%20to%20Apply%20-%202023%20Season">https://daktadistated.org/services/conservation/#_text=Cham%20Conservation%20Bureau%20Program%20FAQ%20-%20How%20to%20Apply%20-%202023%20Season</a> <a href="https://daktadistated.org/services/conservation/#_text=Cham%20Conservation%20Bureau%20Program%20FAQ%20-%20How%20to%20Apply%20-%202023%20Season">https://daktadistated.org/services/conservation/#_text=Cham%20Conservation%20Bureau%20Program%20FAQ%20-%20How%20to%20Apply%20-%202023%20Season</a>	Contact Dakota County SWCD (855) 480-7777
Clean Water Partnership Loan Program	Water Quality	MN	MPCA	Non-Federal	The Clean Water Partnership (CWP) program offers low-interest loans to local units of government for implementing nonpoint-source best management practices and other activities that target the restoration and protection of water resources such as lakes, streams, or groundwater aquifers. Funds can be used for any non-point BMP, including wetland protection, inflow and infiltration (residential laterals), green infrastructure, SSTS upgrades/replacements, wetland or stream restorations, and many more!	To be eligible, projects must address a nonpoint-source pollution issue. Projects under enforcement, permitted wastewater treatment plants, and projects addressing bedload NPDES or stormwater permit requirements are not eligible.	About \$5.5 million in loans will be available. The maximum loan award is \$750,000 with the potential to increase by \$500,000. Interest rate 1.5%. No matching funds are required.	Applications will be accepted on a rolling basis; funding will be approved based on available loan funds.	<a href="https://www.mn.gov/office-of-the-governor/press-releases/2023-03-14-cwrf-loans">https://www.mn.gov/office-of-the-governor/press-releases/2023-03-14-cwrf-loans</a>	Cindy O'Brien: cynthia.obrien@state.mn.us or 651-757-2099
Environmental Quality Incentives Program	Water Quality	All States	USDA NRCS	Federal	The Environmental Quality Incentives Program (EQIP) is a voluntary conservation program that helps agricultural producers in a manner that promotes agricultural production and environmental quality as compatible goals. Through EQIP, agricultural producers receive financial and technical assistance to implement structural and management conservation practices that optimize environmental benefits on working agricultural land.	Agricultural producers and forest landowners	Submitted applications may be considered or evaluated in multiple funding pool opportunities.	EQIP applications are accepted on a continuous basis; however, NRCS establishes application "cut-off" or submission deadline dates for evaluation.	<a href="https://www.nrcs.usda.gov/soil/water/conservation/conservation-program/financial/">https://www.nrcs.usda.gov/soil/water/conservation/conservation-program/financial/</a>	Brenda Tomm, Program Specialist Phone: 651-602-7883 Email: brenda.tomm@mn.usda.gov

Special Opportunity Grant Program	Water Quality	All States	Freshwater Future	Non-Federal	The Special Opportunity Grants Program (Emergency Grants) is for the aquatic habitat protection efforts that may not coincide with the application timeline or grant period for the Projects Grants Program. Freshwater Future wants that many grassroots projects can be completed for under \$500 USD, therefore we maintain a reserve to support urgent projects or those that present a special, time-limited opportunity. Although the eligibility, overarching goal, priority program areas, and evaluation criteria are the same as the regular grants programs, Special Opportunity Grant (SOG) requests are processed differently to ensure quick turnaround.	Eligible applicants include Tribes, townships, cities, counties, watershed districts, municipal water management commissions, or joint powers board whose members are townships, cities, or counties.	Typically \$500 or less. Maximum of \$750	Applications accepted all year as long as funding is available	<a href="https://freshwaterfuture.org/special-opportunity-grants/">https://freshwaterfuture.org/special-opportunity-grants/</a>	Laurie, laurie@freshwaterfuture.org
Water & Waste Disposal Loan and Grant Program	Water/Wastewater	All States	USDA	Federal	This program provides funding for clean and reliable drinking water systems, sanitary sewage disposal, sanitary solid waste disposal, and storm water drainage to households and businesses in eligible rural areas. The project funds may be used to finance the acquisition, construction, or improvement of drinking water sourcing, treatment, storage and distribution, sewer collection, transmission, treatment, and disposal, solid waste collection, disposal and closure, stormwater collection, transmission, and disposal.	This program assists qualified applicants who are not otherwise able to obtain commercial credit on reasonable terms. Eligible applicants include: Most state and local governmental entities in rural towns of 10,000 or less Private nonprofits Federally-recognized tribes	Long term, low interest loans If funds are available, a grant may be combined with a loan if necessary to keep user costs reasonable.	Applications accepted all year.	<a href="https://www.rh.usda.gov/programs-services/water-waste-disposal-loan-grant-program">https://www.rh.usda.gov/programs-services/water-waste-disposal-loan-grant-program</a>	Contact Local RD State Offices: <a href="https://www.rh.usda.gov/contact-us/state-offices">https://www.rh.usda.gov/contact-us/state-offices</a>
RFB/CWD Grants	Water Quality	MN	Riley-Purgatory Bluff Creek Watershed District	Non-Federal	Grants are available for projects that improve watershed resources, foster water resources stewardship, increase awareness of the vulnerability of watershed resources, increase familiarity with and acceptance of solutions to improve waters. Project examples: rain gardens, pervious asphalt and pavers, shoreline and streambank restoration, volume reduction and runoff treatment practices, wetland restoration.  Grant Programs: -Watershed Stewardship Grants -Action Grants -Educator Grants	Residential property owners, non-profit organizations, commercial property owners, and governments are eligible. Must be located in the Riley-Purgatory Bluff Creek Watershed District.	Maximum Stewardship Grant Awards: Residential: \$5,000 (up to 75% of project cost) Non-profits: \$20,000 (up to 75% of project cost) Commercial and government: \$50,000 (up to 50% of project cost)  Action Grant: Up to \$250 Educator Grant: \$50 to \$400	Applications accepted all year.	<a href="http://www.rfbcd.org/grants">http://www.rfbcd.org/grants</a>	Liz Forbes, Grant coordinator 952-607-6481 lforbes@rfbcd.org
Citizen Conservation Stewards	Water Quality	MN	Dakota County Soil & Water Conservation District	Non-Federal	Program supports smaller conservation practices on individual properties by providing technical and cost share assistance. Funds non-agricultural water quality projects that preserve or restore natural resources.	Dakota County property owners	Up to \$5,000 available to fund each project, up to 85% of total cost.	Applications accepted all year.	<a href="https://dakotacounty.gov/services/conservation/">https://dakotacounty.gov/services/conservation/</a>	Contact Dakota County SWCD (852) 480-7777
Brownfield assessment grants	Brownfields	MN	MPCA	Federal	The MPCA has grant money available from the U.S. EPA to fund environmental assessments of brownfield properties, to support redevelopment and reuse. The work is performed by MPCA contractors at no cost to the grant recipients. The grant can be used for:  - Phase I and Phase II environmental site assessments - Sampling and analysis/placement plans - Hazardous materials building surveys to identify lead and asbestos - Preparation of response action plans - Community engagement for reuse planning - MPCA Brownfield Program fees.	Eligible sites in Minnesota can be publicly or privately owned with known or suspected contamination. Applicants cannot be a responsible party for the contamination.	Approximately \$90,000 per year available	Applications are accepted on a rolling basis	<a href="https://www.mn.gov/department-environment/land-use-planning/brownfield-assessment-grants">Brownfield assessment grants   Minnesota Pollution Control Agency (state.mn.us)</a>	brownfield@mcpa.state.mn.us
Environmental assistance loans	Water Quality	MN	MPCA	Non-Federal	Financial assistance to accelerate the application and/or improvement of environmental processes and technologies in Minnesota by providing assistance for the capital costs (machinery and equipment) of eligible projects. Priority eligible projects include green chemistry, pollution prevention, source reduction, recycling, and source-separated compostable materials.	Priority eligible applicants are Minnesota-based, small- to medium-sized businesses and political subdivisions of Minnesota.	Participatory loans provide for awards up to a maximum loan of \$20,000 at zero percent interest. Direct loans are limited to businesses/entities and provide for awards up to a maximum loan of \$50,000 at four percent interest or half the prime rate, whichever is greater.	The model is based on a revolving funding model, where additional funding is made available as past recipients repay their loans.	<a href="https://www.mn.gov/department-environment/land-use-planning/environmental-assistance-loans">Environmental assistance loans   Minnesota Pollution Control Agency (state.mn.us)</a>	Jeanine Gwin 651-757-2459 jeanine.gwin@state.mn.us
Minnesota Conservation Reserve Enhancement Program (MN CREP) Outreach and Implementation Program	Natural Resources/Habitat Protection	MN	BWSR	Non-Federal	MN CREP is a voluntary, federal state funded natural resource conservation program that uses a science based approach to target environmentally sensitive land. MN CREP will focus on four main Conservation Practices: grass filter strips, wetland restoration (floodplain and non-floodplain), and wetland protection areas. The purpose of this project is to accelerate staff capacity to deliver the MN CREP funds.	Soil and water conservation districts within the CREP project area (southern MN 14 counties)	Up to \$4,401,933 in funding is available to increase the FBA staff full-time equivalents, reassign existing non-FBA staff priorities to focus on CREP, and/or secure new staff.	All year	<a href="https://www.state.mn.us/crep/outreach-and-implementation-program/">https://www.state.mn.us/crep/outreach-and-implementation-program/</a> <a href="https://www.mn.gov/department-environment/land-use-planning/conservation-reserve-enhancement-program/">https://www.mn.gov/department-environment/land-use-planning/conservation-reserve-enhancement-program/</a> <a href="https://www.mn.gov/department-environment/land-use-planning/conservation-reserve-enhancement-program/">https://www.mn.gov/department-environment/land-use-planning/conservation-reserve-enhancement-program/</a>	Dusty Van Thyme dustyv@state.mn.us 651-508-0000
Federal Clean Water Act Section 319 Grants (TMDL or WRAPS implementation projects)	Water Quality	MN	MPCA (Federal Funds)	Federal	The Minnesota Pollution Control Agency's (MPCA's) Section 319 grant program is seeking applications for projects to implement best management practices (BMPs) that will reduce nonpoint source pollution (NPS) in Minnesota's lakes, rivers, and streams. Eligible projects must be in an identified critical area of the watershed and have an EPA-approved total maximum daily load (TMDL) for the waterbody. The projects must have an EPA-approved TMDL by Friday, March 2, 2018.	Public and private entities are eligible. To be considered for Section 319 funding, the project sponsor (the entity responsible for the project and its overall success) must have a Federal Identification Number. Eligible projects must implement best management practices (BMPs) that will reduce nonpoint source pollution (NPS) in Minnesota's lakes, rivers, and streams. Eligible projects must be in an identified critical area of the watershed and have an Environmental Protection Agency (EPA)-approved total maximum daily load (TMDL) on that waterbody, which must be approved by the close of the application period, Friday, March 2, 2018.	\$1.8 million is expected to be available. There is no maximum grant amount, \$50,000 minimum grant amount. 40% match required.	Applications accepted all year. Semi-annual reporting is due on February 1 for the period July 1 through Dec. 31 and August 1 for the period Jan. 1 through June 30.	<a href="https://www.pca.state.mn.us/water/section-319-grants-participations-and-section-319-program">https://www.pca.state.mn.us/water/section-319-grants-participations-and-section-319-program</a>	Cindy Osborn (651) 757-2099

Eligible projects include dam reconstruction, repair, and removal.	Cities, counties, townships, watershed districts	Reimbursement of costs, up to 50% for repairs, up to 100% for removals. Grants have ranged from \$25,000 to \$1,000,000	Before filing out the application, contact your area hydrologist or Jason Boyle, State Dam Safety Engineer	<a href="https://www.dnr.state.mn.us/waters/surfacewater_section/dam_safety_grants.html">https://www.dnr.state.mn.us/waters/surfacewater_section/dam_safety_grants.html</a>	Jason Boyle, State Dam Safety Engineer DNR Division of Waters 1880 299-5715 E-mail: <a href="mailto:jason.boyle@dnr.state.mn.us">jason.boyle@dnr.state.mn.us</a>
National Water Quality Initiative Source Water Protection Area Program	Water Quality	All States	NRCS	Federal	NWQI Source Water Protection Area projects focus on addressing specific agriculturally related source water protection needs by channeling NRCS conservation program funding to agricultural producers in identified watersheds to implement practices that help to protect sources of drinking water. PROSD funding may be used to continue currently approved watersheds and source water protection areas, request new watersheds for the implementation and readiness phases of NWQI, request to withdraw current NWQI watersheds.	State conservationists proposing priority watersheds (12-digit HUCs) with impaired or threatened water bodies in collaboration with the state water quality agency and other partners.	\$30 million allocated	Contact	<a href="https://www.nrcs.usda.gov/wps/portal/nrcs/detail/national/water/?cid=stpr081047781">https://www.nrcs.usda.gov/wps/portal/nrcs/detail/national/water/?cid=stpr081047781</a>	John Bulbough Conservation Initiatives Coordinator <a href="mailto:john.bulbough@usda.gov">john.bulbough@usda.gov</a>
Watershed and Flood Prevention Operations (WFPO) Program	Water Quantity	All States	NRCS	Federal	The Watershed Protection and Flood Prevention (WFPO) Program helps units of federal, state, local and federally recognized tribal governments (project sponsor) protect and restore watersheds.	States, local governments and tribal organizations	\$500 million available annually until expended 1:1 cost share is required	Estimated application opening dates are the first quarter of each year. Contact for more information.	<a href="https://www.nrcs.usda.gov/wps/portal/nrcs/detail/national/water/?cid=stpr081047781">Watershed and Flood Prevention Operations - National Wildlife Federation Nature-based Funding Database (nwf.com)</a>	Contact local USDA Service Center <a href="https://www.farmers.gov/working-with-us/service-center-locator">https://www.farmers.gov/working-with-us/service-center-locator</a>
Corps Water Infrastructure Financing Program (CWIFP)	Water Quantity	All States	USACE	Federal	Long-term, low-cost loans from the U.S. Army Corps of Engineers to enable local investment in projects that enhance community resilience, promote economic prosperity, and improve environmental quality. Projects must be non-federally owned, operated, and maintained. Projects can include 1) flood damage reduction, hurricane and storm damage reduction, environmental restoration, coastal or inland harbor navigation improvement, or inland and intracoastal waterways navigation improvement and 2) Acquisition of real property or an interest in real property. The acquisition must either be integral to the project or would mitigate the environmental impacts of water resource infrastructure projects otherwise eligible for CWIFP credit assistance.	Prospective borrowers can be a corporation, partnership, joint venture, trust, state or local governmental entity, agency or instrumentality, a tribal government or consortium of tribal governments, or a state infrastructure financing authority	Current appropriations enable the CWIFP to provide up to \$7.2B in loans for maintaining, upgrading and repairing dams for any non-Federal borrowers. The program is open to projects or bundles of projects that have a total cost of \$20M or more.
