Hazard Mitigation Grant Program (HMGP)	Water Quantity	All States	FEMA	Federal	The HMGP is a cost-share grant (75% federal/25% local) made available statewide post- disaster. Funds are made available on a state-to-state basis depending on declared disasters. Eligible applicants will be invited to develop full HMGP applications. Potential projects include: •Acquisition of repetitively damaged structures from flood-prone areas •Tornado safe rooms •Retrofit of overhead power lines •Warning Sirens - Beyond the Tornado and into the 21st Century	Currently, the Hazard Mitigation Grant Program (HMGP) has funding available to qualified communities interested in mitigating future damage from natural hazards and helping residents stay safe during severe weather. Eligible applicants include: •State and local governments •Certain private non-profit organizations and institutions •Native American tribes and authorized tribal organizations	The HMGP is a cost-share grant (75% federal/25% local) made available statewide post- disaster.  \$14.6 million made available for MN in 2021	NOI due October 1, 2021 Full proposal due July 1, 2022	<a href="https://www.fema.gov/hazard-mitigation-grant-program">https://www.fema.gov/hazard-mitigation-grant-program</a>	Contact Senior Mitigation Planner in the Mitigation Division, Risk Analysis Branch of the appropriate FEMA Regional Office. <a href="https://www.fema.gov/fema-regional-contacts">https://www.fema.gov/fema-regional-contacts</a>
North American Wetland Conservation Act Standard and Small Grants Program	Natural Resources/ Habitat Protection	All States	U.S. Fish and Wildlife Service (USFWS)	Federal	The Act was passed, in part, to support activities under the North American Waterfowl Management Plan, an international agreement that provides a strategy for the long-term protection of wetlands and associated uplands habitats needed by waterfowl and other migratory birds in North America. In December 2002, Congress reauthorized the Act and expanded its scope to include the conservation of all habitats and birds associated with wetlands ecosystems.	The North American Wetlands Conservation Act (Act, or NAWCA) of 1989 provides matching grants to organizations and individuals who have developed partnerships to carry out wetlands conservation projects in the United States, Canada, and Mexico for the benefit of wetlands-associated migratory birds and other wildlife.	\$40 million (annually) for 24 North American Wetlands Conservation Act (NAWCA) proposals for U.S Standard Grants. Requires minimum 1:1 match	Standard Cycle 1: February 22, 2022 Standard Cycle 2: July 8, 2022 Small: October 14, 2022	<a href="http://www.fws.gov/birds/grants/north-american-wetland-conservation-act.php">http://www.fws.gov/birds/grants/north-american-wetland-conservation-act.php</a>	Contact: Division of Bird Habitat Conservation, (703) 358-1784, dbhc@fws.gov
Conservation Partners Program	Natural Resources/ Habitat Protection	Hawaii, Illinois, Michigan, Minnesota, Kansas, Tennessee	NRCS & NFWF	Federal	The CPP program funding will support: •Accelerated implementation of NRCS/NFWF initiatives and Farm Bill conservation programs within the Program Priority Areas and Working Lands for Wildlife Focal Areas listed below •Incorporation of best available science in applying conservation systems and strategically focusing resources where the greatest conservation opportunities exist •Increased landowner/manager awareness and participation in NRCS/NFWF initiatives and Farm Bill programs •Identifying and promoting positive economic outcomes as a result of conservation system implementation	Non-profit 501(c) organizations, farmer and commodity-led organizations, educational institutions, tribal governments, and state or local units of governments (e.g. state agricultural and/or conservation agencies, counties, townships, cities, conservation districts, utility districts, drainage districts, etc.). Proposals will be focused in one of the four geographic areas listed below: •Prairie Pothole Region •Upper Mississippi River Basin •Southern Great Plains •Soil Health Outreach Campaign	Approximately \$3.9 million is available. Typical awards will range from \$100,000 to \$600,000. Minimum 1:1 cash match required.	July 13, 2022	<a href="https://www.nfwf.org/conservationpartners/Pages/home.aspx">https://www.nfwf.org/conservationpartners/Pages/home.aspx</a>	Bridget Collins bridget.collins@nfwf.org 202-595-2655
Community Conservation Partnership	Water Quality	MN	Dakota County Soil & Water Conservation District	Non-Federal	Program to support public landowners in implementing TMDL and local water management plans by providing technical and cost share assistance to install bioretention and other stormwater Best Management Practices at public facilities in Dakota County to improve water quality above the minimum measures required by the regulating agencies.	Public landowners within Dakota County	Up to \$50,000 of cost share funding available per project for up to 75% of the actual project cost.	March, May or July 15 each year	<a href="https://dakotaswcd.org/services/incentives/">https://dakotaswcd.org/services/incentives/</a>	Contact Dakota County SWCD (651) 480-7777
Rehabilitation of High Hazard Potential Dams (HHPD)	Water Quantity	All States	Department of Homeland Security	Federal	The Rehabilitation of High Hazard Potential Dams (HHPD) Grant Program makes available federal funds to eligible states for pass through to non-Federal government organizations or nonprofit organizations for the rehabilitation of eligible high hazard potential dams that fail to meet minimum state dam safety standards and pose unacceptable risk to life and property. For the purposes of the HHPD Grant Program, rehabilitation means the repair, replacement, reconstruction, or removal of a dam that is carried out to meet applicable state dam safety and security standards.	Eligible applicants include states with a dam safety program authorized by state legislation. Each state must designate one State Administrative Agency (SAA) to serve as the applicant for HHPD funding. Subrecipients are non-federal governmental organizations and nonprofit organizations.	Total available funding is \$20,000,000. There will be approximately 50 awards. Applicants should apply for planning and design projects under the Annual Appropriated Funds. Applicants with construction-ready projects should apply for the Infrastructure Investment and Jobs Act funding.  Federal funding is available for up to 65% of the eligible activity costs.	July 15, 2022	<a href="https://www.grants.gov/web/grants/search-grants.html?keywords=high%20hazard%20potential%20dams">https://www.grants.gov/web/grants/search-grants.html?keywords=high%20hazard%20potential%20dams</a>	Kayed Lakhia 202-304-7209 Kayed.Lakhia@fema.dhs.gov or askscid@fema.dhs.gov
Clean Air Grants	Air Quality	MN	MPCA	Non-Federal	The MPCA "Improving air quality through pollutant reduction" grant is open for small businesses, governmental agencies, educational institutions, and non-governmental organizations to use different equipment, update processes, or switch to cleaner products to save money and protect the health of their employees and neighbors.	For-profit businesses with 500 or fewer full-time equivalent (FTE) employees, including parent company; governmental entity; educational institution; non-profit organization; or tribal entity	Approximately \$89,000 in funding available for this grant round. Maximum individual grant award is \$25,000, match requirement 25%.	July 27, 2022	<a href="https://www.pca.state.mn.us/regulations/funding-opportunities">https://www.pca.state.mn.us/regulations/funding-opportunities</a>	Minnesota Pollution Control Agency grants.pca@state.mn.us
Wellhead Protection Partner Grants (Pilot)	Groundwater	MN	BWSR	Non-Federal	Wellhead Protection Partner Grants will provide funding to local government for establishing perpetual or long-term protection of wellhead protection areas where state-held easements are not viable or desirable.	A local government entity within a delineated Wellhead Protection Area (WHPA) mapped in a Minnesota Department of Health (MDH) approved Wellhead Protection Plan	Up to \$1,279,000 is currently available. Individual grant amounts will be determined by the duration of protection and the protection mechanism provided in the grant proposal. A 10% match is required of grant recipients	Last day of each month as funding is available	<a href="http://www.bwsr.state.mn.us/grants/apply/index.html">http://www.bwsr.state.mn.us/grants/apply/index.html</a>	Sharon Doucette Sharon.Doucette@state.mn.us
Access to the Great Lakes Fishery	Natural Resources/ Habitat Protection	Great Lakes Basin States	Great Lakes Fishery Trust	Non-Federal	The goal of the Access to the Great Lakes Fishery grant program is to improve or create opportunities for shore-based access to fishing for Great Lakes species for use by tribal and/or recreational users. The GLFT funds projects that create or enhance shore-based access to fishing, which includes construction or improvement of boardwalks and fishing piers with adjacent amenities such as parking facilities and walkways. Applicants are encouraged to review the GLFT's Policy on Tribal and Recreational Fishing Access Grants prior to submitting a proposal. Additional requirements for proposals that only seek funding to support the development of engineering and design and or feasibility studies, as well as those seeking funding to support development of fish cleaning stations, are provided in the policy.	Organizations that are eligible to apply for GLFT grants include nonprofit organizations with a 501(c)(3) designation from the IRS (or nongovernmental organizations that hold charitable status in their country), as well as educational and governmental (including tribal) organizations.	This RFP process will be used for the disbursement of up to \$550,000 in grants in 2020	August 19, 2022	<a href="https://glft.org/opportunities">https://glft.org/opportunities</a>	Jon Beard jbeard@glft.org 517-371-7468
Clean Water Fund Competitive Grant	Water Quality	MN	BWSR	Non-Federal	The purpose of this policy is to provide expectations for implementation activities conducted via the Board of Water and Soil Resources (BWSR) Clean Water Fund (CWF) implementation program. BWSR will use grant agreements for assurance of deliverables and compliance with appropriate statutes, rules and established policies. Willful or negligent disregard of relevant statutes, rules and policies may lead to imposition of financial penalties or future sanctions on the grant recipient. The Clean Water Fund Competitive Grants Request for Proposal (RFP) may identify more specific requirements or criteria when specified by statute, rule or appropriation language. BWSR's Grants Administration Manual ( <a href="http://www.bwsr.state.mn.us/grants/manual/">http://www.bwsr.state.mn.us/grants/manual/</a> ) provides the primary framework for local management of all state grants administered by BWSR.	Eligible applicants include local governments units (counties, watershed districts, watershed management organizations, soil and water conservation districts, and seven-county metro cities) or local government joint power boards working under a current State approved and locally adopted local water management plan or soil and water conservation district (SWCD) comprehensive plan. Counties in the seven-county metropolitan area are eligible if they have adopted a county groundwater plan or county comprehensive plan that has been approved by the Metropolitan Council under Minn. Stat. Chapter 473. Cities in the seven-county metropolitan area are eligible if they have a water plan that has been approved by a watershed district or a watershed management organization as provided under Minn. Stat. 103B.235. Cities, including those outside of the seven-county metropolitan area, are encouraged to work with another eligible local government if interested in receiving grant funds.	Six different grants available with total grant amount of \$19,900,000, as follows: 1) BWSR Projects and Practices (\$9,700,000, require 25% match), 2) BWSR Multipurpose Drainage Management Grant (\$800,000, require 25% match), 3) BWSR Soil Health Grants (\$1,400,000, require 10% match), 4) MDA AgBMP Loans (\$5,000,000, no match required), 5) MPCA Clean Water Partnership Loans (Up to \$3,000,000, no match required).	August 22, 2022	<a href="http://www.bwsr.state.mn.us/grants/apply/index.html">http://www.bwsr.state.mn.us/grants/apply/index.html</a>	Questions may be submitted by email to <a href="mailto:cwfquestions@state.mn.us">cwfquestions@state.mn.us</a> . Responses will be posted on the BWSR website as a "Frequently Asked Questions" (FAQ) document and updated weekly throughout the RFP. The final update will be posted on August 24, 2018.

Diesel On-Road and Heavy Duty Electric Vehicle Replacement Grant	Environmental & Education	MN	MPCA	Federal	The grant aims to reduce diesel emissions and improve air quality and public health by removing older diesel vehicles and equipment from operation and replacing them with new, less-polluting models. New on-road vehicles funded by this grant can be electric, diesel, diesel hybrid electric, natural gas, or propane. New airport ground support equipment, forklifts, and port cargo handling equipment funded by this grant must be all electric. Projects funded will: 1) reduce diesel emissions in Minnesota; 2) fund new vehicles and pieces of equipment around the state; and 3) fund a mixture of clean, alternative fuel technologies.	For-profit, nonprofit, and public entities, including state, local, and Tribal governments that own 1992 through 2009 engine model year diesel on-road trucks and transit buses operating in Minnesota are eligible applicants. Applicants must be based in Minnesota or have a branch office in Minnesota.	Approximately \$6.5 million in funding is available. The maximum award is 75% of replacement cost.	August 31, 2022	<a href="https://www.pca.state.mn.us/air/diesel-on-road-and-heavy-duty-electric-vehicle-replacement-grant">https://www.pca.state.mn.us/air/diesel-on-road-and-heavy-duty-electric-vehicle-replacement-grant</a>	grants.pca@state.mn.us
MN Local Road Research Board and MnDOT Academic Research Funding	Research	MN	MN Local Road Research Board (LRRB) and MnDOT	Non-Federal	The Local Road Research Board (LRRB) welcomes research ideas from Minnesota transportation practitioners. After submittal, your idea will be researched and evaluated to determine whether current solutions to the need/problem exist. We will follow up to let you know our findings. If the idea warrants new research, it will be brought before the LRRB to determine if proposals for research should be sought. Current research goals include: safety, recycled and alternative pavement materials, decision-making for pavement planning, funding the public's role in transportation, sustainable planning and design, innovative construction methods and contracting, innovations in maintenance and operations, maintain road systems economically, environmental sustainability, reducing environmental impacts, environmental policy considerations and permitting.	Applications are accepted from research institutions. It is not uncommon for consulting firms to apply for and receive funding through this program.	Example successful proposals range from \$20,000-\$200,000.	Idea Submission: March 15, 2022 Proposals Due: September 13, 2022	<a href="http://www.dot.state.mn.us/research/process-and-docs.html">http://www.dot.state.mn.us/research/process-and-docs.html</a>	Hafiz Munir hafiz.munir@state.mn.us 651-366-3757
Project Grant Program	Water Quality	Great Lakes Basin States	Freshwater Future	Non-Federal	The goal of this grant program is to provide financial support to activities that actively promote aquatic habitat protection and restoration by influencing community and/or individual behavior or opinions, corporate conduction, and/or public policies; and to strengthen the role of individuals and community groups working locally to protect and restore shorelines, inland lakes, rivers, and wetlands in the Great Lakes Basin. On the ground projects or educational programs without an advocacy component integrated into the program and goals will not be considered.	Applicants must be a current organizational member of Freshwater Future; a grassroots initiative; a 501(c)(3), Canadian charity, or have a fiscal sponsor with either a 501(c)(3) or is a Canadian charity, and carry out a project that impacts the Great Lakes watershed.	\$500-\$5,000	September 30, 2022	<a href="https://freshwaterfuture.org/grant-programs/">https://freshwaterfuture.org/grant-programs/</a>	Laurie Breighner laurie@freshwaterfuture.org (231) 348-8200
Partners for Fish and Wildlife Program	Natural Resources/ Habitat Protection	All States	USFWS	Federal	The Partners for Fish and Wildlife (PFW) Program is a voluntary, incentive-based program that provides direct technical assistance and financial assistance in the form of cooperative agreements to private landowners to restore and conserve fish and wildlife habitat for the benefit of federal trust resources. The PFW Program is delivered through more than 250 full-time staff, active in all 50 States and territories. Partners for Fish and Wildlife Program staff coordinate with project partners, stakeholders and other Service programs to identify geographic focus areas and develop habitat conservation priorities within these focus areas. Geographic focus areas are where the PFW Program directs resources to conserve habitat for federal trust species. Project work plans are developed strategically, in coordination with partners, and with substantial involvement from Service field staff. Projects must advance our mission, promote biological diversity, and be based upon sound scientific biological principles. Program strategic plans inform the types of projects funded under this opportunity. Applicants seeking funding under this program should review the program strategic plan and also contact the regional PFW Program office prior to submitting an application for funding.	Projects must be implemented on private lands, including tribal lands or waters owned by non-Federal or non-State entities.	Estimated Total Program Funding: \$57,000,000 Anticipated number of projects: 1500 Award ceiling: \$750,000	September 30, 2022	<a href="http://www.grants.gov/web/grants/search-grants.html?keywords=partners%20for%20fish%20and%20wildlife">http://www.grants.gov/web/grants/search-grants.html?keywords=partners%20for%20fish%20and%20wildlife</a>	Grants Management Specialist Patrick Schulze 703 358 2567 patrick_schulze@fws.gov
Source Water Protection: Competitive Grant Program	Groundwater	MN	MN Dept of Health	Non-Federal	Program to support source water protection for community and no transient noncommunity public water suppliers. Source water protection activities that are funded under this grant program must focus on managing or eliminating one or more potential sources of contamination that the Minnesota Department of Health has determined presents a risk to the public water supplier.	A public water supplier must meet the following conditions in order to qualify for a grant: 1) Be a community or a non-transient non-community public water supplier, and 2) the public water supplier is not currently subject to administrative penalty action by the MN Dept. of Health for violation of state or federal public water supply regulations. Although only qualifying public water suppliers may apply for a source water protection competitive grant, they may use this funding to support the work of other parties.	The total amount of funding that is available under this notice is \$75,000. An equal cost share for each work item is required for receiving a grant. Minimum grant amount of \$500. Maximum grant amount is \$10,000.	April and October of each year	<a href="https://www.health.state.mn.us/communities/environment/water/swp/grants.html">https://www.health.state.mn.us/communities/environment/water/swp/grants.html</a>	Drinking Water Protection Program Email: Health.DrinkingWater@state.mn.us (651-201-4700)
Contamination Investigation and RAP Development Grant	Brownfields	MN	MN Department of Employment and Economic Development	Non-Federal	Administered by DEED, this program is designed to assist communities in contamination investigation and RAP development. Similar to the Contamination Cleanup Grant, the applicant must be able to demonstrate the existence of a community supported redevelopment plan with an appropriate completion timeline. Funded activities include: site investigation (Phase I and Phase II), RAP development.	Eligible applicants include cities, counties, port authorities, housing and redevelopment authorities and economic development authorities are eligible applicants. Both publicly and privately owned sites with known or suspected soil or groundwater contamination qualify.	Grants can pay for up to 75% of the costs of Phase I, Phase II investigation and/or RAP preparation. Awards cannot exceed \$50,000, and require a 25% local match. A maximum of \$500,000 per year is available for grants, 35% of funds are dedicated to projects outside the seven-county metropolitan area.	May 1 and November 1 of each year	<a href="http://mn.gov/deed/government/financial-assistance/cleanup/contamination.jsp">http://mn.gov/deed/government/financial-assistance/cleanup/contamination.jsp</a>	Kristin Lukes Director, Office of Brownfields and Redevelopment 651-259-7451 or 800-657-3858
Contamination Cleanup Grant	Brownfields	MN	MN Department of Employment and Economic Development	Non-Federal	This program, administered by DEED, is designed to help communities pay for assessing and remediating contaminated sites for private or public redevelopment. Essential to this grant is the existence of a redevelopment plan supported by the community and an appropriate completion timeline. Funded activities include: Site investigation and cleanup costs necessary to implement the RAP, RAP implementation.	Eligible applicants include cities, counties, port authorities, housing and redevelopment authorities and economic development authorities. Both publicly and privately owned sites with known soil or groundwater contamination qualify. Cleanup grant applicants must have an MPCA-approved RAP.	Approximately \$4 million is available. Grants can pay for up to 75% of the costs of investigation, cleanup, and other costs necessary to implement the RAP. Awards require a 25% local match. 35% of funds are dedicated to projects outside the seven-county metropolitan area. Awards not to exceed \$50,000. Applications accepted May 1 and November 1 of each year	4pm May 1 and November 1 of each year	<a href="http://mn.gov/deed/government/financial-assistance/cleanup/contamination.jsp">http://mn.gov/deed/government/financial-assistance/cleanup/contamination.jsp</a>	Kristin Lukes Director, Office of Brownfields and Redevelopment 651-259-7451 or 800-657-3858
Tax Base Revitalization Account	Brownfields	MN	Metropolitan Council	Non-Federal	The Metropolitan Council's Tax Base Revitalization Account (TBRA) is one of the three incentive accounts created by the 1995 Livable Communities Act adopted by the Minnesota Legislature. The TBRA provides grants to investigate or clean up contaminated property for subsequent residential, commercial, or industrial development. Funded activities include: Phase I and Phase II environmental site assessments, RAP development, Demolition and site preparation (only if necessary to access contamination), Soil or ground water remediation, Soil vapor mitigation, Asbestos abatement work, Lead paint removal or stabilization	Cities, counties, and local development authorities located in the 7-county metro area and participating in the Metropolitan Livable Communities Housing Incentives Program are eligible to apply for funds. Applications involving public-private partnerships are most competitive. Cleanup grant applicants must have an MPCA-approved RAP, but investigation grants can fund RAP development.	Cleanup: \$2,625,000 available each round Limit of 50% available funding No match Site Investigation: \$125,000 available per round Limit \$50,000 per project 25% match required	November 1, 2022	<a href="https://metro council.org/Communities/Services/Livable-Communities-Grants/Tax-Base-Revitalization-Account-(TBRA).aspx">https://metro council.org/Communities/Services/Livable-Communities-Grants/Tax-Base-Revitalization-Account-(TBRA).aspx</a>	Marcus Martin Phone: (651) 602-1054 Email: marcus.martin@metc.state.mn.us
Ramsey County Environmental Response Fund	Brownfields	MN	Ramsey County	Non-Federal	The Ramsey County Environmental Response Fund's (ERF) priorities include development/redevelopment of blighted sites, including orphan sites, that will result in additional jobs at living wages and/or affordable housing, and clean-up of public land and green space that will enhance the quality of life in neighborhoods and communities.	Eligible applicants include Ramsey County and Ramsey County municipalities, public and private for profit and not-for-profit agencies and organizations	ERF funds are intended as gap financing (applicants should exhaust funds available from other sources). There is no limit on grant funding that may be request d from the ERF. Total funding available each year is approximately \$500,000	Proposals are due May 1 and November 1 each year, open one month prior.	<a href="https://www.ramseycounty.us/businesses/property-development/property-development-programs-incentives/environmental-response-fund">https://www.ramseycounty.us/businesses/property-development/property-development-programs-incentives/environmental-response-fund</a>	Martha Faust Redevelopment Manager 651-358-4341

Conservation Corps Minnesota Clean Water Fund: Crew Labor	Water Quality	MN	BWSR	Non-Federal	Funds are available for Conservation Corps crew labor only for the purpose of protecting, enhancing and restoring water quality in lakes, rivers and streams and to protect groundwater and drinking water sources from degradation. Project proposals should demonstrate measurable outputs to achieve water quality objectives through the implementation of BMPs. Projects that focus on retaining water on the land through native plantings versus habitat restoration are preferred.	Counties, Cities, SWCDs, Watershed Districts and Watershed Management Organizations	\$500,000 available. No minimum match requirement.	Applications due December 15 every year	<a href="http://conservationcorps.org/clean-water-funding">http://conservationcorps.org/clean-water-funding</a>	Brian Miller at (651) 209-9900 ext. 19 brian.miller@conservationcorps.org
Clean Water State Revolving Fund - Drinking Water	Water Quality	MN	MN Public Facilities Authority (MPFA)	Non-Federal	The Clean Water State Revolving Fund, is established under the Federal Clean Water Act and state law to make loans to for point source (wastewater and stormwater) and nonpoint source water pollution control projects. The Public Facilities Authority (PFA) prepares an annual Intended Use Plan (IUP) based on a Project Priority List (PPL) developed by the MPCA. The IUP describes the projects and activities eligible for funding during the state fiscal year.	The Minnesota Department of Health is soliciting requests to place new projects on the Drinking Water Revolving Fund (DWRF) Project Priority List (PPL). Projects must be on the list to be eligible for below market rate DWRF loans to improve public drinking water systems. Typical projects include watermain, wells, water treatment plants and water towers. Funding is not for expansion of water systems to serve future growth or for fire suppression infrastructure.	Below market-rate, low-interest loans, principal-forgiveness or grants to local governments.	6 months after Intended Use Plan is approved	<a href="https://mn.gov/deed/pfa/funds-programs/cleanwaterrevolvingfund.jsp">https://mn.gov/deed/pfa/funds-programs/cleanwaterrevolvingfund.jsp</a>	Contact Chad Kolstad at 651-201-3972 or chad.kolstad@state.mn.us
Regional Sustainable Development Partnerships	Natural Resources/ Habitat Protection	MN	University of MN Extension	Non-Federal	The Regional Sustainable Development Partnerships (RSDP) connect greater Minnesota communities to the University of Minnesota in order to help solve problems and take advantage of new opportunities. As a part of University of Minnesota Extension, RSDP brings together local talent and resources with University of Minnesota knowledge and seed funding to drive sustainability in four areas: agriculture and food systems, tourism and resilient communities, natural resources, and clean energy.	Any individual or organization.	No funding guidelines given.	Applications can be submitted at any time and are reviewed within specific application periods	<a href="http://www.extension.umn.edu/rsdp/">http://www.extension.umn.edu/rsdp/</a>	Kathryn Draeger Statewide Director, Regional Sustainable Development Partnerships draeg001@umn.edu 612-625-3148 (Regional Executive Director information on website)
Conference and Training Support	Natural Resources/ Habitat Protection	MN	MN DNR	Non-Federal	The MN DNR is offering grants to eligible partners for hosting conferences, meetings, retreats, seminars, symposiums, workshops, training or other events. The primary purpose of these events must be providing technical information; participants will enhance their skills and knowledge for managing coastal resources and development through the course of the conference. Partners can use grant funding to send staff, community leaders and resource managers to conferences. Events must be related to coastal management including protecting/restoring coastal habitats, increasing resilience to coastal hazards, managing public access to coasts, etc.	Cities, townships and counties within the coastal area; area-wide agencies; regional planning agencies; state agencies; non-profit organizations; colleges and universities; public school districts in the coastal area; conservation districts; port authorities; tribal governments; joint powers boards; sanitary sewer districts.	Maximum award of \$4,500, 10% match required	Applications are due at least 30 days in advance of the event.	<a href="https://www.dnr.state.mn.us/waters/lakesuperior/grants.html?utm_medium=email&amp;utm_source=govdelivery">https://www.dnr.state.mn.us/waters/lakesuperior/grants.html?utm_medium=email&amp;utm_source=govdelivery</a>	Cynthia Poyhonen, Grants Specialist (218) 834-1447 or Cynthia.poyhonen@state.mn.us
Carver County Cost-Share Program	Water Quality	MN	Carver County	Non-Federal	Carver County Water Management Organization funds a cost share program to promote citizens to use innovative Best Management Practices (BMPs) to protect and restore the quality of water within the county. The goal of the program is to increase the awareness of water quality issues affecting the county and at the same time have citizens take an active role in the protection and/or restoration of the environment. In cooperation with both County Staff and Private Citizens, this program will continue the strong tradition of protecting the natural resources of this great county.	This program is available to anyone that is a citizen of Carver County, municipalities, and private businesses located within the Carver County Water Resource Management Area. Some areas of the County are located outside the CCWMO boundaries are on instead in Riley Purgatory Bluff Creek Watershed District or Lower MN River Watershed District.	The program will cover 75% of eligible costs up to a maximum reimbursement of \$5000. This is a competitive grant program, with the possibility of grant requests not obtaining funding. If the annual funding for a fiscal year is depleted, project applications for the year will be held over to the following year. These projects will be prioritized by the date in which the application was turned in.	Applications accepted all year.	<a href="https://www.co.carver.mn.us/departments/independent-agencies/soil-water-conservation-district-swcd/programs-services/cost-share-program#:~:text=Any%20land%20occupier%20including%20owner,eligible%20costs%20of%20a%20project">https://www.co.carver.mn.us/departments/independent-agencies/soil-water-conservation-district-swcd/programs-services/cost-share-program#:~:text=Any%20land%20occupier%20including%20owner,eligible%20costs%20of%20a%20project</a>	Terry Meiller Resource Conservationist 952-466-5230 tmeiller@co.carver.mn.us
Reimagining Great Lakes Water Systems	Water Quality	MN	Great Lakes Protection Fund	Non-Federal	The GLPF is looking for new ideas, new projects and new cohorts of people to catalyze a transition to a new era of water systems. Water systems are the built infrastructure, the natural landscapes, and the operating rules that govern how water moves, what moves in water and what moves on water. Improved water systems will better solve a range of problems that vex our current systems, including: reducing nutrient-driven harmful algae blooms, better handling of large rainstorms, being adaptable to changing economic and demographic conditions, and providing better value for the money GLPF will invest in them.	Eligible applicants include: non-profit organizations, universities, governmental agencies, individuals, for-profit businesses within the Great Lakes watershed area.	The average level of Fund support is \$460,000, but past awards have ranged from \$20,000 to \$1.6 million	Applications accepted all year.	<a href="http://glpf.org/get-funding/projects-wanted/">http://glpf.org/get-funding/projects-wanted/</a>	David Rankin, Program Director 847-425-8150
Brownfield Gap Financing Program	Brownfields	MN	Hennepin County	Non-Federal	Managed by Minnesota Brownfields and funded through Hennepin County's Environmental Response Fund (ERF), the Brownfield Gap Financing Program provides small grants to nonprofit developers to close gaps in project costs for environmental assessment and cleanup of property in Hennepin County. Funded activities include: Identification and, in some cases, remediation of unexpected environmental issues (such as unanticipated Phase I and II investigations or small-scale cleanup), Preparation for a larger funding request from the County's ERF	Eligible applicants for this program must be registered as a non-profit within the State of Minnesota, a community group, a government supported organization, or a government entity located within Hennepin County. Applicants must own the property, have a purchase or lease agreement in place, or have a letter of intent to purchase by the applicant from the property owner.	Typical Brownfield Gap Financing Program grants are less than \$10,000, but may be up to \$15,000.	Applications accepted all year.	<a href="http://mnbrownfields.org/our-work/brownfield-gap-financing/">http://mnbrownfields.org/our-work/brownfield-gap-financing/</a>	Hava Blair, Minnesota Brownfields, Program Coordinator PO Box 16244 St. Paul, MN 55116 612-513-4301 hblair@mnbrownfields.org

Capitol Region Watershed District (CRWD) Stewardship Grants	Water Quality	MN	Capitol Region Watershed District (CRWD)	Non-Federal	Stewardship Grants help businesses or homeowners build projects on their property that prevent stormwater pollution. Public and private landowners are eligible for technical and financial assistance to install water quality improvement best management practices (BMPs). Specifically, the program funds BMPs that reduce stormwater runoff, prevent erosion and filter pollutants. Typical BMP projects include but are not limited to: 1) rain gardens, 2) shoreline restoration, 3) water reuse systems, 4) permeable hardscapes (pavers, asphalt etc.). Stewardship Grant awards are allocated based on the water quality benefits provided by each Stormwater Best Management Practice (BMPs). Projects that capture runoff from streets (curb cut rain gardens), parking lots, or other larger impervious surfaces receive higher awards due to their higher water quality benefits.	Property owners within Capitol Region Watershed District (CRWD) are eligible for grants.	Total available grant amount is unknown. High impact projects may receive up to 95% grant in addition to free design services for residents, public or non-profit agencies. Match requirement of 25% for businesses and for-profit organizations.	Applications accepted all year.	<a href="http://www.capitolregionwd.org/our-work/grants/stewardship-grants/">http://www.capitolregionwd.org/our-work/grants/stewardship-grants/</a>	For questions or to submit an application, please contact Joe Lochner at Ramsey County Soil & Water Conservation Division at 651-266-7273 or joseph.lochner@co.ramsey.mn.us
Conservation Initiative Funding Program	Water Quality	MN	Dakota County Soil & Water Conservation District	Non-Federal	The Dakota SWCD offers funding and/or technical assistance for projects that demonstrate innovative stormwater management, low impact development and/or conservation design principles.	Dakota County land owners, developers, and local units of government	\$25,000 maximum cost share to reimburse applicant for up to 85% actual project cost	Applications accepted all year.	<a href="https://dakotaswcd.org/services/incentives/#~:text=Citizen%20Conservation%20Stewardship%20Program%20(CCS)&amp;text=Up%20to%20%24%2C000%20of%20cost,preserve%20or%20restore%20natural%20resources.">https://dakotaswcd.org/services/incentives/#~:text=Citizen%20Conservation%20Stewardship%20Program%20(CCS)&amp;text=Up%20to%20%24%2C000%20of%20cost,preserve%20or%20restore%20natural%20resources.</a>	Contact Dakota County SWCD (651) 480-7777
Clean Water Partnership Loan Program	Water Quality	MN	MPCA	Non-Federal	The MPCA is accepting applications for water resource projects to be funded through the CWP Loan Program (approximately \$11 mill available). Application will be accepted from local governmental units (LGUs) interested in leading a project for protection or improvement of groundwater or surface water bodies from nonpoint sources. Applicants awarded loan funds may begin project work after the loan agreement is executed and project workplan is approved. No reimbursable costs may be incurred prior to execution of the loan agreement.	Only LGUs that meet the following criteria are eligible to apply for loans. • LGU has the ability to pledge its full faith and credit to ensure repayment of a project implementation loan • LGU has the authority to generate cash revenues for the repayment of a loan • LGU has the authority to enter into a loan agreement with the MPCA LGUs that meet these requirements include counties, cities, townships, tribes, watershed districts, and watershed management organizations. Joint powers organizations composed of previously mentioned entities are also eligible, but must submit a resolution from at least one LGU that meets the eligible criteria stating that they will participate in the project as a loan sponsor. Local soil and water conservation districts and other LGUs that are not eligible to serve as a loan sponsor may partner as a project sponsor with another government entity, such as a county or watershed district, which will serve as the loan sponsor.	About \$15 million in loans will be available. The maximum loan award is \$2 million.  No matching funds are required.	Anticipate applications to be accepted again beginning in July 2022	<a href="https://www.pca.state.mn.us/water/financial-assistance-nonpoint-source-water-pollution-projects-clean-water-partnership-and">https://www.pca.state.mn.us/water/financial-assistance-nonpoint-source-water-pollution-projects-clean-water-partnership-and</a>	Cindy Penny: cynthia.penny@state.mn.us or 651-757-2099
Environmental Quality Incentives Program	Water Quality	All States	USDA NRCS	Federal	The Environmental Quality Incentives Program (EQIP) is a voluntary conservation program that helps agricultural producers in a manner that promotes agricultural production and environmental quality as compatible goals. Through EQIP, agricultural producers receive financial and technical assistance to implement structural and management conservation practices that optimize environmental benefits on working agricultural land.	Agricultural producers and owners of non-industrial private forestland and Tribes are eligible to apply for EQIP. Eligible land includes cropland, rangeland, pastureland, non-industrial private forestland and other farm or ranch lands.	Submitted applications may be considered or evaluated in multiple funding pool opportunities.	EQIP applications are accepted on a continuous basis, however, NRCS establishes application "cut-off" or submission deadline dates for evaluation	<a href="https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/eqip/">https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/eqip/</a>	Brenda Tonn, Program Specialist Phone: 651-602-7883 Email: brenda.tonn@mn.usda.gov
Special Opportunity Grant Program	Water Quality	All States	Freshwater Future	Non-Federal	The Special Opportunity Grants Program (Emergency Grants) is for the aquatic habitat protection efforts that may not coincide with the application timeline or grant period for the Projects Grants Program. Freshwater Future realizes that many grassroots projects can be completed for under \$500 USD, therefore we maintain a reserve to support urgent projects or those that present a special, time-limited opportunity. Although the eligibility, overarching goal, priority program areas, and evaluation criteria are the same as the regular grants programs, Special Opportunity Grant (SOG) requests are processed differently to ensure quick turnaround.	Must be a registered non-profit organization or charity or have a sponsoring non-profit organization or charity.	Typically \$500 or less. Maximum of \$750	Applications accepted all year as long as funding is available	<a href="http://freshwaterfuture.org/grants/special-opportunity-grant-program/">http://freshwaterfuture.org/grants/special-opportunity-grant-program/</a>	Melanie Napoleon Welch melanie@freshwaterfuture.org
Water & Waste Disposal Loan and Grant Program	Water/Wastewater	All States	USDA	Federal	This program provides funding for clean and reliable drinking water systems, sanitary sewage disposal, sanitary solid waste disposal, and storm water drainage to households and businesses in eligible rural areas. The project funds may be used to finance the acquisition, construction, or improvement of drinking water sourcing, treatment, storage and distribution, sewer collection, transmission, treatment, and disposal, solid waste collection, disposal and closure, stormwater collection, transmission, and disposal.	This program assists qualified applicants who are not otherwise able to obtain commercial credit on reasonable terms. Eligible applicants include: -Most state and local governmental entities -Private nonprofits -Federally-recognized tribes	Long-term, low-interest loans  If funds are available, a grant may be combined with a loan if necessary to keep user costs reasonable.	Applications accepted all year.	<a href="https://www.rd.usda.gov/programs-services/water-waste-disposal-loan-grant-program">https://www.rd.usda.gov/programs-services/water-waste-disposal-loan-grant-program</a>	Contact Local RD State Offices: <a href="https://www.rd.usda.gov/contact-us/state-offices">https://www.rd.usda.gov/contact-us/state-offices</a>
RPBCWD Grants	Water Quality	MN	Riley-Purgatory-Bluff Creek Watershed District	Non-Federal	Grants are available for projects that: improve watershed resources, foster water resources stewardship, increase awareness of the vulnerability of watershed resources, increase familiarity with and acceptance of solutions to improve waters. Project examples: raingardens, pervious asphalt and pavers, shoreland and streambank restoration, volume reduction and runoff treatment practices, wetland restoration.  Grant Programs: -Watershed Stewardship Grants -Action Grants -Educator Grants	Residential property owners, non-profit organizations, commercial property owners, and governments are eligible. Must be located in the Riley-Purgatory-Bluff Creek Watershed District.	Maximum Stewardship Grant Awards: Residential: \$5,000 (up to 75% of project cost) Non-profits: \$20,000 (up to 75% of project cost) Commercial and government: \$50,000 (up to 50% of project cost)  Action Grant: Up to \$250 Educator Grant: \$50 to \$250	Applications accepted all year.	<a href="http://www.rpbcwd.org/grants">http://www.rpbcwd.org/grants</a>	Maya Swope 952-687-1348 mswope@rpbcwd.org
Great Lakes Protection Fund- A Call for People, Ideas, and Projects	Natural Resources/ Habitat Protection	Great Lakes Basin States	Great Lakes Protection Fund	Non-Federal	The Great Lakes Protection Fund seeks to support a suite of action-oriented projects to design, deploy, and evaluate new prototype solutions to important challenges facing our ecosystem: -Increasingly large rain events, -Under-investment in water infrastructure -Nutrient pollution and harmful algae blooms, -Threats posed by potential and existing invasive species, and -Adapting to the demographic and economic changes in our region These challenges are at the root of impairments to water quality, altered flow regimes and detrimental shifts in the ecology of the basin. The Fund believes that advances in real-time management of water, in integrating natural and built water management systems, in designing pay-for-performance financing, and in machine learning and autonomous control can be combined to create new solutions to these big challenges.	The Great Lakes Protection Fund can support a wide variety of applicants. Non-profit organizations (including environmental organizations, trade associations, and universities), governmental agencies, individuals, and for-profit businesses are eligible for Fund support. Successful applicants must maintain open access to certain project data, records and information. All applicants must show that the proposed work has clear public benefit and that any related financial benefits will accrue to the public good within the Great Lakes Basin. Government agencies must show that Fund support is not being used to replace or duplicate funds. The Fund will not support advocacy campaigns, litigation or compliance obligations.	Budget requests should reflect the full amount of funds necessary to complete the proposed work. Past awards have ranged from \$20,000 to \$1.5 million. Matching funds are not necessary. The fund will support overhead costs at a maximum of 15% of project costs.	Applications accepted all year.	<a href="http://glpf.org/get-funding/projects-wanted/">http://glpf.org/get-funding/projects-wanted/</a>	Simon Belisle Project Development Manager 847-425-8193 startaconversation@glpf.org

Citizen Conservation Stewards	Water Quality	MN	Dakota County Soil & Water Conservation District	Non-Federal	Program supports smaller conservation practices on individual properties by providing technical and cost share assistance.	Dakota County property owners	Up to \$5,000 available to fund each project, up to 85% of total cost.	Applications accepted all year.	<a href="https://dakotaswcd.org/services/incentives/">https://dakotaswcd.org/services/incentives/</a>	Contact Dakota County SWCD (651) 480-7777
Capitol Region Watershed District (CRWD) Water Quality Planning Grants	Water Quality	MN	Capitol Region Watershed District (CRWD)	Non-Federal	Capitol Region Watershed District (CRWD) Water Quality Capital Improvement Grants provide financial assistance for feasibility and design of projects that protect and improve the water quality of waterbodies within CRWD. Typical projects funded through this program include feasibility studies and engineering services to identify, prioritize, and design capital improvement projects that include benefits to natural resources. The goals of this grant are to: -Identify innovate, cost-effective solutions for protecting and improving water quality of CRWD lakes, streams, and wetlands and the Mississippi River -Develop designs including preliminary and final plans, for water quality improvement projects -Improve our understanding of best practices to protect and improve local water resources -Build capacity for partners to accelerate on-the-ground projects that protect and improve water quality	Government agencies, public and private schools, non-profit, faith-based or religious organizations, businesses or other private property owners who are located within CRWD	The professional design is anticipated to exceed \$40,000. Projects must include identification of public educational opportunities. Projects required to meet regulations are not eligible.  Typical annual funding available: \$100,000 Average grant award: \$20,000	Applications accepted all year.	<a href="http://www.capitolregionwd.org/our-work/grants/special-grants/">http://www.capitolregionwd.org/our-work/grants/special-grants/</a>	Nate Zwonitzer nzwonitzer@capitolregionwd.org (651) 644-8888 ext. 109
Capitol Region Watershed District (CRWD) Water Quality Capital Improvement Grants	Water Quality	MN	Capitol Region Watershed District (CRWD)	Non-Federal	Capitol Region Watershed District (CRWD) Water Quality Capital Improvement Grants provide financial assistance for final engineering and construction of cost-effective and/or innovative projects that protect and improve the water quality of waterbodies within CRWD. Successful applicants have a minimum of a completed water quality feasibility study and are typically planning on construction within a year of applying. Applicant matching funds are not required but are encouraged. The goals of this grant are to: -Support on-the-ground projects that improve water quality by decreasing stormwater runoff and pollutants and/or preserve, protect, and/or restore plant and wildlife communities adjacent to lakes, rivers, and wetlands -Establish links between people and water resources through education -Provide demonstration of innovative and effective management practices -Foster stewardship of CRWD water resources from residents, businesses, schools, community groups and others who live, work or serve within CRWD	Government agencies, public and private schools, non-profit, faith-based or religious organizations, businesses or other private property owners who are located within CRWD	Award range from \$500 - \$200,000 Residential, non-profit, and public match requirement of 5% Businesses or other for-profit match requirement of 25% Target area match requirements differ (Saint Anthony Hill, Trout Brook, Phalen Creek)	All year	<a href="https://www.capitolregionwd.org/grants/water-quality-capital-improvement-project/">https://www.capitolregionwd.org/grants/water-quality-capital-improvement-project/</a>	Carol Lundgren Stormwater BMP Specialist clundgren@capitolregionwd.org
Forest Stewardship Program	Natural Resources/ Habitat Protection	MN	MN DNR	Non-Federal	Cost share program to provide technical advice and long range planning to interested land owners. Forest stewardship plans are the outcome of the program- plans are designed to meet landowner goals while maintaining the sustainability of the land.	Financial assistance to woodland owners for completing projects to practice good forest stewardship on their land. A typical project is between 3 and 20 acres but could be smaller or larger depending on land goals.	Fund availability dependent on time of application. Contact for more info.
