

Bassett Creek Watershed Management Commission

Watershed Plan Steering Committee Meeting

Wednesday, November 5, 2025

8:30 a.m. – 10:30 a.m.

Wirth Lake Room, Brookview

AGENDA

1. CALL TO ORDER

2. **REVIEW OCTOBER MEETING NOTES** – included with meeting materials

3. **REVIEW DRAFT RESPONSES TO COMMENTS** – included with meeting materials

At the PSC meetings on October 8th and 15th, the committee reviewed comments on the draft plan and made recommendations for revisions to many goals statements. Final goals revisions are included with meeting materials and will accompany the responses submitted to each commenter.

At this meeting, the committee should review and finalize all responses to comments and consider a recommendation to the full Commission to approve responses and set a public hearing for December 18th.

The spreadsheet (both Excel and PDF versions) with draft responses is included with meeting materials. It includes a column indicating whether a revision to the plan is needed. The priority level for PSC discussion is in color coding noted below. Many of the orange (high priority) comments/responses are related to the measurability of goals. Comments that should be discussed that are not related to goals include numbers 14, 17, 24, 99, 102, 106, and 121.

Orange = High priority for PSC discussion

Yellow = Medium priority for PSC discussion

Green = Low priority for PSC discussion

4. **REVIEW PLAN PROGRESS TRACKER** – included with meeting materials

The schedule for the final steps in the planning process depends on this meeting's discussion and direction from the PSC. A tentative schedule is shown on page 6 of the plan progress tracker. The PSC should review and discuss the remaining schedule and touchpoints with committees and commissioners.
