Great Lakes Fish and Wildlife Restoration Act	Natural Resources/Habitat Protection	Great Lakes Basin States	USFWS	Federal	The Service requests interested entities to submit restoration, research and Regional project proposals for the restoration of Great Lakes fish and wildlife resources. The purpose of the Act is to provide assistance to States, Indian Tribes, and other interested entities to encourage cooperative conservation, restoration and management of the fish and wildlife resources and their habitats in the Great Lakes Basin.	Eligible applicants include states, Indian tribes, and other interested entities.	Approximately \$1.2 million in funds will be available. 25% non-federal match required.	January 7, 2019	<a href="http://www.fws.gov/midwest/fisheries/glfwra-grants.html">http://www.fws.gov/midwest/fisheries/glfwra-grants.html</a>	Mr. Rick Westerhof U.S. Fish and Wildlife Service Green Bay Fish and Wildlife Conservation Office 6644 Turner Road Elmira, Michigan 49730 Email: Rick_Westerhof@fws.gov Phone: 231-584-3553
Conservation Partners Legacy Grant Program - Expedited Conservation Projects	Natural Resources/Habitat Protection	MN	MN DNR	Non-Federal	Grant program to restore or enhance prairies, wetlands, forests, or habitat for fish, game, or wildlife in Minnesota. Program provides non-competitive grants from \$5,000 to \$50,000 with a 10% non-state match requirement, and project cost cap of \$75,000. Restoration and enhancement projects will only be funded on lands in public ownership or waters designated as public waters. All project sites must be open to the public for all seasons of hunting and fishing.	Eligible applicants are limited to local, regional, state, and national non-profit organizations, including government entities. Private individuals and for-profit organizations are not eligible to apply for these grants. Continuous grant cycle - grant awards made every other month until all funds are awarded (up to 5 rounds). Projects must be on public lands or waters.	Non-competitive grants from \$5,000-\$50,000 with a 10% non-state match requirement and a total project cost cap of \$575,000.	ECP Round 3: January 14, 2019 ECP Round 4: March 18, 2019 ECP Round 5: May 13, 2019	<a href="http://www.dnr.state.mn.us/grants/habitat/cpl/ecp-grant-cycle.html">http://www.dnr.state.mn.us/grants/habitat/cpl/ecp-grant-cycle.html</a>	LSCPLGrants.DNR@state.mn.us Jessica Lee, CPL Grant Program Coordinator 651-259-5233 (St. Paul) Conservation Partners Legacy Grant MN DNR 500 Lafayette Road Box #20 St. Paul, MN 55155
AIS Prevention Grant Program	Water Quality	MN	Hennepin County	Non-Federal	Grant funds are available to help local units of government and organizations implement projects that prevent the spread of aquatic invasive species. Eligible project activities include: assessing the risk of AIS introduction and the resources available to respond; broadening the knowledge and participation in early detection and rapid response; prevent the spread of AIS; researching and addressing specific pathways of introduction; increasing enforcement resources; increasing public awareness and participation in prevention.	Eligible recipients include local government agencies, nonprofit organizations, public companies and institutions, and private for-profit companies.	Approximately \$300,000 in funding is available this round. <b>No match required.</b> Projects with match funds, expand on existing programs, or are innovative rank higher. Typical award from \$15,000 - \$25,000, maximum award \$50,000.	January 14, 2019	<a href="http://www.hennepin.us/aisprevention">http://www.hennepin.us/aisprevention</a>	Tony Brough tony.brough@hennepin.us 612-348-4378
WaterSMART Cooperative Watershed Management Program Phase II Grant	Water Quantity	All States	Bureau of Reclamation	Federal	Through WaterSMART Water and Energy Efficiency Grants (formerly Challenge Grants) Reclamation provides 50/50 cost share funding to irrigation and water districts, tribes, states and other entities with water or power delivery authority. Projects conserve and use water more efficiently; increase the production of hydropower; mitigate conflict risk in areas at a high risk of future water conflict; and accomplish other benefits that contribute to water supply reliability in the western United States. Projects are selected through a competitive process and the focus is on projects that can be completed within two or three years.	States, Indian tribes, irrigation districts, water districts, or other organizations with water or power delivery authority located in the western United States or United States Territories as identified in the Reclamation Act of June 17, 1902, as amended and supplemented; specifically: Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming, American Samoa, Guam, the Northern Mariana Islands, and the Virgin Islands	A total of up to \$100,000 in Federal funds may be awarded to an applicant over the two-year period, with no more than \$50,000 to be available per year.	January 30, 2019	<a href="https://www.grants.gov/web/grants/search-grants.html?keywords=watersmart%202017">https://www.grants.gov/web/grants/search-grants.html?keywords=watersmart%202017</a>	Darren Olson 303-445-3697 DOLson@usbr.gov
WaterSMART Small-Scale Water Efficiency Grants	Water Quantity	All States	Bureau of Reclamation	Federal	This opportunity is for small improvements that have been identified through previous planning efforts. Projects eligible for funding include installation of flow measurement or automation in a specific part of a water delivery system, lining of a section of a canal to address seepage, small rebate programs that result in reduced residential water use, or other similar projects that are limited in scope.	States, Indian tribes, irrigation districts, water districts, or other organizations with water or power delivery authority located in the western United States or United States Territories as identified in the Reclamation Act of June 17, 1902, as amended and supplemented; specifically: Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming, American Samoa, Guam, the Northern Mariana Islands, and the Virgin Islands	Required match of at least 50% of project costs. Total project costs not to exceed \$750,000. Approximately \$3.25 million in funding is available.	January 30, 2019	<a href="http://www.grants.gov/web/grants/search-grants.html?keywords=watersmart%202017">http://www.grants.gov/web/grants/search-grants.html?keywords=watersmart%202017</a>	Kevin Connolly 303-445-2221 KConnolly@usbr.gov
Rural Energy for America Program - Renewable Energy and Energy Efficiency - Loans	Environmental & Education	All States	USDA	Federal	USDA is offering loan guarantees for up to 75 percent of total project costs for renewable energy systems and energy efficiency improvements. Eligible renewable energy projects must incorporate commercially available technology. This includes renewable energy from wind, solar, ocean, small hydropower, hydrogen, geothermal and renewable biomass (including anaerobic digesters). Energy efficiency improvement projects eligible for REAP funding include lighting, heating, cooling, ventilation, fans, automated controls and insulation upgrades that reduce energy consumption.	Agricultural producers with at least 50% of gross income coming from agricultural operations, and small businesses in eligible rural areas.	The maximum loan amount is \$25 million, up to 75% of total project cost.	Less than \$20,000: April 1, 2019 Unrestricted Loan: April 1, 2019 Energy Audit/Renewable Energy Development Grants: January 31, 2019	<a href="http://www.rd.usda.gov/programs-services/rural-energy-america-program-renewable-energy-systems-energy-efficiency">http://www.rd.usda.gov/programs-services/rural-energy-america-program-renewable-energy-systems-energy-efficiency</a>	Ron Omann, USDA Rural Development 375 Jackson St., Suite 410 St. Paul, MN 55101 (651)-602-7796 Ron.Omann@mn.usda.gov http://www.rd.usda.gov/mn

Pre-Disaster Mitigation	Water Quantity	All States	FEMA	Federal	The goal of the PDM grant program is to reduce overall risk to the population and structures, while at the same time reducing reliance on federal funding from Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) disaster declarations. FEMA will select eligible planning and project sub-applications that limit duplication of other HMA programs by prioritizing funding in areas without post-disaster funding available through the Hazard Mitigation Grant Program (HMGP). As directed by the Congressional appropriations language, FEMA will use the majority of the PDM funding for mitigation projects.	State, local, and tribal governments	\$235.2 million is available for FY18 PDM grants. FEMA will provide allocations to states and territories which fulfill statutory requirements and will set aside \$15 million for federally recognized tribes. The balance of funds will be for the competitive mitigation activities with a major focus on resilient infrastructure.	January 31, 2019	<a href="https://www.fema.gov/pre-disaster-mitigation-grant-program">https://www.fema.gov/pre-disaster-mitigation-grant-program</a>	Mitigation eGrants System Helpdesk Phone: 1-855-228-3362 MTEGrants@fema.dhs.gov
Flood Mitigation Assistance	Water Quantity	All States	FEMA	Federal	The Flood Mitigation Assistance (FMA) Program makes available Federal funds to State, Local and Tribal Governments to reduce or eliminate the risk of repetitive flood damage to buildings and structures insured under the National Flood Insurance Program (NFIP). This program addresses one of the five missions of DHS, as specified in the Quadrennial Homeland Security Review: Strengthen National Preparedness and Resilience as well as the national preparedness goal of mitigation, as specified in the Presidential Policy Directive (PPD-8).	Local governments, including cities, townships, counties, special district governments, and Native American tribal organizations are considered Subapplicants and must submit subapplications for mitigation planning and projects to their State/Territory Applicant agency.	The maximum federal share for FMA planning sub-applications is as follows: • Up to \$100,000 for community flood mitigation advance assistance • Up to \$10,000,000 for community flood mitigation projects • \$50,000 for Technical Assistance for states/territories who were awarded FMA Grant Program funds totaling at least \$1,000,000 in FY 2017. • \$100,000 per Applicant for mitigation planning with a maximum of \$50,000 for state plans and \$25,000 for local plans.	January 31, 2019	<a href="https://www.fema.gov/flood-mitigation-assistance-grant-program">https://www.fema.gov/flood-mitigation-assistance-grant-program</a>	Contact information for the State Hazard Mitigation Officers (SHMOs) is provided on the FEMA website: <a href="http://www.fema.gov/state-hazard-mitigation-officers">http://www.fema.gov/state-hazard-mitigation-officers</a> .
Brownfields Assessment, Revolving Loan Fund, and Cleanup Competitive Grants	Brownfields	All States	US EPA	Federal	These brownfields grants may be used to address sites contaminated by petroleum and hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum).  Note: There are several trainings available that provide additional guidance on how to best submit an application. See their website for more information: <a href="http://www.epa.gov/brownfields/applicat.htm">http://www.epa.gov/brownfields/applicat.htm</a>	Assessment Grant: Local units of government and government entities. Non-profit organizations are not eligible.  Cleanup Grant: Local units of government, government entities, and non-profit organizations.	Opportunities for funding are as follows: Brownfields Assessment Grants (each funded up to \$200,000 over three years); Assessment Coalitions are funded up to \$600,000 over three years) and Brownfields Cleanup Grants (each funded up to \$200,000 over three years). Please note that applicants who received an Assessment grant from EPA in Fiscal Year 2014 (FY14) are eligible to apply under this competition. If the applicant was a member of a coalition that was awarded a grant in FY14, that applicant is also eligible to apply under this assessment competition.	January 31, 2019	<a href="https://www.epa.gov/brownfields/multipurpose-assessment-rf-and-cleanup-marc-grant-application-resources">https://www.epa.gov/brownfields/multipurpose-assessment-rf-and-cleanup-marc-grant-application-resources</a>	If you have any questions on how to apply for a grant or wish to discuss if your project is eligible, please contact Tom Stolle, EPA Region 3 Brownfields Coordinator, at 215-814-3129 or <a href="mailto:stolle.tom@epa.gov">stolle.tom@epa.gov</a> .

Five Star & Urban Waters Restoration Program	Natural Resources/Habitat Protection	All States	National Fish and Wildlife Foundation	Non-Federal	The Five Star and Urban Waters Restoration Grant Program seeks to develop community capacity to sustain local natural resources for future generations by providing modest financial assistance to diverse local partnerships focused on improving water quality, watersheds and the species and habitats they support. Projects include a variety of ecological improvements including: wetland, riparian, forest and coastal habitat restoration; wildlife conservation; community tree canopy enhancement; and/or water quality monitoring and stormwater management; along with targeted community outreach, education and stewardship. NFWF may use a mix of public and private funding sources to support any grant made through this program and priority will be given to projects that advance water quality goals in underserved communities.	Eligible applicants include non-profit 501(c) organizations, state government agencies, local governments, municipal governments, Indian tribes and educational institutions. Ineligible applicants include: unincorporated individuals, businesses, international organizations and U.S. Federal government agencies.	A total of approximately \$2,500,000 is expected to be available. Awards range from \$20,000-\$50,000, with an average award of \$30,000 and 40-50 grants awarded. Projects span 1-2 years. Projects are required to meet or exceed a 1:1 match of funds awarded.	January 31, 2019	<a href="https://www.nfwf.org/fivestar/Pages/2019frp.aspx">https://www.nfwf.org/fivestar/Pages/2019frp.aspx</a>	Danny Bowater Coordinator, Community-Based Conservation 202-595-2434 daniel.bowater@nfwf.org
Capitol Region Watershed District (CRWD) Water Quality Capital Improvement Grants	Water Quality	MN	Capitol Region Watershed District (CRWD)	Non-Federal	Capitol Region Watershed District (CRWD) Water Quality Capital Improvement Grants provide financial assistance for final engineering and construction of cost-effective and/or innovative projects that protect and improve the water quality of waterbodies within CRWD. Successful applicants have a minimum of a completed water quality feasibility study and are typically planning on construction within a year of applying. Applicant matching funds are not required but are encouraged. The goals of this grant are to: -Support on-the-ground projects that improve water quality by decreasing stormwater runoff and pollutants and/or preserve, protect, and/or restore plant and wildlife communities adjacent to lakes, rivers, and wetlands -Establish links between people and water resources through education -Provide demonstration of innovative and effective management practices -Foster stewardship of CRWD water resources from residents, businesses, schools, community groups and others who live, work or serve within CRWD	Government agencies, public and private schools, non-profit, faith-based or religious organizations, businesses or other private property owners who are located within CRWD	The construction and construction management expenses must exceed \$40,000. No match is required, but it is encouraged. Typical annual funding available: \$300,000 to \$500,000 Average grant award: \$100,000	Funds may be available in Spring 2019 if there are remaining funds after the first round.	<a href="http://www.capitolregionwd.org/our-work/grants/special-grants/">http://www.capitolregionwd.org/our-work/grants/special-grants/</a>	Nate Zqonitzer (651) 644-8888
Great Lakes Habitat Restoration Regional Partnership Grants	Water Quality	Great Lakes Basin States	NOAA	Federal	NOAA is soliciting applications for grants and/or cooperative agreements to be awarded as part of the Great Lakes Restoration Initiative. Great Lakes coastal habitats support valuable fisheries and important coastal resources, improve the quality of our water, provide recreational opportunities for the public's use and enjoyment, and increase the resilience of our coastal communities to the effects of changing climatic conditions. Through this solicitation NOAA will provide federal financial and technical assistance to habitat restoration projects that both meet NOAA's mission to restore coastal habitats and support the Great Lakes Restoration Initiative goal to protect and restore habitats to sustain healthy populations of native fish species in the eight U.S. Great Lakes states.	Eligible applicants are institutions of higher education, non-profit organizations, for-profit organizations, foreign public entities and foreign organizations, and state, local and Indian tribal governments. Applications from federal agencies or employees of federal agencies will not be considered. Federal agencies are strongly encouraged to work with states, non-governmental organizations, municipal and county governments, conservation corps organizations and others that are eligible to apply.	This partnership will provide up to \$5 million toward restoration activities in the Great Lakes	February 4, 2019	<a href="https://www.fisheries.noaa.gov/grant/2019-noaa-great-lakes-habitat-restoration-regional-partnership-grants">https://www.fisheries.noaa.gov/grant/2019-noaa-great-lakes-habitat-restoration-regional-partnership-grants</a>	Lynzi Barnes barnes.edlynzia@epa.gov
Green Partners (Commercial Sector Recycling)	Environmental & Education	MN	Hennepin County	Non-Federal	The commercial sector generates more than half of the total waste in Hennepin County, and nearly two-thirds of the waste created at businesses and non-profits is recyclable. Having a strong recycling program conserves natural resources and reduces greenhouse gas emissions, can help your bottom line, and demonstrates your organization's commitment to sustainability and the community.	For-profit and non-profit businesses, organizations and institutions, including multifamily housing. Must be used to improve your organization's recycling program at facilities located in Hennepin County.	Container only grants: Receive up to \$2,500 for recycling containers only, Accelerated grants: Receive up to \$10,000, primarily for recycling containers, Competitive grants: Receive up to \$50,000 for large or innovative projects over \$10,000	Container and Accelerated grants: Anytime, Competitive grants: February 15, June 15, October 15	<a href="http://www.hennepin.us/businessrecycling">http://www.hennepin.us/businessrecycling</a>	Email Andre.X.Xiong@hennepin.us or call 612-543-1316.
Environmental Justice Collaborative Small Grants Program	Environmental & Education	All States	US EPA	Federal	The Environmental Justice Collaborative Problem-Solving (EJCPS) Cooperative Agreement Program provides funding to support community-based organizations in their efforts to collaborate and partner with local stakeholder groups (e.g. local businesses and industry, local government, medical providers, and academia) as they develop and implement solutions that address environmental and/or public health issues for underserved communities.	Eligible projects must demonstrate use of the Environmental Justice Collaborative Model to support their collaborative efforts during the project period. Applying organizations should have a direct connection to the underserved community impacted by the environmental harms and risks detailed in the workplan. Eligible applicants must be one of the following entities: incorporated non-profit organizations including but not limited to environmental justice networks, faith based organizations, and those affiliated with religious institutions, federally recognized tribal governments including Alaska Native Villages, or tribal organizations	The total estimated funding for this competitive opportunity is approximately \$1,500,000 for projects related to one of the seven statutes listed in Section I.C. EPA anticipates awarding approximately five grants per EPA region in amounts of up to \$30,000 per award.	February 15, 2019	<a href="https://www.epa.gov/environmentaljustice/environmental-justice-small-grants-program">https://www.epa.gov/environmentaljustice/environmental-justice-small-grants-program</a>	Office of Environmental Justice 202-564-2515 environmental-justice@epa.gov Environmental Protection Agency 1200 Pennsylvania Avenue, NW Washington, DC 20460 (See Regional Contacts on Website)
Habitat Protection and Restoration: Targeted Land and Capital Efforts	Natural Resources/Habitat Protection	Great Lakes Basin States	Great Lakes Fishery Trust	Non-Federal	The goal of the Great Lakes Fishery Trust Habitat Protection and Restoration grant category is to preserve essential habitat; protect, restore, and stabilize important fish habitats; and increase habitat availability. The GLFT pursues these efforts through direct investment in specific places with degraded or vulnerable habitat, as well as through collaborative efforts to develop next-generation systems for classifying and documenting the status of fish habitat in the Great Lakes. Funding is distributed through a combination of funder-directed and competitive grants. In this RFP, targeted land and capital efforts including barrier removal projects, and field inventories that comprehensively identify barriers at the watershed scale, are emphasized.	Organizations that are eligible to apply for GLFT grants include nonprofit organizations with a 501(c)(3) designation from the IRS (or nongovernmental organizations that hold charitable status in their country), as well as educational and governmental (including tribal) organizations.	Up to \$400,000 in total funding available in 2019	February 22, 2019	<a href="https://www.gift.org/documents/1331-2018_gift_habitat_protection_application_guidance_-_lands_and_capital_efforts.pdf">https://www.gift.org/documents/1331-2018_gift_habitat_protection_application_guidance_-_lands_and_capital_efforts.pdf</a>	jbeard@gift.org 517-371-7468
North American Wetland Conservation Act Standard and Small Grants Program	Natural Resources/Habitat Protection	All States	U.S. Fish and Wildlife Service (USFWS)	Federal	The Act was passed, in part, to support activities under the North American Waterfowl Management Plan, an international agreement that provides a strategy for the long-term protection of wetlands and associated uplands habitats needed by waterfowl and other migratory birds in North America. In December 2002, Congress reauthorized the Act and expanded its scope to include the conservation of all habitats and birds associated with wetlands ecosystems.	The North American Wetlands Conservation Act (Act, or NAWCA) of 1989 provides matching grants to organizations and individuals who have developed partnerships to carry out wetlands conservation projects in the United States, Canada, and Mexico for the benefit of wetlands-associated migratory birds and other wildlife.	\$40 million (annually) for 24 North American Wetlands Conservation Act (NAWCA) proposals for U.S Standard Grants. Requires minimum 1:1 match	Standard Cycle 1: February 22, 2019 Standard Cycle 2: August 3, 2019 Small: October 17, 2019	<a href="http://www.fws.gov/birds/grants/north-american-wetland-conservation-act.php">http://www.fws.gov/birds/grants/north-american-wetland-conservation-act.php</a>	contact: Division of Bird Habitat Conservation, (703) 358-1784, dbhc@fws.gov.
Great Lakes Restoration Initiative	Environmental & Education	Great Lakes Basin States	U.S. Forest Service	Federal	The U.S. Forest Service will support projects in the Great Lakes basin that implement the following strategic, priority actions: • restore tree canopy lost to infestation by emerald ash borer • create or improve green infrastructure through the planting of trees and other vegetation as part of a local management strategy to maintain and enhance urban watersheds. • restore the structure and function of coastal wetlands and lake-affected riparian areas through planting of native trees and diverse vegetation.	Federally recognized Native American tribal governments State governments Public and state controlled institutions of higher education County governments City or township governments Public housing authorities/Indian housing authorities 501c3 non-profits, other than institutions of higher education	Total funding available is \$800,000 million. Minimum award is \$25,000, maximum award is \$300,000 depending on program area.	February 28, 2019	<a href="https://www.grants.gov/web/grants/search-grants.html?keywords=USDA-FS-2018-GLRI">https://www.grants.gov/web/grants/search-grants.html?keywords=USDA-FS-2018-GLRI</a>	Shelley DiBona 413-253-8509 Shelley_DiBona@fws.gov
Federal Recreational Trail Program	Recreation	MN	MN DNR	Non-Federal	Motorized and non-motorized trail projects; maintenance/restoration of existing recreational trails; development/ rehabilitation of recreational trail linkages, including trail side and trail head facilities; environmental awareness and safety education programs relating to the use of recreational trails; and redesign/relocation of trails to benefit/minimize the impact to the natural environment.	All projects must be sponsored by a unit of government, preferably in cooperation with a local trail organization.	The minimum grant request is \$1,000, and the maximum grant award is \$150,000. Maximum request per piece of equipment is \$75,000. Equipment purchases at or above \$75,000 require a 50% match, and those purchases below \$75,000 require a 25% match.	February 28, 2019	<a href="http://www.dnr.state.mn.us/grants/recreation/trails_federal.html">http://www.dnr.state.mn.us/grants/recreation/trails_federal.html</a>	Dan Golner, Recreation Program Coordinator Daniel.Golner@state.mn.us 651-259-5599

Short Term Action Request Grants (STAR)	Natural Resources/Habitat Protection	MN	MN DNR	Non-Federal	Your project must be conducted in Minnesota's coastal area, be action-oriented, and align with one of the following categories and goals: -Coastal Habitat: Protect the coastal areas' natural resources and habitats including wetlands, forests, beaches and fish -Coastal Hazards: Protect lives and property in the coastal area by minimizing risk to hazards such as storms, flooding and erosion -Water Quality: Safeguard and restore water quality in Lake Superior and area streams -Coastal Community Development: Help communities manage development or preserve the historic, cultural and aesthetic features of Lake Superior and its coast -Coordination and Public Involvement: Collect, analyze, synthesize and share information and research results that will lead to better land and water use decisions in the coastal area or engage the public in critical government decisions	Cities, townships and counties within the coastal area; area-wide agencies; regional planning agencies; state agencies; non-profit organizations; colleges and universities; public school districts in the coastal area; conservation districts; port authorities; tribal governments; joint powers boards; sanitary sewer districts.	The minimum grant is \$2,500 and the maximum is \$7,500.	March 1, 2019 or June 1, 2019	<a href="http://www.dnr.state.mn.us/waters/lakesuperior/grants.html">http://www.dnr.state.mn.us/waters/lakesuperior/grants.html</a>	Amber Westerbur, Program Manager 218-834-1445 MLSCP.DNR@state.mn.us
Clean Water State Revolving Fund - Wastewater & Stormwater	Water Quality	MN	MN Public Facilities Authority (MPFA)	Non-Federal	The Clean Water State Revolving Fund, is established under the Federal Clean Water Act and state law to make loans for point source (wastewater and stormwater) and nonpoint source water pollution control projects. The Public Facilities Authority (PFA) prepares an annual Intended Use Plan (IUP) based on a Project Priority List (PPL) developed by the MPCA. The IUP describes the projects and activities eligible for funding during the state fiscal year.	Proposals are being accepted to place wastewater or stormwater collection and treatment system projects on the Clean Water Revolving Fund (CWRV) Project Priority List (PPL). Projects must be on the PPL to be eligible to apply for below market rate CWRV loans and other Clean Water Legacy grants and loans from the Minnesota Public Facilities Authority (PFA). PFA financing is for investments in municipal infrastructure which result in improvements in water quality. Funding is not available for privately owned infrastructure.	Below market-rate, low-interest loans, principal-forgiveness or grants to local governments.	Wastewater Facilities Plans or Stormwater Project Plans are due to the MPCA March 1, 2019. Request for Placement on PPL due to the MPCA March 1, 2019. Request for Placement on the IUP due to the MPCA June 7, 2019.	<a href="http://www.pca.state.mn.us/ppl">www.pca.state.mn.us/ppl</a>	Bill Dunn, Clean Water Revolving Fund Coordinator Minnesota Pollution Control Agency 520 Lafayette Road North Saint Paul, MN 55155-4194 651-757-2324 or bill.dunn@state.mn.us
Point Source Implementation Grant Program	Water Quality	MN	Minnesota Public Facilities Authority (PFA) & MPCA (State funds)	Non-Federal	The Point Source Implementation grant program provides grants to units of local government to assist with the cost of water infrastructure projects necessary to: •Meet wasteload reductions prescribed under a total maximum daily load (TMDL) plan required by Section 303(d) of the federal Clean Water Act •Reduce the discharge of total phosphorus to one milligram per liter or less •Meet any other water quality-based effluent limit established under section Minnesota Statute Section 115.03, subd 1, (e)(8), that is incorporated into a permit issued by MPCA that exceeds secondary treatment limits •Meet a total nitrogen concentration or mass limit that requires discharging ten milligrams per liter or less at a permitted design flow	The PSIG program provides grants for 80% of eligible costs up to a maximum of \$7,000,000. Projects must be listed on the MPCA's Project Priority List (PPL).  A project must receive MPCA certification and submit as-bid project costs to receive a PSIG grant.	\$5,307,000 million has been appropriated for this program for FY 2018	PPL Application Request: March 1, 2019 IUP Application Request: June 7, 2019	<a href="https://www.pca.state.mn.us/water/wastewater-and-stormwater-financial-assistance">https://www.pca.state.mn.us/water/wastewater-and-stormwater-financial-assistance</a>	Bill Dunn, Clean Water Revolving Fund Coordinator Minnesota Pollution Control Agency 520 Lafayette Road North Saint Paul, MN 55155-4194 651-757-2324 or bill.dunn@state.mn.us
Community Conservation Partnership	Water Quality	MN	Dakota County Soil & Water Conservation District	Non-Federal	Program to support public landowners in implementing TMDL and local water management plans by providing technical and cost share assistance to install bioretention and other stormwater Best Management Practices at public facilities in Dakota County to improve water quality above the minimum measures required by the regulating agencies.	Public landowners	Up to \$50,000 of cost share funding available per project for up to 75% of the actual project cost.	March, May or July 15, 2019	<a href="http://www.dakotacountywcd.org/ccp.html">http://www.dakotacountywcd.org/ccp.html</a>	Contact Dakota County SWCD (651) 480-7777
Environmental Initiative Program	Natural Resources/Habitat Protection	CO, HI, MN, TX, WY	Laura Jane Musser Fund	Non-Federal	The Fund's goal is to promote public use of open space that improves a community's quality of life and public health, while also ensuring the protection of healthy, viable and sustainable ecosystems by protecting or restoring habitat for a diversity of plant and animal species.	Who can apply: Nonprofit 501(c)(3) organizations, local units of government	Planning: Up to \$8,000 Implementation: Up to \$35,000	Proposals accepted February 19 through March 19, 2019	<a href="http://www.musserfund.org/index.asp?page_seq=11">http://www.musserfund.org/index.asp?page_seq=11</a>	Mary Karen Lynn-Klimentko Grants Program Manager THE LAURA JANE MUSSER FUND admin@musserfund.org 612-825-2024
Water Quality Improvement Grant Program	Water Quality	MN	Nine Mile Creek Watershed District	Non-Federal	Many types of projects are eligible for grant money. A few examples include: raingardens, shoreline restoration, permeable pavers, buckthorn removal with native restoration, and more!	In order to be eligible for grant funds, projects must support one or more of the following goals: -Improve water quality or increase the capacity of the watershed to store water -Preserve, protect, and restore native plant and wildlife habitats with emphasis on projects adjacent to or near lakes, rivers, and wetlands -Protect and preserve groundwater quality and quantity  Grant funds are available to residents, associations, nonprofits, schools, businesses, and cities for projects located within District boundaries	Grants will be awarded for up to 75% of a project's cost, on a reimbursement basis, for materials, labor, engineering, and consulting fees. The minimum grant award is \$500. Maximum grant award: -\$5,000 for residential projects -\$20,000 for townhome, condominium, or lake associations -\$50,000 for commercial, government, or nonprofit projects	March 22, 2019	<a href="https://www.ninemilecreek.org/get-involved/grants/">https://www.ninemilecreek.org/get-involved/grants/</a>	Erica Sniogowski Program & Project Manager 952-358-2276
Regional Trail Grants	Recreation	MN	MN DNR	Non-Federal	Program to promote development of regionally significant trails. Eligible projects include acquisition and development of trail facilities outside the seven-county metropolitan area that are considered of regional or statewide significance.	Cities, counties, and townships.	Grants are reimbursement based up to 75 percent of eligible project costs, and recipients must provide a non-state cash match of at least 25 percent. The minimum grant request is \$5,000, and the maximum grant award is \$250,000.	March 29, 2019	<a href="http://www.dnr.state.mn.us/grants/recreation/trails_regional.html">http://www.dnr.state.mn.us/grants/recreation/trails_regional.html</a>	Dan Golner, Recreation Program Coordinator Daniel.Golner@state.mn.us 651-259-5599
Outdoor Recreation	Recreation	MN	MN DNR	Non-Federal	Program to increase and enhance outdoor recreation facilities. Eligible projects include park acquisition and/or development/redevelopment including, internal park trails, picnic shelters, playgrounds, athletic facilities, boat accesses, fishing piers, swimming beaches and campgrounds.	Cities, counties, townships and recognized tribal governments. Project proposals must include at least one of the eligible primary outdoor recreation facilities in the Program Manual and have a total project cost of at least \$10,000.	Approximately \$800,000 in funding is available. Grants are reimbursed based up to 50 percent of the total eligible costs. The maximum grant award is \$150,000.	The next application will be due at the end of March 2019.	<a href="http://www.dnr.state.mn.us/grants/recreation/outdoor_rec.html">http://www.dnr.state.mn.us/grants/recreation/outdoor_rec.html</a>	Audrey Mularie, Southern Minnesota, North Metro audrey.mularie@state.mn.us or (651) 259-5549  Joe Hiller, Northern Minnesota, South Metro joe.hiller@state.mn.us or (651) 259-5538
Source Water Protection: Plan Implementation Grant Program	Groundwater	MN	MN Dept of Health	Non-Federal	Program is designed to support implementation of Source Water Protection Plans. In Minnesota, source water protection is divided into wellhead protection that focuses on 1) groundwater that is used for public water supply and 2) intake protection that focuses on surface water that is used for public water supply.	Only public water suppliers may apply for a source water protection plan implementation grant but may use funding to support the work of other parties relating to the source water protection plan.	The total amount of funding that is available under this notice is \$175,000. No cost share is required for receiving a grant. The minimum amount available is \$1,000. The maximum amount available is \$10,000. All of the funds that are awarded must be expended by June 30, 2018.	March and September of each year	<a href="http://www.health.state.mn.us/divs/eh/water/swp/grants/implementation.html">http://www.health.state.mn.us/divs/eh/water/swp/grants/implementation.html</a>	Drinking Water Protection Program Email:Health.DrinkingWater@state.mn.us (651-201-4700)
Source Water Protection: Competitive Grant Program	Groundwater	MN	MN Dept of Health	Non-Federal	Program to support source water protection for community and nontransient noncommunity public water suppliers. Source water protection activities that are funded under this grant program must focus on managing or eliminating one or more potential sources of contamination that the Minnesota Department of Health has determined presents a risk to the public water supplier.	A public water supplier must meet the following conditions in order to qualify for a grant: 1) Be a community or a non-transient non-community public water supplier, and 2) the public water supplier is not currently subject to administrative penalty action by the MN Dept of Health for violation of state or federal public water supply regulations. Although only qualifying public water suppliers may apply for a source water protection competitive grant, they may use this funding to support the work of other parties.	The total amount of funding that is available under this notice is \$75,000. An equal cost share for each work item is required for receiving a grant. Minimum grant amount of \$500. Maximum grant amount is \$10,000.	April and October of each year	<a href="http://www.health.state.mn.us/divs/eh/water/swp/grants/competitive.html">http://www.health.state.mn.us/divs/eh/water/swp/grants/competitive.html</a>	Drinking Water Protection Program Email:Health.DrinkingWater@state.mn.us (651-201-4700)
Contamination Cleanup Grant	Brownfields	MN	MN Department of Employment and Economic Development	Non-Federal	This program, administered by DEED, is designed to help communities pay for assessing and remediating contaminated sites for private or public redevelopment. Essential to this grant is the existence of a redevelopment plan supported by the community and an appropriate completion timeline.  Funded activities include: Site investigation and cleanup costs necessary to implement the RAP, RAP implementation.	Eligible applicants include cities, counties, port authorities, housing and redevelopment authorities and economic development authorities. Both publicly and privately owned sites with known soil or groundwater contamination qualify. Cleanup grant applicants must have an MPCA-approved RAP.	Approximately \$4 million is available. Grants can pay for up to 75% of the costs of investigation, cleanup, and other costs necessary to implement the RAP. Awards require a 25% local match. 35% of funds are dedicated to projects outside the seven-county metropolitan area. Applications accepted May 1 and November 1 of each year	May 1, 2019	<a href="http://mn.gov/deed/government/financial-assistance/cleanup/contamination.jsp">http://mn.gov/deed/government/financial-assistance/cleanup/contamination.jsp</a>	Kristin Lukes Director, Office of Brownfields and Redevelopment 651-259-7451 or 800-657-3858

Contamination Investigation and RAP Development Grant	Brownfields	MN	MN Department of Employment and Economic Development	Non-Federal	Administered by DEED, this program is designed to assist communities in contamination investigation and RAP development. Similar to the Contamination Cleanup Grant, the applicant must be able to demonstrate the existence of a community supported redevelopment plan with an appropriate completion timeline.  Funded activities include: site investigation (Phase I and Phase II), RAP development	Eligible applicants include cities, counties, port authorities, housing and redevelopment authorities and economic development authorities are eligible applicants. Both publicly and privately owned sites with known or suspected soil or groundwater contamination qualify.	Grants can pay for up to 75% of the costs of Phase I, Phase II investigation and/or RAP preparation. Awards cannot exceed \$50,000, and require a 25% local match. A maximum of \$500,000 per year is available for grants, 35% of funds are dedicated to projects outside the seven-county metropolitan area.	May 1, 2019	<a href="http://mn.gov/deed/government/financial-assistance/cleanup/contamination.jsp">http://mn.gov/deed/government/financial-assistance/cleanup/contamination.jsp</a>	Kristin Lukes Director, Office of Brownfields and Redevelopment 651-259-7451 or 800-657-3858
Flood Hazard Mitigation Grants	Water Quantity	MN	MN DNR	Non-Federal	Program to provide technical and financial assistance to local governmental units for conducting flood damage reduction studies and for planning and implementing flood damage reduction measures.	Cities, counties, townships, watershed districts, watershed management organizations and lake improvement districts.	A maximum of 50% of total eligible project costs up to \$150,000. Grant requests for more than \$150,000 must be approved by the Legislature.	Recommended that the completed application form be submitted to your DNR Division of Waters Area Hydrologist by June 1 of the year in which you wish to apply.	<a href="http://www.dnr.state.mn.us/grants/water/flood_hazard.html">http://www.dnr.state.mn.us/grants/water/flood_hazard.html</a>	Pat Lynch, Flood Damage Reduction Program Manager DNR Division of Waters (651) 259-5691 E-Mail: pat.lynch@dnr.state.mn.us
Competitive State Wildlife Grants Program	Natural Resources/Habitat Protection	All States	USFWS	Federal	Federal grant funds for the development and implementation of programs for the benefit of wildlife and their habitats, including species that are not hunted or fished. Eligible activities include planning and conservation implementation. Planning activities must contribute directly to the development or modification of a State Wildlife Action Plan (Plan) approved by the Director of the U.S. Fish and Wildlife Service (Service). Implementation activities are activities that a State carries out to execute their Plan. Priority for use of these funds must be placed on identified species of greatest conservation need and should take into consideration the relative level of funding available for the conservation of those species. The C-SWG Program prioritizes and supports projects that are designed, implemented, and evaluated within an explicit adaptive management framework.	Eligible applicants include state, commonwealth, or territorial agencies.	Award ceiling of \$2,000,000. A minimum of 25% match is required. Funding Opportunity Number F18AS00046	August 31, 2019	<a href="https://www.grants.gov/web/grants/search-grants.html?keywords=competitive%20state%20wildlife%20grants%20program">https://www.grants.gov/web/grants/search-grants.html?keywords=competitive%20state%20wildlife%20grants%20program</a>	Grants Fiscal Officer Tracey Vriens 916-414-6525 Tracey_Vriens@fws.gov
Environmental Education Grants Program	Environmental & Education	All States	US EPA	Federal	Under the Environmental Education Grants Program, EPA seeks grant proposals from eligible applicants to support environmental education projects that promote environmental awareness and stewardship and help provide people with the skills to take responsible actions to protect the environment. This grant program provides financial support for projects that design, demonstrate, and/or disseminate environmental education practices, methods, or techniques. Since 1992, EPA has distributed between \$2 and \$3.5 million in grant funding per year.	Eligible applicants include local education agencies, colleges or universities, state education or environmental agencies, nonprofit organizations, or noncommercial educational broadcasting entities.	A total of approximately \$2.73 million is expected to be available. Maximum grant awards of \$91,000. 25% match required and 25% of grant award must be distributed as sub-grants of not more than \$5,000.	No funding for 2019. An RFP for 2020 will be announced in fall 2019.	<a href="http://www.epa.gov/education/environmental-education-ee-grants">http://www.epa.gov/education/environmental-education-ee-grants</a>	Megan Gavin, U.S. EPA, Region 5 Grants Management Section (AT-18J) 77 West Jackson Boulevard Chicago, IL 60604-3507 gavin.megan@epa.gov
Partners for Fish and Wildlife Program	Natural Resources/Habitat Protection	All States	USFWS	Federal	The Partners for Fish and Wildlife (PFW) Program is a voluntary, incentive-based program that provides direct technical assistance and financial assistance in the form of cooperative agreements to private landowners to restore and conserve fish and wildlife habitat for the benefit of federal trust resources. The PFW Program is delivered through more than 250 full-time staff, active in all 50 States and territories. Partners for Fish and Wildlife Program staff coordinate with project partners, stakeholders and other Service programs to identify geographic focus areas and develop habitat conservation priorities within these focus areas. Geographic focus areas are where the PFW Program directs resources to conserve habitat for federal trust species. Project work plans are developed strategically, in coordination with partners, and with substantial involvement from Service field staff. Projects must advance our mission, promote biological diversity, and be based upon sound scientific biological principles. Program strategic plans inform the types of projects funded under this opportunity. Applicants seeking funding under this program should review the program strategic plan and also contact the regional PFW Program office prior to submitting an application for funding.	Projects must be implemented on private lands, including tribal lands or waters owned by non-Federal or non-State entities.	Funding is generally limited to \$25,000 or less (higher amounts may be requested, but may not be awarded without appropriate justification and approval). No cost sharing or matching required.	September 30, 2019	<a href="http://www.grants.gov/web/grants/search-grants.html?keywords=partners%20for%20fish%20and%20wildlife">http://www.grants.gov/web/grants/search-grants.html?keywords=partners%20for%20fish%20and%20wildlife</a>	Grants Management Specialist Patrick Schulze 703 358 2567 patrick_schulze@fws.gov
MLSCP Annual Grant Program	Water Quality	MN	MLSCP	Non-Federal	The project must be conducted in Minnesota's coastal area, be action-oriented, and align with one of the following categories and goals: -Coastal Habitat: protect the coastal areas' natural resources and habitats including wetlands, forests, beaches and fish -Coastal Hazards: protect lives and property in coastal area by minimizing risk to hazards such as storms, flooding and erosion -Water Quality: safeguard and restore water quality in Lake Superior and area streams -Coastal Community Development: help communities manage development or preserve the historic, cultural and aesthetic features of lake Superior and its coast -Coordination and Public Involvement: collect, analyze, synthesize and share information and research results that will lead to better land and water use decisions in the coastal area or engage the public in critical government decision.	Cities, townships and counties within the coastal area; area-wide agencies; regional planning agencies; state agencies; non-profit organizations; colleges and universities; public school districts in the coastal area; conservation districts; port authorities; tribal governments; joint powers boards; sanitary sewer boards	Grant awards up to \$100,000. Up to \$450,000 in total funding available.	2019 RFP released October 2019	<a href="http://www.dnr.state.mn.us/waters/lakesuperior/grants.html">http://www.dnr.state.mn.us/waters/lakesuperior/grants.html</a>	Amber Westerbur, Program Manager 218-834-1445 MLSCP.DNR@state.mn.us
Conservation Corps Minnesota Clean Water Fund: Crew Labor	Water Quality	MN	BWSR	Non-Federal	<b>Funds are available for Conservation Corps crew labor only</b> for the purpose of protecting, enhancing and restoring water quality in lakes, rivers and streams and to protect groundwater and drinking water sources from degradation. Project proposals should demonstrate measurable outputs to achieve water quality objectives through the implementation of BMPs. Projects that focus on retaining water on the land through native plantings versus habitat restoration are preferred.	Counties, Cities, SWCDs, Watershed Districts and Watershed Management Organizations	\$500,000 available. No minimum match requirement.	December 15, 2019	<a href="http://conservationcorps.org/clean-water-funding">http://conservationcorps.org/clean-water-funding</a>	Brian Miller at (651) 209-9900 ext. 19 brian.miller@conservationcorps.org
Carver County Cost-Share Program	Water Quality	MN	Carver County	Non-Federal	Carver County Water Management Organization funds a cost share program to promote citizens to use innovative Best Management Practices (BMPs) to protect and restore the quality of water within the county. The goal of the program is to increase the awareness of water quality issues affecting the county and at the same time have citizens take an active role in the protection and/or restoration of the environment. In cooperation with both County Staff and Private Citizens, this program will continue the strong tradition of protecting the natural resources of this great county.	This program is available to anyone that is a citizen of Carver County, municipalities, and private businesses located within the Carver County Water Resource Management Area. Some areas of the County are located outside the CCWMO boundaries are on instead in Riley Purgatory Bluff Creek Watershed District or Lower MN River Watershed District.	The program will cover 75% of eligible costs up to a maximum reimbursement of \$5000. This is a competitive grant program, with the possibility of grant requests not obtaining funding. If the annual funding for a fiscal year is depleted, project applications for the year will be held over to the following year. These projects will be prioritized by the date in which the application was turned in.	Applications accepted all year.	<a href="https://www.co.carver.mn.us/departments/public-services/planning-water-management/water-management/education-outreach/cost-share-program">https://www.co.carver.mn.us/departments/public-services/planning-water-management/water-management/education-outreach/cost-share-program</a>	Tim Sundby Carver County Water Management Organization tsundby@co.carver.mn.us 952-361-1816  Seth Ristow Carver County Soil & Water Conservation District sristow@co.carver.mn.us 952-466-5264
Reimagining Great Lakes Water Systems	Water Quality	MN	Great Lakes Protection Fund	Non-Federal	The GLPF is looking for new ideas, new projects and new cohorts of people to catalyze a transition to a new era of water systems. Water systems are the built infrastructure, the natural landscapes, and the operating rules that govern how water moves, what moves in water and what moves on water. Improved water systems will better solve a range of problems that vex our current systems, including: reducing nutrient-driven harmful algae blooms, better handling of large rainstorms, being adaptable to changing economic and demographic conditions, and providing better value for the money GLPF will invest in them.	Eligible applicants include: non-profit organizations, universities, governmental agencies, individuals, for-profit businesses.	No funding guidelines given.	Accept Proposals Year Round	<a href="http://glpf.org/get-funding/projects-wanted/">http://glpf.org/get-funding/projects-wanted/</a>	David Rankin, Program Director 847-425-8150

Natural Resources Grants - Opportunity Grant	Water Quality	MN	Hennepin County	Non-Federal	Primarily to help partners take advantage of opportunities to implement larger projects that improve water quality or preserve, establish or restore natural areas. Ideal for larger scale projects seeking to leverage multiple funding sources from more than one partner. Ideal for projects documented as priorities in the applicant's management plans (e.g. comprehensive plan, watershed management plan). Eligible expenses include environmental or engineering consulting fees, materials, supplies, labor and inspection fees.	The following entities in Hennepin County: individual landowners, non-profit and non-governmental organizations, local government agencies, businesses	Up to \$100,000 per project. Typical projects range from \$25,000-\$50,000. No match is required.	Applications accepted all year. Funds are limited and awarded on a first-come, first-serve basis. A pre-application meeting to discuss project details is highly recommended.	<a href="http://www.hennepin.us/residents/environment/natural-resources-funding">http://www.hennepin.us/residents/environment/natural-resources-funding</a>	Jim Kujawa: james.kujawa@hennepin.us 612-348-7338
Brownfield Gap Financing Program	Brownfields	MN	Hennepin County	Non-Federal	Managed by Minnesota Brownfields and funded through Hennepin County's Environmental Response Fund (ERF), the Brownfield Gap Financing Program provides small grants to nonprofit developers to close gaps in project costs for environmental assessment and cleanup of property in Hennepin County. Funded activities include: Identification and, in some cases, remediation of unexpected environmental issues (such as unanticipated Phase I and II investigations or small-scale cleanup), Preparation for a larger funding request from the County's ERF	Eligible applicants for this program must be registered as a non-profit within the State of Minnesota, a community group, a government supported organization, or a government entity. Applicants must own the property, have a purchase or lease agreement in place, or have a letter of intent to purchase by the applicant from the property owner.	Typical Brownfield Gap Financing Program grants are less than \$10,000, but may be up to \$15,000.	Applications accepted year round	<a href="http://mnbrownfields.org/our-work/brownfield-gap-financing/">http://mnbrownfields.org/our-work/brownfield-gap-financing/</a>	Hava Blair, Minnesota Brownfields, Program Coordinator PO Box 16244 St. Paul, MN 55116 612-513-4301 hblair@mnbrownfields.org
Regional Sustainable Development Partnerships	Natural Resources/Habitat Protection	MN	University of MN Extension	Non-Federal	The Regional Sustainable Development Partnerships (RSDP) connect greater Minnesota communities to the University of Minnesota in order to help solve problems and take advantage of new opportunities. As a part of University of Minnesota Extension, RSDP brings together local talent and resources with University of Minnesota knowledge and seed funding to drive sustainability in four areas: agriculture and food systems, tourism and resilient communities, natural resources, and clean energy.	Any individual or organization.	No funding guidelines given.	Applications accepted year round.	<a href="http://www.extension.umn.edu/rsdp/">http://www.extension.umn.edu/rsdp/</a>	Kathryn Draeger Statewide Director, Regional Sustainable Development Partnerships draeg001@umn.edu 612-625-3148
Conservation Initiative Funding Program	Water Quality	MN	Dakota County Soil & Water Conservation District	Non-Federal	The Dakota SWCD offers funding and/or technical assistance for projects that demonstrate innovative stormwater management, low impact development and/or conservation design principles.	Dakota County land owners, developers, and local units of government	\$25,000 maximum cost share to reimburse applicant for up to 75% estimated project cost	Applications are accepted all year	<a href="http://www.dakotacountywcd.org/cif.html">http://www.dakotacountywcd.org/cif.html</a>	Contact Dakota County SWCD (651) 480-7777
Citizen Conservation Stewards	Water Quality	MN	Dakota County Soil & Water Conservation District	Non-Federal	Program supports smaller conservation practices on individual properties by providing technical and cost share assistance.	Dakota County property owners	Up to \$5,000 available to fund each project, up to 75% of total cost.	Applications are accepted all year.	<a href="http://www.dakotacountywcd.org/ccs.html">http://www.dakotacountywcd.org/ccs.html</a>	Contact Dakota County SWCD (651) 480-7777
Green Partners (Seed, Root, and Branch)	Environmental & Education	MN	Hennepin County	Non-Federal	Hennepin County provides funding and support to organizations to implement projects that empower residents to reduce waste, increase recycling, reduce toxicity, conserve energy and protect water quality. The Green Partners Program consists of three groups with varying levels of support and requirements.	Eligible organizations include: •Registered nonprofit organizations such as community groups, youth programs, congregations, etc. •Park districts •Private and public schools and school districts, including community education programs like ECFE.	•Seed Group: Free field trip transportation & activity supplies. •Root Group: Up to \$8,000 to implement a project based on existing resources. •Branch Group: Up to \$20,000 to implement an innovative project	Branch & Root Groups: Fall 2018 Seed group anytime.	<a href="http://www.hennepin.us/business/work-with-henn-co/green-partners-enviro-ed-prog">http://www.hennepin.us/business/work-with-henn-co/green-partners-enviro-ed-prog</a>	For more information, contact Patience Caso at <a href="mailto:patience.caso@hennepin.us">patience.caso@hennepin.us</a> or call 612-348-9352.
Metro Conservation Corridor Partnership Habitat Restoration Program	Natural Resources/Habitat Protection	MN	MN DNR	Non-Federal	Great River Greening is seeking partners to implement habitat restoration on protected lands and waters, with priority given to projects that 1) protect and restore water quality (projects must include monitoring), 2) protect, restore, and enhance land and habitat, and 3) reduce the spread of invasive species along streams, rivers, and land transportation routes.	Partners can be counties, watershed districts, cities, non-profits and others within the 12-county metropolitan area. Projects must be within a mapped Metro Conservation Corridor	1:1 match is suggested. \$13,800,000 approved by LCCMR	Funding is allocated as projects come in.	<a href="http://www.dnr.state.mn.us/metroconservationcorridors/index.html">http://www.dnr.state.mn.us/metroconservationcorridors/index.html</a>	For more information, please contact: Nick Bancks, 651-917-6282 Minnesota Land Trust, <a href="mailto:nickbancks@minnesotalandtrust.org">nickbancks@minnesotalandtrust.org</a> Bart Richardson, 651-259-5796 <a href="mailto:MnDNR_bart.richardson@state.mn.us">MnDNR_bart.richardson@state.mn.us</a>
Capitol Region Watershed District (CRWD) Stewardship Grants	Water Quality	MN	Capitol Region Watershed District (CRWD)	Non-Federal	Stewardship Grants help businesses or homeowners build projects on their property that prevent stormwater pollution. Public and private landowners are eligible for technical and financial assistance to install water quality improvement best management practices (BMPs). Specifically, the program funds BMPs that reduce stormwater runoff, prevent erosion and filter pollutants. Typical BMP projects include but are not limited to: 1) rain gardens, 2) shoreline restoration, 3) water reuse systems, 4) permeable hardscapes (pavers, asphalt etc.). Stewardship Grant awards are allocated based on the water quality benefits provided by each Stormwater Best Management Practice (BMPs). Projects that capture runoff from streets (curb cut rain gardens), parking lots, or other larger impervious surfaces receive higher awards due to their higher water quality benefits.	Property owners within Capitol Region Watershed District (CRWD) are eligible for grants.	Total available grant amount is unknown. High impact projects may receive up to 100% grant in addition to free design services.	No current deadline	<a href="http://www.capitolregionwd.org/our-work/grants/stewardship-grants/">http://www.capitolregionwd.org/our-work/grants/stewardship-grants/</a>	For questions or to submit an application, please contact Andrew at (651) 644-8888 or <a href="mailto:andrew@capitolregionwd.org">andrew@capitolregionwd.org</a>
Capitol Region Watershed District (CRWD) Water Quality Planning Grants	Water Quality	MN	Capitol Region Watershed District (CRWD)	Non-Federal	Capitol Region Watershed District (CRWD) Water Quality Capital Improvement Grants provide financial assistance for feasibility and design of projects that protect and improve the water quality of waterbodies within CRWD. Typical projects funded through this program include feasibility studies and engineering services to identify, prioritize, and design capital improvement projects that include benefits to natural resources. The goals of this grant are to: -Identify innovative, cost-effective solutions for protecting and improving water quality of CRWD lakes, streams, and wetlands and the Mississippi River -Develop designs including preliminary and final plans, for water quality improvement projects -Improve our understanding of best practices to protect and improve local water resources -Build capacity for partners to accelerate on-the-ground projects that protect and improve water quality	Government agencies, public and private schools, non-profit, faith-based or religious organizations, businesses or other private property owners who are located within CRWD	The professional design is anticipated to exceed \$40,000. Projects must include identification of public educational opportunities. Projects required to meet regulations are not eligible. Typical annual funding available: \$100,000 Average grant award: \$20,000	Ongoing	<a href="http://www.capitolregionwd.org/our-work/grants/special-grants/">http://www.capitolregionwd.org/our-work/grants/special-grants/</a>	Nate Zgonitzer (651) 644-8888
Clean Water Partnership Loan Program	Water Quality	MN	MPCA	Non-Federal	The MPCA is accepting applications for water resource projects to be funded through the CWP Loan Program (approximately \$11 mill available). Application will be accepted from local governmental units (LGUs) interested in leading a project for protection or improvement of groundwater or surface water bodies from nonpoint sources. Applicants awarded loan funds may begin project work after the loan agreement is executed and project workplan is approved. No reimbursable costs may be incurred prior to execution of the loan agreement.	Only LGUs that meet the following criteria are eligible to apply for loans. • LGU has the ability to pledge its full faith and credit to ensure repayment of a project implementation loan • LGU has the authority to generate cash revenues for the repayment of a loan • LGU has the authority to enter into a loan agreement with the MPCA LGUs that meet these requirements include counties, cities, townships, tribes, watershed districts, and watershed management organizations. Joint powers organizations composed of previously mentioned entities are also eligible, but must submit a resolution from at least one LGU that meets the eligible criteria stating that they will participate in the project as a loan sponsor. Local soil and water conservation districts and other LGUs that are not eligible to serve as a loan sponsor may partner as a project sponsor with another government entity, such as a county or watershed district, which will serve as the loan sponsor.	About \$15 million in loans will be available. The maximum loan award is \$2 million. No matching funds are required.	No current deadline. Applications will be accepted on a rolling basis.	<a href="https://www.pca.state.mn.us/water/financial-assistance-nonpoint-source-water-pollution-projects-clean-water-partnership-and">https://www.pca.state.mn.us/water/financial-assistance-nonpoint-source-water-pollution-projects-clean-water-partnership-and</a>	Kurt Soular <a href="mailto:kurtis.soular@state.mn.us">kurtis.soular@state.mn.us</a>

2018 National Fish Habitat Action Plan	Natural Resources/Habitat Protection	All States	USFWS	Federal	The National Fish Habitat Action Plan is a national investment strategy to leverage federal and privately raised funds to protect, restore, and enhance the nation's fish and aquatic habitats through partnerships that foster fish habitat conservation. Funds appropriated to the U.S. Fish and Wildlife Service's (Service) Fish and Aquatic Conservation (FAC) Program specifically to implement the Action Plan will be utilized in collaboration with the National Fish Habitat Board and Fish Habitat Partnerships. Fish Habitat Partnerships are the primary work units of the Action Plan, formed around distinct geographic areas, "keystone" fish species, or system types (e.g. large lakes, impoundments, estuaries). Funds will support national and regional science and coordination activities to protect, restore, or enhance fish habitats. All or a portion of project funds may be transferred to partner organizations if the Service lacks the capability to implement a project. Projects must protect, restore, or enhance fish and aquatic habitats or otherwise directly support habitat-related priorities of Fish Habitat Partnerships or the National Fish Habitat Board. Every project must be identified in the Fisheries Operational Needs System (FONS), a database that identifies the operational needs of FAC field stations, including fish habitat project needs. FAC field offices will work with Fish Habitat Partnerships to identify fish habitat projects, and enter them into the FONS. Entities that seek to propose a fish habitat conservation project for consideration should contact a local or regional office of the Service FAC Program.	Eligible applicants include federal, state, or local government agencies; Native American governments; interstate, intrastate, public, and private nonprofit institutions and organizations; or any other organization subject to the jurisdiction of the United States with interests that support the mission of the Service on a cost recoverable basis and the goals of the Action Plan.	70 grants are expected to be awarded from \$5,000-\$300,000 in FY 2017 (total program funding \$3.2 million). No cost sharing or match required.	Applications are accepted on a rolling basis	<a href="http://www.grants.gov/web/grants/search-grants.html?keywords=national%20fish%20habitat%20action%20plan">http://www.grants.gov/web/grants/search-grants.html?keywords=national%20fish%20habitat%20action%20plan</a>	Cecilia M. Lewis, National Coordinator National Fish Habitat Partnership Fish and Aquatic Conservation Program 703-358-2102 cecilia_lewis@fws.gov
Environmental Quality Incentives Program	Water Quality	All States	USDA NRCS	Federal	The Environmental Quality Incentives Program (EQIP) is a voluntary conservation program that helps agricultural producers in a manner that promotes agricultural production and environmental quality as compatible goals. Through EQIP, agricultural producers receive financial and technical assistance to implement structural and management conservation practices that optimize environmental benefits on working agricultural land.	Agricultural producers and owners of non-industrial private forestland and Tribes are eligible to apply for EQIP. Eligible land includes cropland, rangeland, pastureland, non-industrial private forestland and other farm or ranch lands.	Submitted applications may be considered or evaluated in multiple funding pool opportunities.	EQIP applications are accepted on a continuous basis, however, NRCS establishes application "cut-off" or submission deadline dates for evaluation	<a href="http://www.nrcs.usda.gov/wps/portal/nrcs/main/mn/programs/financial/eqip/">http://www.nrcs.usda.gov/wps/portal/nrcs/main/mn/programs/financial/eqip/</a>	Contact local Service Center
Special Opportunity Grant Program	Water Quality	All States	Freshwater Future	Non-Federal	The Special Opportunity Grants Program (Emergency Grants) is for the aquatic habitat protection efforts that may not coincide with the application timeline or grant period for the Projects Grants Program. Freshwater Future realizes that many grassroots projects can be completed for under \$500 USD, therefore we maintain a reserve to support urgent projects or those that present a special, time-limited opportunity. Although the eligibility, overarching goal, priority program areas, and evaluation criteria are the same as the regular grants programs, Special Opportunity Grant (SOG) requests are processed differently to ensure quick turnaround.	Must be a registered non-profit organization or charity or have a sponsoring non-profit organization or charity.	Typically \$500 or less	No deadline	<a href="http://freshwaterfuture.org/grants/special-opportunity-grant-program/">http://freshwaterfuture.org/grants/special-opportunity-grant-program/</a>	Melanie Napoleon Welch melanie@freshwaterfuture.org
Economic Development Assistance Program	Public Works	All States	Economic Development Administration	Federal	Economic Development Assistance programs (EDAP) Notice of Funding Opportunity (NOFO). EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance (EAA) Programs. Through this NOFO, EDA will also designate a portion of its EAA funding to support communities and regions that have been negatively impacted by changes in the coal economy (Assistance to Coal Communities, or ACC 2018). Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP NOFO, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving economic conditions.	City or township governments, County governments, Native American tribal organizations (other than Federally recognized tribal governments), Native American tribal governments (Federally recognized), Private institutions of higher education, Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education, State governments, Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, Others (see text field entitled "Additional Information on Eligibility" for clarification), Special district governments, Public and State controlled institutions of higher education	Awards range from \$100,000 to \$3,000,000	Applications are accepted on a rolling basis	<a href="https://www.grants.gov/web/grants/view-opportunity.html?oppld=306735">https://www.grants.gov/web/grants/view-opportunity.html?oppld=306735</a>	<a href="http://www.eda.gov/contact/">http://www.eda.gov/contact/</a>
Water & Waste Disposal Loan and Grant Program	Water/Wastewater	All States	USDA	Federal	This program provides funding for clean and reliable drinking water systems, sanitary sewage disposal, sanitary solid waste disposal, and storm water drainage to households and businesses in eligible rural areas. The project funds may be used to finance the acquisition, construction, or improvement of drinking water sourcing, treatment, storage and distribution, sewer collection, transmission, treatment, and disposal, solid waste collection, disposal and closure, stormwater collection, transmission, and disposal.	This program assists qualified applicants who are not otherwise able to obtain commercial credit on reasonable terms. Eligible applicants include: -Most state and local governmental entities -Private nonprofits -Federally-recognized tribes	No information	Applications are accepted on a rolling basis	<a href="https://www.rd.usda.gov/programs-services/water-waste-disposal-loan-grant-program">https://www.rd.usda.gov/programs-services/water-waste-disposal-loan-grant-program</a>	Contact Local RD State Offices: <a href="https://www.rd.usda.gov/contact-us/state-offices">https://www.rd.usda.gov/contact-us/state-offices</a>
RPBCWD Cost Share Program	Water Quality	MN	Riley-Purgatory-Bluff Creek Watershed District	Non-Federal	Grants are available for projects that: improve watershed resources, foster water resources stewardship, increase awareness of the vulnerability of watershed resources, increase familiarity with and acceptance of solutions to improve waters.  Project examples: raingardens • pervious asphalt and pavers • shoreland and streambank restoration • volume reduction and runoff treatment practices • wetland restoration.	Residential property owners, non-profit organizations, commercial property owners, and governments are eligible. Must be located in the Riley-Purgatory-Bluff Creek Watershed District.	Maximum Grant Awards: Residential: \$3,000 (up to 75% of project cost) Non-profits: \$3,000 (up to 75% of project cost) Commercial and government: \$20,000 (up to 50% of project cost)	All year	<a href="http://www.rpbcwd.org/grants">http://www.rpbcwd.org/grants</a>	Michelle Jordan 18681 Lake Drive East Chanhassen, MN 55418 mjordan@rpbcwd.org
Great Lakes Protection Fund- A Call for People, Ideas, and Projects	Natural Resources/Habitat Protection	Great Lakes Basin States	Great Lakes Protection Fund	Non-Federal	The Great Lakes Protection Fund seeks to support a suite of action-oriented projects to design, deploy, and evaluate new prototype solutions to important challenges facing our ecosystem: -Increasingly large rain events, -Under-investment in water infrastructure -Nutrient pollution and harmful algae blooms, -Threats posed by potential and existing invasive species, and -Adapting to the demographic and economic changes in our region These challenges are at the root of impairments to water quality, altered flow regimes and detrimental shifts in the ecology of the basin. The Fund believes that advances in real-time management of water, in integrating natural and built water management systems, in designing pay-for-performance financing, and in machine learning and autonomous control can be combined to create new solutions to these big challenges.	The Great Lakes Protection Fund can support a wide variety of applicants. Non-profit organizations (including environmental organizations, trade associations, and universities), governmental agencies, individuals, and for-profit businesses are eligible for Fund support. Successful applicants must maintain open access to certain project data, records and information. All applicants must show that the proposed work has clear public benefit and that any related financial benefits will accrue to the public good. Government agencies must show that Fund support is not being used to replace or duplicate funds. The Fund will not support advocacy campaigns, litigation or compliance obligations.	Budget requests should reflect the full amount of funds necessary to complete the proposed work. Past awards have ranged from \$20,000 to \$1.5 million. Matching funds are not necessary. The fund will support overhead costs at a maximum of 15% of project costs.	All year	<a href="http://glpf.org/get-funding/projects-wanted/">http://glpf.org/get-funding/projects-wanted/</a>	Simon Belisle Project Development Manager 847-425-8193 startaconversation@glpf.org
Driftless Area Restoration Effort	Natural Resources/Habitat Protection	All States	Great Plains Fish Habitat Partnership/ U.S. Fish and Wildlife Service (USFWS)	Federal	Program to restore and conserve habitats that benefit brook trout, smallmouth bass, and/or nongame fish and reptile species. All proposed projects should be developed in coordination with the La Crosse Fish and Wildlife Conservation Office of the U.S. Fish and Wildlife Service. Funds can be used for on-the-ground habitat conservation and improvement projects, related design and associated biological monitoring activities.	Contact organization for more information on eligibility.	Proposals should range between \$15,000 to \$40,000. 1:1 match required.	Contact	<a href="http://www.darestoration.com/">http://www.darestoration.com/</a>	Application packet can be obtained by contacting: <a href="mailto:Louise_Mauldin@fws.gov">Louise_Mauldin@fws.gov</a>
Federal Aid Programs For State Of Minnesota Disaster Recovery	Water Quantity	MN	FEMA	Federal	Program provides reimbursement (75% or more) for: • Repairing or replacing damaged facilities (roads, bridges, utilities, buildings, schools, recreational areas, etc.) that are public or private non-profit organizations engaged in community service activities. • Removing debris from public areas and for emergency measures taken to save lives and protect property and public health. • Hazard mitigation projects undertaken by state and local governments to prevent or reduce long-term risk to life and property from natural or technological disasters.	Local governments within Hennepin County or Anoka County. See website for additional information.	Reimbursement of costs, up to 75%	Application procedures for local governments will be explained at a series of federal/state applicant briefings with locations to be announced in the affected area by recovery officials.	<a href="http://www.fema.gov/news-release/2013/07/25/federal-aid-programs-state-minnesota-declaration">http://www.fema.gov/news-release/2013/07/25/federal-aid-programs-state-minnesota-declaration</a>	See website for updates
