| North American Wetland Conservation Act Standard and imall Grants Program | Natural Resources/ Habitat Protection | All States | U.S. Fish and Wildlife Service (USFWS) | Federal | The Act was passed, in part, to support activities under the North American Waterfowl Management Plan, an international agreement that provides a strategy for the long-term protection of wetlands and associated uplands habitats needed by waterfowl and other migratory birds in North America. In December 2002, Congress reauthorized the Act and expanded its scope to include the conservation of all habitats and birds associated with wetlands ecosystems. | The North American Wetlands Conservation Act (Act, or NAWCA) of 1989 provides matching grants to organizations and individuals who have developed partnerships to carry out wetlands conservation projects in the United States, Canada, and Mexico for the benefit of wetlands-associated migratory birds and other wildlife. | \$40 million (annually) for 24 North American Wetlands Conservation Act (NAWCA) proposals for U.S Standard Grants. Requires minimum 1:1 match | Standard Cycle 1: February 26, 2021 Standard Cycle 2: July 9, 2021 Small: October 14, 2021 | http://www.fws.gov/birds/grants/n orth-american-wetland- conservation-act.php | Contact: Division of Bird Habitat Conservat (703) 358-1784, dbhc@fws.gov |
| IGER BUILD Discretionary rants | Transportation | All States | US DOT | Federal | The U.S. Department of Transportation (DOT) published \$1 billion in Fiscal Year (FY) 2020 discretionary grant funding through the Better Utilizing Investments to Leverage Development (BUILD) Transportation Discretionary Grants program. Projects for BUILD will be evaluated based on merit criteria that include safety, economic competitiveness, quality of life, environmental sustainability, state of good repair, innovation, and partnership. To better address the needs of rural America, which has historically been neglected, DOT intends to award 50% of BUILD Transportation grant funding to projects located in rural areas that deliver positive benefits for these communities, consistent with the Department's R.O.U.T.E.S. initiative. For this round of BUILD Transportation grants, the maximum grant award is \$25 million, and no more than \$100 million can be awarded to a single State, as specified in the appropriations act. | State, local, and tribal governments, transit agencies, port authorities, metropolitan planning organizations, other political subdivisions of State or local governments, and multi-State or multi-jurisdictional groups applying through a lead annifrant | Up to \$1 billion available, grants may not be less than \$5 million and not greater than \$25 million except that for projects located in rural areas, the minimum award size is \$1 million | July 12, 2021 | https://www.transportation.gov/tig er | Office of Secretary of Transportation 202-366-0301 TIGERgrants@dot.gov |
| Community Conservation Partnership | Water Quality | MN | Dakota County Soil & Water Conservation District | Non-Federal | Program to support public landowners in implementing TMDL and local water management plans by providing technical and cost share assistance to install bioretention and other stormwater Best Management Practices at public facilities in Dakota County to improve water quality above the minimum measures required by the regulating agencies. | Public landowners within Dakota County | Up to \$50,000 of cost share funding available per project for up to 75% of the actual project cost. | March, May or July 15 each year | https://dakotaswcd.org/services/in centives/ | Contact Dakota County SWCD (651) 480-7777 |
| ort Infrastructure Development rants | Transportation | All States | U.S. Department of Transportation Maritime Administration | Federal | Funds for the Port Infrastructure Development Program are to be awarded as discretionary grants on a competitive basis for projects that will improve the safety, efficiency, or reliability of the movement of goods into, out of, around, or within a coastal seaport, as well as the unloading and loading of cargo at a coastal seaport. | An eligible applicant for a Port Infrastructure Development Program discretionary grants is a port authority, a commission or its subdivision or agent under existing authority, as well as a State or political subdivision of a State or local government, a Tribal government, a public agency or publicly chartered authority established by one or more States, a special purpose | Award minimum of \$1,000,000. The federal share of costs , may not exceed 80 percent; however these requirements may be waived for awards less than \$10 million | July 30, 2021 | https://www.maritime.dot.gov/PID Pgrants | Robert Bouchard Director, Office of Port Infrastructure Development 202-366-5076 Ports@dot.gov |
| Vellhead Protection Partner Grants (Pilot) | Groundwater | MN | BWSR | Non-Federal | Wellhead Protection Partner Grants will provide funding to local government for establishing perpetual or long-term protection of wellhead protection areas where state-held easements are not viable or desirable. | A local government entity within a delineated Wellhead Protection Area (WHPA) mapped in a Minnesota Department of Health (MDH) approved Wellhead Protection Plan | Up to \$1,279,000 is currently available. Individual grant amounts will be determined by the duration of protection and the protection mechanism provided in the grant proposal. A 10% match is required of grant recipients | Last day of each month as funding is available | http://www.bwsr.state.mn.us/grant s/apply/index.html | Tabor Hoek tabor.hoek@state.mn.us 507-537-7260 |
| Diesel On-Road and Heavy Duty Jectric Vehicle Replacement Grant | Environmental & Education | MN | МРСА | Federal | The grant aims to reduce diesel emissions and improve air quality and public health by removing older diesel vehicles and equipment from operation and replacing them with new, less-polluting models. New on-road vehicles funded by this grant can be electric, diesel, diesel hybrid electric, natural gas, or propane. New airport ground support equipment, forklifts, and port cargo handling equipment funded by this grant must be allelectric. Projects funded will: 1) reduce diesel emissions in Minnesota; 2) fund new vehicles and pieces of equipment around the state; and 3) fund a mixture of clean, alternative fuel technologies. | For-profit, nonprofit, and public entities, including state, local, and Tribal governments that own 1992 through 2009 engine model year diesel on-road trucks and transit buses operating in Minnesota are eligible applicants. Applicants must be based in Minnesota or have a branch office in Minnesota. | Approximately \$5 million in funding is available. \$1,724,000 will be awarded for internal combustion on- road projects; \$3,534,000 is available for new all-electric vehicles or equipment that replace old diesel vehicles or equipment | August 9, 2021 | https://www.pca.state.mn.us/air/di esel-on-road-and-heavy-duty_ electric-vehicle-replacement-grant | grants.pca@state.mn.us |
| Sreat Lakes Restoration nitiative: Nonpoint Source Runoff & Nutrient Reduction Projects | Environmental & Education | Great Lakes Basin States | U.S. Forest Service | Federal | EPA is calling for grant applications to fund projects in the Great Lakes basin aimed at addressing stormwater runoff which carries pollution from the land into water bodies. These projects include innovative ways to reduce nutrients from agricultural runoff and a special consideration for underserved communities. Applications are requested for three categories: riparian restoration, addressing legacy phosphorus in agricultural settings, and green infrastructure in shoreline communities. | State agencies, Tribal communities, nonprofit organizations, educational institutions, and local governments that work within the Great Lakes Basin of Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania, and Wisconsin. | Total funding available is \$9 million. Riparian restoration: \$3 million available for 5-10 projects Legacy phosphorus: \$3 million available for 5-10 projects Green infrastructure: \$3 million available for 5-10 projects | August 20, 2021 | https://www.glri.us/funding | Michael Russ russ.michael@epa.gov 312-886-4013 |
| /IN Local Road Research Board ind MnDOT Academic Research unding | Research | MN | MN Local Road Research Board (LRRB) and MnDOT | Non-Federal | The Local Road Research Board (LRRB) welcomes research ideas from Minnesota transportation practitioners. After submittal, your idea will be researched and evaluated to determine whether current solutions to the need/problem exist. We will follow up to let you know our findings. If the idea warrants new research, it will be brought before the LRRB to determine if proposals for research should be sought. Current research goals include: safety, recycled and alternative pavement materials, decision-making for pavement planning, funding the public's role in transportation, sustainable planning and design, innovative construction methods and contracting, innovations in maintenance and operations, maintain road systems economically, environmental sustainability, reducing environmental impacts, environmental policy considerations and permitting. | Applications are accepted from research institutions. It is not uncommon for consulting firms to apply for and receive funding through this program. | Example successful proposals range from \$20,000- \$200,000. | September 14, 2021 | http://www.dol.state.mn.us/researc h/process-and-docs.html | Hafiz Munir hafiz.munir@state.mn.us 651-366-3757 |
| ource Water Protection: Plan mplementation Grant Program | Groundwater | MN | MN Dept. of Health | Non-Federal | Program is designed to support implementation of Source Water Protection Plans. In Minnesota, source wate protection is divided into wellhead protection that focuses on 1) groundwater that is used for public water supply and 2) intake protection that focuses on surface water that is used for public water supply. | r Only public water suppliers may apply for a source water protection plan implementation grant but may use funding to support the work of other parties relating to the source water protection plan. | The total amount of funding that is available under this notice is \$175,000. No cost share is required for receiving a grant. The minimum amount available is \$10,000. The maximum amount available is \$10,000. All of the funds that are awarded must be expended within the state fiscal biennium. | March 31, 2021 September 30, 2021 | https://www.health.state.mn.us/co mmunities/environment/water/sw p/implementationfaq.html | Drinking Water Protection Program Email: Health.DrinkingWater@state.mn.us (6 201-4700) |
| Project Grant Program | Water Quality | Great Lakes Basin States | Freshwater Future | Non-Federal | The goal of this grant program is to provide financial support to activities that actively promote aquatic habita protection and restoration by influencing community and/or individual behavior or opinions, corporate conduction, and/or public policies; and to strengthen the role of individuals and community groups working locally to protect and restore shorelines, inland lakes, rivers, and wetlands in the Great Lakes Basin. On the ground projects or educational programs without an advocacy component integrated into the program and goals will not be considered. | t Applicants must be a current organizational member of Freshwater Future; a grassroots initiative; a 501(c)(3), Canadian charity, or have a fiscal sponsor with either a 501(c)(3) or is a Canadian charity; and carry out a project that impacts the Great Lakes watershed. | \$500-\$5.000 | Spring Cycle: March 31, 2021 Fall Cycle: September 30, 2021 | http://freshwaterfuture.org/grants. project-grant-program/ | (231) 348-8200 or grants@freshwaterfuture. |
| artners for Fish and Wildlife rogram | Natural Resources/ Habitat Protection | All States | USFWS | Federal | The Partners for Fish and Wildlife (PFW) Program is a voluntary, incentive-based program that provides direct technical assistance and financial assistance in the form of cooperative agreements to private landowners to restore and conserve fish and wildlife habitat for the benefit of federal trust resources. The PFW Program is delivered through more than 250 full-time staff, active in all 50 States and territories. Partners for Fish and Wildlife Program staff coordinate with project partners, stakeholders and other Service programs to identify geographic focus areas and develop habitat conservation priorities within these focus areas. Geographic focus areas are where the PFW Program directs resources to conserve habitat for federal trust species. Project work plans are developed strategically, in coordination with partners, and with substantial involvement from Service field staff. Projects must advance our mission, promote biological diversity, and be based upon sound scientific biological principles. Program strategic plans inform the types of projects funded under this opportunity. Applicants seeking funding under this program should review the program strategic plan and also contact the regional PFW Program office prior to submitting an application for funding. | Projects must be implemented on private lands, including tribal lands or waters owned by non-Federal or non-State entities. | Estimated Total Program Funding: \$57,000,000 Anticipated number of projects: 1500 Award ceiling: \$750,000 | September 30, 2021 | http://www.grants.gov/web/grants / <u>search-</u> grants.html?keywords=partners%2 0for%20fish%20and%20wildlife | Grants Management Specialist Patrick Schu 703 358 2567 patrick_schulze@fws.gov |
| ource Water Protection: ompetitive Grant Program | Groundwater | MN | MN Dept of Health | Non-Federal | Program to support source water protection for community and no transient noncommunity public water suppliers. Source water protection activities that are funded under this grant program must focus on managing or eliminating one or more potential sources of contamination that the Minnesota Department of Health has determined presents a risk to the public water supplier. | A public water supplier must meet the following conditions in order to qualify for a grant: 1) Be a community or a non-transient non-community public water supplier, and 2) the public water supplier is not currently subject to administrative penalty action by the MN Dept. of Health for violation of state or federal public water supply regulations. Although only qualifying public water suppliers may apply for a source water protection competitive grant, they may use this funding to support the work of other parties. | The total amount of funding that is available under this notice is \$75,000. An equal cost share for each work item is required for receiving a grant. Minimum grant amount of \$500. Maximum grant amount is \$10,000. | April and October of each year | https://www.health.state.mn.us/co mmunities/environment/water/sw p/grants.html | Drinking Water Protection Program Email: Health.DrinkingWater@state.mn.us (6 201-4700) |

| Tax Base Revitalization Account | Brownfields | MN | Metropolitan Council | Non-Federal | The Metropolitan Council's Tax Base Revitalization Account (TBRA) is one of the three incentive accounts created by the 1995 Livable Communities Act adopted by the Minnesota Legislature. The TBRA provides grants to investigate or clean up contaminated property for subsequent residential, commercial, or industrial development. Funded activities include: Phase I and Phase II environmental site assessments, RAP development, Demolition and site preparation (only if necessary to access contamination), Soil or ground water remediation, Soil vapor mitigation, Asbestos abatement work, Lead paint removal or stabilization | Cities, counties, and local development authorities located in the 7-county metro area and participating in the Metropolitan Livable Communities Housing Incentives Program are eligible to apply for funds. Applications involving public- private partnerships are most competitive. Cleanup grant applicants must have ar MPCA-approved RAP, but investigation grants can fund RAP development. | Limit of 50% available funding No match Site Investigation: | Round 1: May 3, 2021 Round 2: November 1, 2021 | https://metrocouncil.org/Commun ities/Services/Livable-Communities Grants/Tax-Base-Revitalization_ Account-(TBRA).aspx | Marcus Martin Phone: (651) 602-1054 Email: marcus.martin@metc.state.mn.us |
| Contamination Investigation and RAP Development Grant | Brownfields | MN | MN Department of Employment and Economic Development | Non-Federal | Administered by DEED, this program is designed to assist communities in contamination investigation and RAI development. Similar to the Contamination Cleanup Grant, the applicant must be able to demonstrate the existence of a community supported redevelopment plan with an appropriate completion timeline. Funded activities include: site investigation (Phase I and Phase II), RAP development. | Eligible applicants include cities, counties, port authorities, housing and redevelopment authorities and economic development authorities are eligible applicants. Both publicly and privately owned sites with known or suspected soil or groundwater contamination qualify. | Grants can pay for up to 75% of the costs of Phase I, Phase II investigation and/or RAP preparation. Awards cannot exceed \$50,000, and require a 25% local match. A maximum of \$500,000 per year is available for grants, 35% of funds are dedicated to projects outside the seven county metropolitan area. | May 1 and November 1 of each year | http://mn.gov/deed/government/f nancial- assistance/cleanup/contamination, Sp | Kristin Lukes Director, Office of Brownfields and Redevelopment 651-259-7451 or 800-657-3858 |
| Contamination Cleanup Grant | Brownfields | MN | MN Department of Employment and Economic Development | Non-Federal | This program, administered by DEED, is designed to help communities pay for assessing and remediating contaminated sites for private or public redevelopment. Essential to this grant is the existence of a redevelopment plan supported by the community and an appropriate completion timeline. Funded activities include: Site investigation and cleanup costs necessary to implement the RAP, RAP implementation. | Eligible applicants include cities, counties, port authorities, housing and redevelopment authorities and economic development authorities. Both publicly and privately owned sites with known soil or groundwater contamination qualify. Cleanup grant applicants must have an MPCA-approved RAP. | Approximately \$4 million is available. Grants can pay for up to 75% of the costs of investigation, cleanup, and other costs necessary to implement the RAP. Awards require a 25% local match. 35% of funds are dedicated to projects outside the seven-county metropolitan area . Awards not to exceed \$50,000. Applications accepted May 1 and November 1 of each year | May 1 and November 1 of each year | http://mn.gov/deed/government/f nancial- assistance/cleanup/contamination, sp | Kristin Lukes Director, Office of Brownfields and Redevelopment 651-259-7451 or 800-657-3858 |
| Stewardship Fund Grants: Action Grants | Water Quality | MN | мwмо | Non-Federal | Available to complete a project, significant in scope and cost. | Eligible applicants for MWMO Stewardship Fund Grants include: -nonprofit organizations, officially recognized neighborhood groups, business and professional associations, schools; and local units of government. Stewardship Fund grants may not be used to fund projects installed only to meet regulatory requirements; however, stewardship funds may be used to fund portions of the project that create water quality innovations that exceed regulatory requirements. Physical projects must be located within MWMO boundaries or drain to receiving water bodies within the watershed. | The grant amount may not exceed \$50,000. 25% match required. | November 5, 2021 | https://www.mwmo.org/grants/ste wardship-fund-grants/ | Alicia Beattie Capital Projects and Stewardship Specialist 612-746-4989 abeattie@mwmo.org |
| Green Partners (Commercial Sector Recycling) | Environmental & Education | MN | Hennepin County | Non-Federal | Hennepin County has created a new grant program to fund innovative projects that prevent waste in the business sector. Areas of focus can include prevention of food waste, reuse and recovery of goods and materials, and development and use of recovered products. | For-profit and non-profit businesses, organizations and institutions, including multifamily housing. Must be used to improve your organization's recycling program at facilities located in Hennepin County. | Each applicant may apply for up to \$50,000 toward a project with a minimum of \$5,000. Grants over \$10,000 require a 25% match. | November 12, 2021 (as long as funds remain) | http://www.hennepin.us/businessr ecycling | businessrecycling@hennepin.us 612-543-9296 |
| Conservation Corps Minnesota Clean Water Fund: Crew Labor | Water Quality | MN | BWSR | Non-Federal | Funds are available for Conservation Corps crew labor only for the purpose of protecting, enhancing and restoring water quality in lakes, rivers and streams and to protect groundwater and drinking water sources from degradation. Project proposals should demonstrate measurable outputs to achieve water quality objectives through the implementation of BMPs. Projects that focus on retaining water on the land through native plantings versus habitat restoration are preferred. | Counties, Cities, SWCDs, Watershed Districts and Watershed Management Organizations | \$500,000 available. No minimum match requirement. | Applications due December 15 every year | http://conservationcorps.org/clean water-funding | Brian Miller at (651) 209-9900 ext. 19 brian.miller@conservationcorps.org |
| Clean Water State Revolving Fund - Drinking Water | Water Quality | MN | MN Public Facilities Authority (MPFA) | Non-Federal | The Clean Water State Revolving Fund, is established under the Federal Clean Water Act and state law to make loans to for point source (wastewater and stormwater) and nonpoint source water pollution control projects. The Public Facilities Authority (IPFA) prepares an annual Intended Use Plan (IUP) based on a Project Priority Lis (IPPL) developed by the MPCA. The IUP describes the projects and activities eligible for funding during the state fiscal year. | The Minnesota Department of Health is soliciting requests to place new projects on the Drinking Water Revolving Fund (DWRF) Project Priority List (PPL). Projects must be on the list to be eligible for below market rate DWRF loans to improve public drinking water systems. Typical projects include watermain, wells, water treatment plants and water towers. Funding is not for expansion of water systems to serve future growth or for fire suppression infrastructure. | Below market-rate, low-interest loans, principal- forgiveness or grants to local governments. | 6 months after Intended Use Plan is approved | https://mn.gov/deed/pfa/funds- programs/cleanwaterrevolvingfun d.jsp | Contact Chad Kolstad at 651-201-3972 or chad.kolstad@state.mn.us |
| Regional Sustainable Development Partnerships | Natural Resources/ Habitat Protection | MN | University of MN Extension | Non-Federal | The Regional Sustainable Development Partnerships (RSDP) connect greater Minnesota communities to the University of Minnesota in order to help solve problems and take advantage of new opportunities. As a part o University of Minnesota Extension, RSDP brings together local talent and resources with University of Minnesota knowledge and seed funding to drive sustainability in four areas: agriculture and food systems, tourism and resilient communities, natural resources, and clean energy. | f Any individual or organization. | No funding guidelines given. | Applications can be submitted at any time and are reviewed within specific application periods | http://www.extension.umn.edu/rsd p/ | Kathryn Draeger Statewide Director, Regional Sustainable Development Partnerships draeg001@umn.edu 612-625-3148 (Regional Executive Director information on |
| Conference and Training Support | Natural Resources/ Habitat Protection | MN | MN DNR | Non-Federal | The MN DNR is offering grants to eligible partners for hosting conferences, meetings, retreats, seminars, symposiums, workshops, training or other events. The primary purpose of these events must be providing technical information; participants will enhance their skills and knowledge for managing coastal resources and development through the course of the conference. Partners can use grant fundign to send staff, community leaders and resource managers to conference. Events must be related to coastal management including protecting/restoring coastal habitats, increasing reslience to coastal hazards, managing public access to coasts or | Cities, townships and counties within the coastal area; area-wide agencies; regional planning agencies; state agencies; non-profit organizations; colleges and universities; public school districts in the coastal area; conservation districts; port authorities; tribal governments; joint powers boards; sanitary sewer districts. | Maximum award of \$4,500, 10% match required | At this time, DNR is only reviewing requests for online training or workshops, seminars, and conferences. Applications are due at least 30 days in advance of the event. | https://www.dnr.state.mn.us/water s/lakesuperior/grants.html?utm_m edium=email&utm_source=govde ivery | weusne) Cynthia Poyhonen, Grants Specialist (218) 834- 1447 or Cynthia.poyhonen@state.mn.us |
| Carver County Cost-Share Program | Water Quality | MN | Carver County | Non-Federal | Carver County Water Management Organization funds a cost share program to promote citizens to use innovative Best Management Practices (BMPs) to protect and restore the quality of water within the county. The goal of the program is to increase the awareness of water quality issues affecting the county and at the same time have citizens take an active role in the protection and/or restoration of the environment. In cooperation with both County Staff and Private Citizens, this program will continue the strong tradition of protecting the natural resources of this great county. | This program is available to anyone that is a citizen of Carver County, municipalities, and private businesses located within the Carver County Water Resource Management Area. Some areas of the County are located outside the CCWMO boundaries are on instead in Riley Purgatory Bluff Creek Watershed District or Lower MN River Watershed District. | The program will cover 75% of eligible costs up to a maximum reimbursement of \$5000. This is a competitive grant program, with the possibility of grant requests not obtaining funding. If the annual funding for a fiscal year is depleted, project applications for the year will be held over to the following year. These projects will be prioritized by the date in which the application was turned in. | Applications accepted all year. | https://www.co.carver.mn.us/depar tments/independent-agencies/soil water-conservation-district- swcd/programs-services/cost- share- program#:~text=Any%20land%20 occupier%20including%20owner.ei igible%20costs%20of%20a%20pro ject. | Terry Meiller Resource Conservationist 952-466-5230 tmeiller@co.carver.mn.us |
| Reimagining Great Lakes Water Systems | Water Quality | MN | Great Lakes Protection Fund | Non-Federal | The GLPF is looking for new ideas, new projects and new cohorts of people to catalyze a transition to a new era of water systems. Water systems are the built infrastructure, the natural landscapes, and the operating rules that govern how water moves, what moves in water and what moves on water. Improved water systems will better solve a range of problems that vex our current systems, including: reducing nutrient-driven harmful algae blooms, better handling of large rainstorms, being adaptable to changing economic and demographic conditions, and providing better value for the money GLPF will invest in them. | Eligible applicants include: non-profit organizations, universities, governmental agencies, individuals, for-profit businesses within the Great Lakes watershed area. | The average level of Fund support is \$460,000, but past awards have ranged from \$20,000 to \$1.6 million | Applications accepted all year. | http://qlpf.org/qet- funding/projects-wanted/ | David Rankin, Program Director 847-425-8150 |
| Brownfield Gap Financing Program | Brownfields | MN | Hennepin County | Non-Federal | Managed by Minnesota Brownfields and funded through Hennepin County's Environmental Response Fund (ERF), the Brownfield Gap Financing Program provides small grants to nonprofit developers to close gaps in project costs for environmental assessment and cleanup of property in Hennepin County. Funded activities include: Identification and, in some cases, remediation of unexpected environmental issues (such as unanticipated Phase I and II investigations or small-scale cleanup), Preparation for a larger funding request from the County's ERF | Eligible applicants for this program must be registered as a non-profit within the State of Minnesota, a community group, a government supported organization, or a government entity located within Hennepin County. Applicants must own the property, have a purchase or lease agreement in place, or have a letter of intent to purchase by the applicant from the property owner. | Typical Brownfield Gap Financing Program grants are less than \$10,000, but may be up to \$15,000. | Applications accepted all year. | http://mnbrownfields.org/our- work/brownfield-gap-financing/ | Hava Blair, Minnesota Brownfields, Program Coordinator PO Box 16244 St. Paul, MN 55116 612-513-4301 hblair@mnbrownfields.org |

| Capitol Region Watershed District (CRWD) Stewardship Grants | Water Quality | MN | Capitol Region Watershed District (CRWD) | Non-Federal | Stewardship Grants help businesses or homeowners build projects on their property that prevent stormwater pollution. Public and private landowners are eligible for technical and financial assistance to install water quality improvement best management practices (BMPs). Specifically, the program funds BMPs that reduce stormwater runoff, prevent erosion and filter pollutants. Typical BMP projects include but are not limited to: 1) rain gardens, 2) shoreline restoration, 3) water reuse systems, 4) permeable hardscapes (pavers, asphalt etc.). Stewardship Grant awards are allocated based on the water quality benefits provided by each Stormwater Best Management Practice (BMPs). Projects that capture runoff from streets (curb cut rain gardens), parking lots, or other larger impervious surfaces receive higher awards due to their higher water quality benefits. | Property owners within Capitol Region Watershed District (CRWD) are eligible for grants. | Total available grant amount is unknown. High impact projects may receive up to 95% grant in addition to free design services. | Applications accepted all year. | http://www.capitolregionwd.org/o ur-work/grants/stewardship- grants/ | For questions or to submit an application, please contact Joe Lochner at Ramsey County Soil & Water Conservation Division at 651-266- 7273 or joseph.lochner@co.ramsey.mn.us |
| Conservation Initiative Funding Program | Water Quality | MN | Dakota County Soil & Water Conservation District | Non-Federal | The Dakota SWCD offers funding and/or technical assistance for projects that demonstrate innovative stormwater management, low impact development and/or conservation design principles. | Dakota County land owners, developers, and local units of government | \$25,000 maximum cost share to reimburse applicant for up to 75% estimated project cost | Applications accepted all year. | http://www.dakotacountyswcd.org /cif.html | Contact Dakota County SWCD (651) 480-7777 |
| Clean Water Partnership Loan Program | Water Quality | MN | мрса | Non-Federal | loan agreement. | Only LGUs that meet the following criteria are eligible to apply for loans. LGU has the ability to pledge its full faith and credit to ensure repayment of a project implementation loan LGU has the authority to generate cash revenues for the repayment of a loan LGU has the authority to enter into a loan agreement with the MPCA LGUs that meet these requirements include counties, cities, townships, tribes, watershed districts, and watershed management organizations. Joint powers organizations composed of previously mentioned entities are also eligible, but must submit a resolution from at least one LGU that meets the eligible criteria stating that they will participate in the project as a loan sponsor. Local soil and water conservation districts and other LGUs that are not eligible to serve as a loan sponsor may partner as a project sponsor with another government entity, such as a county or watershed district, which will serve as the loan sponsor. | About \$15 million in loans will be available. The maximum loan award is \$2 million. No matching funds are required. | Applications accepted all year. | https://www.pca.state.mn.us/water /financial-assistance-nonpoint- source-water-pollution-projects- clean-water-partnership-and | Cindy Penny: cynthia.penny@state.mn.us or 651- 757-2099 |
| Environmental Quality Incentives Program | Water Quality | All States | USDA NRCS | Federal | The Environmental Quality Incentives Program (EQIP) is a voluntary conservation program that helps agricultural producers in a manner that promotes agricultural production and environmental quality as compatible goals. Through EQIP, agricultural producers receive financial and technical assistance to implement structural and management conservation practices that optimize environmental benefits on working agricultural land. | Agricultural producers and owners of non-industrial private forestland and Tribes are eligible to apply for EQIP. Eligible land includes cropland, rangeland, pastureland, non-industrial private forestland and other farm or ranch lands. | Submitted applications may be considered or evaluated in multiple funding pool opportunities. | EQIP applications are accepted on a continuous basis, however, NRCS establishes application "cut-off" or submission deadline dates for evaluation | https://www.nrcs.usda.gov/wps/po rtal/nrcs/main/national/programs/ inancial/eqip/ | Brenda Tonn, Program Specialist f Phone: 651-602-7883 Email: brenda.tonn@mn.usda.gov |
| Special Opportunity Grant Program | Water Quality | All States | Freshwater Future | Non-Federal | The Special Opportunity Grants Program (Emergency Grants) is for the aquatic habitat protection efforts that may not coincide with the application timeline or grant period for the Projects Grants Program. Freshwater Future realizes that many grassroots projects can be completed for under \$500 USD, therefore we maintain a reserve to support urgent projects or those that present a special, time-limited opportunity. Although the eligibility, overarching goal, priority program areas, and evaluation criteria are the same as the regular grants programs, Special Opportunity Grant (SOG) requests are processed differently to ensure quick | Must be a registered non-profit organization or charity or have a sponsoring nor profit organization or charity. | r Typically \$500 or less | Applications accepted all year as long as funding is available | http://freshwaterfuture.org/grants, special-opportunity-grant- program/ | / Melanie Napoleon Welch melanie@freshwaterfuture.org |
| Economic Development Assistance Program | Public Works | All States | Economic Development Administration | Federal | Economic Development Assistance programs (EDAP) Notice of Funding Opportunity (NOFO), EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance (EAA) Programs. Through this NOFO, EDA will also designate a portion of its EAA funding to support communities and regions that have been negatively impacted by changes in the coal economy (Assistance to Coal Communities, or ACC 2018). Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP NOFO, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving economic develop. | City or township governments, County governments, Native American tribal organizations (other than Federally recognized tribal governments), Native American tribal governments (Federally recognized), Private institutions of higher education, Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education, State governments, Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, Others (see text field entitled "Additional Information on Eligibility" for clarification), Special district governments, Public and State controlled institutions of higher education | | Applications accepted all year. | https://www.grants.gov/web/grant s/view- opportunity.html?oppId=306735 | http://www.eda.gov/contact/ |
